Contents

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-10635 Montana Health and Economic Livelihood Partnership (HELP) Federal Evaluation

Under the PRA (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request*: New collection (Request for a new OMB control number); *Title of Information Collection*: Montana Health and Economic Livelihood Partnership (HELP) Federal Evaluation; *Use*: CMS approved the Montana Health and Economic Livelihood Partnership (HELP) demonstration in November 2015. The demonstration provides flexibility for the expanded Medicaid

population under the Affordable Care Act for individuals in the state of Montana (hereinafter, “State” or “Montana”).

Montana expects to achieve the following: (1) Premiums and copayment liability that will encourage HELP Program enrollees to be discerning health care purchasers, take personal responsibility for their health care decisions and develop health-conscious behaviors as consumers of health care services; (2) 12 month continuous eligibility to improve continuity of care. The State also seeks to demonstrate the following over the life of the demonstration: (1) Premiums will not pose a barrier to accessing care for HELP Program beneficiaries; (2) HELP Program enrollees will exhibit health-conscious health care behaviors without harming beneficiary health; and (3) 12 month continuous eligibility will promote continuity of coverage and reduce churning rates.

The demonstration includes the authority to charge premiums of 2 percent of household income to individuals in the new adult group with incomes between 50 and 133 percent of the FPL. The state will credit such individuals' premium obligation towards copayments due. Non-payment of premiums may result in disenrollment for individuals with incomes above 100 percent of the FPL after notice and a grace period. Individuals at or below 100 percent who stop paying premiums will not be disenrolled.

To adequately inform CMS decision-making regarding Section 1115 Demonstrations, this federal evaluation of Montana's HELP demonstration includes surveys and associated focus groups, and informational interviews conducted during site visits and via phone.

Form Number: CMS-10635 (OMB control number: 0938—New); *Frequency*: Once and on occasion; *Affected Public*: Individuals and Households, Business or other for-profits and Not-for-profits institutions, and State, Local, or Tribal Governments; *Number of Respondents*: 1,458; *Total Annual Responses*: 1,458; *Total Annual Hours*: 497.
