SUPPLEMENTARY INFORMATION: This is a Council-hosted eVTR training workshop open to the public and targeted towards commercial operators. Beginning on November 10, 2021, all commercial vessels with federal permits for species managed by the Mid-Atlantic or New

England Council will be required to submit vessel trip reports (VTRs) electronically as eVTRs within 48 hours of the end of a trip (unless required sooner as with some sector allocations). This action does not change any other existing requirements associated with VTRs. These changes were recommended by the MAFMC and NEFMC in order to increase the timeliness and availability of data submitted through VTRs, reduce the reporting burden on commercial vessel operators, and increase the accuracy and quality of data. The training workshop will review step by step instructions for filling out an eVTR using an approved software application.
