

DEPARTMENT OF TRANSPORTATION**Coast Guard****33 CFR Part 117**

[CGD01-02-141]

**Drawbridge Operation Regulations:
Cape Cod Canal, MA****AGENCY:** Coast Guard, DOT.**ACTION:** Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations that govern the Conrail Railroad Bridge across Cape Cod Canal, mile 0.7, at Bourne, Massachusetts. This temporary deviation will allow the bridge to remain closed at 60 feet above mean high water from 8 a.m. through 5 p.m., on December 10, 11, 18, and 19, 2002. This temporary deviation is necessary to facilitate vital unscheduled mechanical repairs at the bridge.

DATES: This deviation is effective from December 10, 2002 through December 19, 2002.

ADDRESSES: Materials referred to in this document are available for inspection or copying at the First Coast Guard District, Bridge Branch Office, 408 Atlantic Avenue, Boston, Massachusetts, 02110, between 7 a.m. and 3:00 p.m., Monday through Friday, except Federal holidays. The telephone number is (617) 223-8364. The First Coast Guard District Bridge Branch maintains the public docket for this temporary deviation.

FOR FURTHER INFORMATION CONTACT: Mr. John McDonald, Project Officer, First Coast Guard District Bridge Branch, (617) 223-8364.

SUPPLEMENTARY INFORMATION: The vertical clearance under the Conrail Railroad Bridge in the open position is 135 feet at mean high water and 139 feet at mean low water. The draw is normally in the fully open position except for the passage of rail traffic. The existing regulations are listed at 33 CFR § 117.589.

The owner of the bridge, the Army Corps of Engineers (ACOE), requested a temporary deviation from the Drawbridge Operation Regulations to facilitate vital unscheduled maintenance, the replacement of the counterweight guide shoes, at the bridge. This work must be performed without delay to ensure continued safe reliable operation of the bridge.

The bridge owner advised the mariners who normally use this waterway about the necessary

emergency repairs at the bridge and the temporary closures that will be required in order to facilitate the necessary repairs. No objections were received.

Under this temporary deviation the Conrail Railroad Bridge, mile 0.7, across the Cape Cod Canal, may remain closed at 60 feet above mean high water from 8 a.m. through 5 p.m. on December 10, 11, 18, and 19, 2002.

Thirty days notice to the Coast Guard for approval of this bridge maintenance was not given by the bridge owner and was not required because this work involves vital, unscheduled maintenance that must be performed without undue delay.

This deviation from the operating regulations is authorized under 33 CFR § 117.35, and will be performed with all due speed in order to return the bridge to normal operation as soon as possible.

Dated: December 3, 2002.

V.S. Crea,

Rear Admiral, U.S. Coast Guard, Commander, First Coast Guard District.

BILLING CODE 4910-15-P

**ENVIRONMENTAL PROTECTION
AGENCY****40 CFR Part 62**

[Region II Docket No. VI3-1, FRL-7420-4]

**Approval and Promulgation of State
Plans for Designated Facilities; Virgin
Islands**

AGENCY: Environmental Protection Agency.

ACTION: Direct final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a negative declaration submitted by the Government of the United States (US) Virgin Islands. The negative declaration satisfies EPA's promulgated Emission Guidelines (EG) for existing small municipal waste combustion (MWC) units. In accordance with the EG, states are not required to submit a plan to implement and enforce the EG if there are no existing small MWC units in the state and if it submits a negative declaration letter in place of the State Plan.

DATES: This direct final rule is effective on February 10, 2003, without further notice, unless EPA receives adverse comment by January 10, 2003.

If an adverse comment is received, EPA will publish a timely withdrawal in the **Federal Register** informing the public that this rule will not take effect.

ADDRESSES: All comments should be addressed to: Raymond Werner, Chief, Air Programs Branch, Environmental Protection Agency, Region II Office, 290 Broadway, New York, New York 10007-1866.

A copy of the Virgin Islands submittal is available for inspection at the Region 2 Office in New York City. Those interested in inspecting the submittal must arrange an appointment in advance by calling (212) 637-4249. Alternatively, appointments may be arranged via e-mail by sending a message to Demian P. Ellis at ellis.demian@epa.gov. The office address is 290 Broadway, Air Programs Branch, 25th Floor, New York, New York 10007-1866.

A copy of the Virgin Islands submittal is also available for inspection at the following locations:

Virgin Islands Department of Planning and Natural Resources, Division of Environmental Protection, Cyril E. King Airport, Terminal Building, 2nd Floor, St. Thomas, USVI, 00802.

FOR FURTHER INFORMATION CONTACT:

Demian P. Ellis, Air Programs Branch, Environmental Protection Agency, 290 Broadway, 25th Floor, New York, New York 10007-1866, Telephone, (212) 637-4249.

SUPPLEMENTARY INFORMATION: The following table of contents describes the format for the **SUPPLEMENTARY INFORMATION** section:

Table of Contents

- A. What action is EPA taking today?
- B. Why is EPA approving the Virgin Islands' negative declaration?
- C. What if an existing small MWC unit is discovered after today's action becomes effective?

- E. What are EPA requirements for small MWC units?
- F. Who must comply with the requirements?
- G. What are EPA's conclusions?
- H. Administrative requirements

A. What Action Is EPA Taking Today?

The Environmental Protection Agency (EPA) is approving a negative declaration submitted by the Government of the United States Virgin Islands (Virgin Islands) dated July 17, 2002. This negative declaration finds that there are no existing small municipal waste combustors throughout the Territory of the Virgin Islands. The negative declaration satisfies the federal Emission Guidelines (EG) requirements of EPA's promulgated regulation entitled "Emission Guidelines for Existing Small Municipal Waste Combustion Units" (65 FR 76378, December 6, 2000). The negative declaration officially certifies to EPA
