

that critical circumstances do not exist for Funai Malaysia, and Funai Malaysia is the only respondent in this investigation, we are concluding that critical circumstances do not exist for companies covered by the "All Others" rate.

In summary, we find that there is a reasonable basis to believe or suspect importers had knowledge of dumping and the likelihood of material injury with respect to CTVs from the PRC. We, however, do not find that there have been massive imports of CTVs over a relatively short period from Funai Malaysia due to seasonality. Given the analysis summarized above, and described in more detail in the Critical Circumstances Memo, we preliminarily determine that critical circumstances do not exist for imports of CTVs produced in and exported from Malaysia.

Verification

As provided in section 782(i) of the Act, we will verify all information relied upon in making our final determination.

Suspension of Liquidation

Exporter/man- ufacturer	Weighted- average margin per- centage	Critical cir- cumstances
Funai Electric (Malaysia) Sdn. Bhd.	0.03	No.

Because the estimated weighted-average dumping margin for the examined company is *de minimis*, we are not directing Customs and Border Protection to suspend liquidation of entries of certain color television receivers from Malaysia.
