

digit of the year of export, followed by the two character alpha code specified by the International Organization for Standardization (ISO) (The code for Korea is KR), and a six digit numerical serial number identifying the shipment; e.g., 3KR123456.

b. The date of issuance: The date of issuance shall be the day, month and year on which the visa was issued.

c. The correct category(s), merged category(s), part category(s), quantity(s), and unit(s) of quantity of the shipment in the unit(s) of quantity provided for in the U.S. Department of Commerce Correlation and in the Harmonized Tariff Schedule of the United States, Annotated or successor documents. Quantities must be quoted in whole numbers. Decimals or fractions will not be accepted.

d. The manufacturer ID code.

B. Entry of a shipment shall not be permitted:

a. if an ELVIS transmission has not been received for the shipment from the Republic of Korea;

b. if the ELVIS transmission for that shipment is missing any of the following information:

- i. visa number
- ii. category, part category, or merged category
- iii. quantity
- iv. unit of measure
- v. date of issuance
- vi. manufacturer ID number

c. if the ELVIS transmission for the shipment does not match the information supplied by the importer, or the Customs broker acting as an agent on behalf of the importer, with regard to any of the following:

- ii. category, part category, or merged category

D. Visa waivers will only be accepted if the shipment qualifies for a one-time special purpose shipment that is not part of an ongoing commercial enterprise. A visa waiver may be issued by the Department of Commerce at the request of the Korea Embassy in Washington, DC. A visa waiver only waives the requirements to present an ELVIS transmission at entry, and does not waive any quota requirements.

E. In the event of a systems failure, shipments will not be released for twenty-four hours or 1 calendar day. If system failure exceeds twenty-four hours or 1 calendar day, for the remaining period of the system failure, the Bureau of Customs and Border Protection will release shipments on the basis of the visa data provided by the Republic of Korea. The Republic of Korea will retransmit all data that was affected by the systems failure when the system is functioning normally.

F. If a shipment from the Republic of Korea is allowed entry into the commerce of the United States with an incorrect ELVIS transmission, or no ELVIS transmission, and redelivery is requested but cannot be made, the shipment will be charged to the applicable category quota.

Other Provisions

A. The date of export is the actual date the merchandise finally leaves the country of exportation. For merchandise exported by vessel, this is the day on which the carrier departs the last port in the country of origin.

B. Merchandise imported for the personal use of the importer and not for resale, regardless of value, and properly marked commercial sample shipments valued at U.S. \$800 or less do not require an ELVIS transmission or an exempt certification for entry and shall not be charged to the agreement levels.

C. For exempt products shipments, the paper exempt certification remains unchanged and an ELVIS transmission is not required.

Goods integrated into GATT 1994 in Stages II and III by the United States will not require an ELVIS transmission (see Federal Register notices 63 FR 53881, published on October 7, 1998 and 66 FR 63225, published on December 5, 2001, respectively). An ELVIS transmission will continue to be required for non-integrated products.

The Committee for the Implementation of Textile Agreements has determined that this action fall with the foreign affairs exception to the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,
D. Michael Hutchinson,
Acting Chairman, Committee for the
Implementation of Textile Agreements.
