Census Bureau

Proposed Information Collection; Comment Request; 2017–2019 Company Organization Survey

AGENCY: U.S. Census Bureau, Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: To ensure consideration, written comments must be submitted on or before June 16, 2017.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at PRAComments@doc.gov).

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Carrie Hill, Economic Statistical Methods Division, U.S. Census Bureau, Room 5H069, Washington, DC 20233–6100 (or by email at Carrie.Anne.Hill@census.gov).

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau conducts the annual Company Organization Survey (COS) to update and maintain a central, multipurpose Business Register (BR)

database. In particular, the COS supplies critical information on the composition, organizational structure, and operating characteristics of multi-location companies.

The BR serves two fundamental purposes:

- First and most important, it provides sampling populations and enumeration lists for the Census Bureau's economic surveys and censuses, and it serves as an integral part of the statistical foundation underlying those programs. Essential for this purpose is the BR's ability to identify all known United States business establishments and their parent companies. Further, the BR must accurately record basic business attributes needed to control sampling and enumeration. These attributes include industrial and geographic classifications, and name and address information.
- Second, it provides establishment data that serve as the basis for the annual County Business Patterns (CBP) statistical series. The CBP publications present data on number of establishments, first quarter payroll, annual payroll, and mid-March employment summarized by industry and employment size class for the United States, the District of Columbia, island areas, counties, and country-equivalents. No other annual or more frequent series of industry statistics provides comparable detail, particularly for small geographic areas.

II. Method of Collection

The 2017–2019 COS collection strategy will focus on electronic reporting as the standard collection option. The Census Bureau will conduct the 2017 COS in conjunction with the 2017 Economic Census and will coordinate these collections to minimize response burden. The consolidated COS/census mail canvass will direct inquiries to the entire universe of multi-location enterprises that comprises roughly 164,000 parent companies and more than 1.6 million establishments. Additional COS inquiries will apply to the 15,000 multi-unit establishments classified in industries that are out-of-scope of the economic census.

The 2018–2019 COS will request company-level information from a selection of multi-establishment enterprises, which comprise roughly 42,000 parent companies and more than 1.4 million establishments. Additionally, the panel will include approximately 5,000 large single-location companies that may have added locations during the year.

Electronic reporting will be available to all 2017–2019 COS respondents. Companies will receive and return responses by secure Internet transmission. The instrument will include inquiries on ownership or control by domestic or foreign parent, ownership of foreign affiliates, leased employment and cooperative organization. Further, the instrument will list an inventory of establishments belonging to the company and its subsidiaries, and request updates to these inventories, including additions, deletions and changes to information on EIN, name and address, industrial classification, end-of-year operating status, mid-March employment, first quarter payroll and annual payroll. Beginning with the 2017 collection, a new question regarding cooperative organization status will be included in the instrument but respondents will no longer receive inquiries pertaining to the Enterprise Statistics Program as the program has been suspended.

Census Bureau

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Monthly Wholesale Trade Survey.

OMB Control Number: 0607–0190.

Form Number(s): SM4217–A, SM4217–E.

Type of Request: Extension of a currently approved collection.

Number of Respondents: 4,200.

Average Hours per Response: 7 minutes.

Burden Hours: 5,880.

Needs and Uses: The Monthly Wholesale Trade Survey (MWTS) canvasses firms primarily engaged in merchant wholesale trade that are located in the United States, excluding manufacturers' sales branches and offices (MSBOs). This survey provides the only continuous measure of monthly wholesale sales, end-of-month inventories, and inventories-to-sales ratios. The sales and inventories estimates produced from the MWTS provide current trends of economic activity by kind of business for the United States. Also, the estimates compiled from this survey provide valuable information for economic policy decisions by the government and are widely used by private businesses, trade organizations, professional associations, and other business research and analysis organizations.

Estimates from the MWTS are released in three different reports each month. High level aggregate estimates for end-of-month inventories are first released as part of the Advance Economic Indicators Report. Second, the full Monthly Wholesale Trade Report containing both sales and
