SUPPLEMENTARY INFORMATION:

Title: Marking, Labeling, and Packaging.

OMB Number: 0583–0092.

Expiration Date of Approval: 03/31/2015.

Type of Request: Renewal of a currently approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). FSIS protects the public by verifying that meat, poultry, and egg products are safe, wholesome,

not adulterated, and correctly labeled and packaged.

FSIS is requesting a renewal of an approved information collection addressing paperwork requirements specified in the regulations related to marking, labeling, and packaging of meat, poultry, and egg products and to establishments that produce mechanically separated poultry.

To control the manufacture of marking devices bearing official marks, FSIS requires official meat and poultry establishments and the manufacturers of such devices to submit an Authorization Certificate to the Agency (FSIS Form 5200-7). Such certification is necessary to help prevent the manufacture and use of counterfeit marks of inspection (9 CFR 312.1, 317.3, 381.96 & 381.131).

Meat and poultry establishments and egg products plants must develop labels in accordance with FSIS regulations (9 CFR 317.1, 381.115, & 590.410). To receive approval for such labels, establishments must complete a form ("Application for Approval of Labels, Marking or Device," FSIS Form 7234-1). Respondents also must submit duplicate copies of the labels when submitting the applications by paper. Establishments may also submit labels through the Label Submission and Approval System or LSAS. LSAS is an Internet-based application that allows respondents to gain label approval through a secure Web site. The establishment must maintain a copy of all the labeling used, along with product formulation and processing procedures (9 CFR 320.1(b)(11) and 381.175(b)(6)). Additionally, establishments requesting reconsideration of a label application that the Agency has modified or rejected must use the "Request for Label Reconsideration," FSIS Form 8822-4.

Labels that FSIS approved but change for such reasons as, holiday season designs, addition or deletion of coupons, UPC production codes, or recipe suggestions; newly assigned or revised establishment numbers; changes in the arrangement or language of directions for opening containers or serving the product; or the substitution of abbreviations for words or vice versa, do not need additional FSIS approval (9 CFR 317.5). Establishments must keep a copy of the labeling used, along with the product formulation and processing procedures on file.

FSIS has made the following estimates based upon an information collection assessment:

Estimate of Burden: FSIS estimates that it will take respondents an average of 4 minutes per response related to marking; 75 minutes per response related to labeling applications and

recordkeeping; 120 minutes per response related to labeling reconsideration requests; 15 minutes per response related to generically approved labeling recordkeeping; 2 minutes per response related to packaging materials recordkeeping; and 5 minutes per response related to mechanically separated poultry recordkeeping.

Respondents: Official meat and poultry establishments, official egg plants, and foreign establishments.

Estimated No. of Respondents: 5,736 related to marking; 3,682 related to labeling applications and recordkeeping; 74 related to labeling reconsideration requests; 6,333 related to generically approved labeling recordkeeping; 5,735 related to packaging materials recordkeeping; and 82 related to mechanically separated poultry recordkeeping.

Estimated No. of Annual Responses per Respondent: 1 related to marking; 20 related to labeling applications and recordkeeping; 2 related to labeling reconsideration requests; 20 related to generically approved labeling recordkeeping; 2 related to packaging materials recordkeeping; and 455 related to mechanically separated poultry recordkeeping.

Estimated Total Annual Burden on Respondents: 128,267 hours.

Copies of this information collection assessment can be obtained from Gina Kouba, Paperwork Reduction Act Coordinator, Food Safety and Inspection Service, USDA, 1400 Independence SW., Room 6077, South Building, Washington, DC 20250, (202) 690-6510.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20253.

Responses to this notice will be summarized and included in the request

for OMB approval. All comments will also become a matter of public record.

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Notice of renewal of committee.

SUMMARY: In accordance with the Federal Advisory Committee Act, this notice is announcing the renewal of the charter of the National Advisory Committee on Microbiological Criteria for Foods (NACMCF). The Committee is being renewed in cooperation with the Department of Health and Human Services (DHHS). The establishment of the Committee was recommended by a 1985 report of the National Academy of Sciences Committee on Food Protection, Subcommittee on Microbiological Criteria, "An Evaluation of the Role of Microbiological Criteria for Foods." The current charter for the NACMCF is available for viewing on the NACMCF homepage at http://www.fsis.usda.gov/wps/portal/searchhelp/sitemap!ut/p/a1/rZLLbslwEEW_hUWWlsfNg2RJI5FC1UQU2pjskPEjNUqckFhV1a-vU4G6ohQp3oxHvj66M7q4wFtcaPqhSmpUo2k19EWwgxUEJlphmUVkDov0dZU9xjEkT3dWkA-CC2cG1_6_4QIXTJvWvONc9qpHrNFGaOOAsrXTwt5qqrQDpmkV6x3g1FCrqirBBpeIao460TadsY-asprJcx3gLS0FF70q9U_HFMd5ILlwCeelug5AXhgJtOcBRb4MPElCT7pwsvaH-9A7Cy5Pn9v1TH8JyTMQWMzXG5L492RmCesbTV0BBmMD_bGB05GB2e07XP4j1OpwPBYzG80hjZ8Gb8fPZlu_1OFBtg9fG1nXuzRFdB-C61fIZPIN_bauIQ!!/?1dmy¤t=true&uril=wcm%3apath%3a%2Ffsis-content%2Finternet%2Fmain%2Ftopics%2Fdata-collection-and-reports%2Fnacmcf%2Fcommittee-charter%2Fcharter.

SUPPLEMENTARY INFORMATION:

Background

USDA is charged with the administration and the enforcement of the Federal Meat Inspection Act (FMIA), the Poultry Products Inspection Act (PPIA), and the Egg Products Inspection Act (EPIA). The Secretary of DHHS is charged with the administration and enforcement of the Federal Food, Drug, and Cosmetic Act (FFDCA). These Acts help protect consumers by ensuring that food products are wholesome, not adulterated, and properly marked, labeled, and packaged.

In order to assist the Secretaries in carrying out their responsibilities under the FMIA, PPIA, EPIA, and FFDCA, the NACMCF is being renewed. The Committee will continue to be charged with providing recommendations to the Secretaries on the development of microbiological criteria by which the safety and wholesomeness of food can be assessed, including criteria for microorganisms that indicate whether foods have been adequately and appropriately processed.

Renewal of this Committee and its charter is necessary and in the public interest because of the need for external expert advice on the range of scientific and technical issues that must be addressed by the FSIS and DHHS in meeting their statutory responsibilities. To address the complexity of the issues, the Committee is expected to meet one or more times annually.

Members will be appointed by the Secretary of USDA after consultation with the Secretary of the DHHS. Because of the complexity of matters addressed by this Committee, the Secretary may consult with other Federal Agencies, such as the Department of Commerce's National Marine Fisheries Service, the Department of Defense's Veterinary Service Activity, and the DHHS' Centers for Disease Control and Prevention, for advice on membership appointments. Background materials are available on the Internet at the address noted above or by contacting the person listed above.
