Stainless Steel Bar From India: Extension of Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration,
International Trade Administration,
Department of Commerce.

DATES: *Effective Date:* October 29, 2009.

FOR FURTHER INFORMATION CONTACT: Seth Isenberg, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department

of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-0588.

SUPPLEMENTARY INFORMATION:

Background

On March 24, 2009, the Department of Commerce ("Department") published a notice of initiation of an administrative review of the antidumping duty order on stainless steel bar from India covering the period February 1, 2008, through January 31, 2009. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 74 FR 12310 (March 24, 2009). The preliminary results for this administrative review are currently due no later than October 31, 2009.

Extension of Time Limits for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an antidumping duty order for which a review is requested and issue the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Due to the complexity of the issues in this case, including issues regarding company affiliations, and the lengthy supplemental questionnaire responses pending, it is not practicable to complete the preliminary results of this review within the original time limit (*i.e.*, October 31, 2009). Therefore, the Department is extending the time limit for completion of the preliminary results to no later than March 1, 2010,¹ in accordance with section 751(a)(3)(A) of the Act.

We are issuing and publishing this notice in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

¹ 120 days from October 31, 2009, is February 28, 2010, which is a Sunday. However, Department practice dictates that where a deadline falls on a weekend, the appropriate deadline is the next business day. *See Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Act*, 70 FR 24533 (May 10, 2005).

Dated: October 23, 2009.

John M. Andersen,

*Acting Deputy Assistant Secretary for
Antidumping and Countervailing Duty
Operations.*

Barium Chloride From the People's Republic of China: Final Results of Expedited Third Sunset Review of Antidumping Duty Order

AGENCY: Import Administration,
International Trade Administration,
Department of Commerce

EFFECTIVE DATE: October 29, 2009.

SUMMARY: On July 1, 2009, the Department of Commerce (the "Department") initiated a sunset review of the antidumping duty order on barium chloride from the People's Republic of China ("PRC"). On the basis of a notice of intent to participate and an adequate substantive response from domestic interested parties, as well as a lack of response from respondent interested parties, the Department conducted an expedited (120-day) sunset review. As a result of the sunset review, the Department finds that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping. The dumping margins are identified in the Final Results of Review section of this notice.

FOR FURTHER INFORMATION CONTACT:

Melissa Blackledge or Howard Smith, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; Telephone: (202) 482-3518 or (202) 482-5193, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 1, 2009, the Department published the notice of initiation of the third sunset review of the antidumping duty order on barium chloride from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). *See Initiation of Five-year ("Sunset") Review*, 74 FR 31412 (July 1, 2009). On July 6, 2009, the Department received a notice of intent to participate from Chemical Products Corporation ("CPC"), a domestic interested party, within the deadline specified in section

351.218(d)(1)(i) of the Department's regulations. CPC claimed interested party status under section 771(9)(C) of the Act as a domestic producer of barium chloride in the United States. On July 31, 2009, the Department received a substantive response from CPC within the deadline specified in section 351.218(d)(3)(i) of the Department's regulations. The Department did not receive a response from any respondent interested party to this proceeding. As a result, pursuant to section 751(c)(3)(B) of the Act and section 351.218(e)(1)(ii)(C)(2) of the Department's regulations, the Department determined to conduct an expedited review of the order.

Scope of the Order

The merchandise covered by the order is barium chloride, a chemical compound having the formulas BaCl₂ or BaCl₂·2H₂O, currently classifiable under item number 2827.39.45.00 of the Harmonized Tariff Schedule of the United States ("HTSUS").¹ Although the HTSUS item number is provided for convenience and for U.S. Customs and Border Protection purposes, the written description remains dispositive.

Analysis of Comments Received

All issues raised in this review are addressed in the "Issues and Decision Memorandum" ("Decision Memorandum") from John M. Andersen, Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Ronald K. Lorentzen, Acting Assistant Secretary for Import Administration, which is dated concurrently with this notice, and hereby adopted by this notice. The issues discussed in the Decision Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the order were revoked. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file in the Central Records Unit in room 1117 of the main Commerce building.

In addition, a complete version of the Decision Memorandum can be accessed directly on the web at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Final Results of Review

Pursuant to section 752(c) of the Act, we determine that revocation of the

antidumping duty order on barium chloride from the PRC would be likely to lead to continuation or recurrence of dumping at the following weighted-average percentage margin:

Exporter/Manufacturer	Margin (percent)
PRC-Wide	155.50

This notice also serves as the only reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with section 351.305 of the Department's regulations. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act.

Dated: October 22, 2009.

Ronald K. Lorentzen,

Acting Assistant Secretary for Import Administration.
