House of Perfection, Inc.; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 USC 2273) the Department of Labor issued a Certification of Eligibility to Apply for Trade Adjustment Assistance on April 13, 2000, applicable to workers of House of Perfection, Inc., Williston Manufacturing Co., Williston, South Carolina. The notice was published in the **Federal Register** on May 11, 2000 (65 FR 30443).

At the request of the company, the Department reviewed the certification for workers of the subject firm. The determination was amended on May 18, 2000 to include workers of the subject firms' Capitol City Manufacturing Co. located in West Columbia, South Carolina. Information shows that worker separations will occur at Manning Manufacturing Co. and Sumter Manufacturing Co. when they close in August and October 2000, respectively. The workers are engaged in employment related to the production of children's apparel such as shorts, tops, blouses and pants for their parent company, House of Perfection, Incorporated, West Columbia, South Carolina.

Accordingly, the Department is amending the certification to cover the workers of Manning Manufacturing Co., Manning, South Carolina and Sumter Manufacturing Co., Sumter, South Carolina.

The intent of the Department's certification is to include all workers of House of Perfection, Incorporated who were adversely affected by increased imports.

The amended notice applicable to TA-W-37,458 is hereby issued as follows:

"All workers of House of Perfection, Incorporated, Williston Manufacturing Co., Williston, South Carolina (TA-W-37,458), Manning Manufacturing Co., Manning, South Carolina (TA-W-37,458B) and Sumter Manufacturing Co., Sumter, South Carolina (TA-W-37,458C) who became totally or partially separated from employment on or after March 3, 1999 through April 13, 2002 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

Signed at Washington, D.C. this 11th day of August, 2000.

Federal-State Unemployment Compensation Program: Availability of Benefit Accuracy Measurement Program Results

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice of availability of the Unemployment Insurance (UI) Benefit Accuracy Measurement (BAM) program data for calendar year (CY) 1999.

SUMMARY: UI BAM program data for CY 1999 are published as part of the UI PERFORMS Annual Report, which also includes data from the Benefit Timeliness and Quality and Tax Performance System programs. UI PERFORMS is the Department of Labor's management system for promoting continuous improvement in UI performance.

DATES: The CY 1999 UI PERFORMS Annual Report will be available by August 31, 2000.

ADDRESSES: The CY 1999 UI PERFORMS Annual Report, including State narratives, is posted on the Office of Workforce Security Internet site—<http://workforcesecurity.doleta.gov>. Printed versions of the report are available through the National Technical Information Service (NTIS)—<http://www.ntis.gov>. Orders through the NTIS may be placed by telephone (1-800-553-NTIS (6847) or 703-605-6000), fax (703-605-6900), e-mail (orders@ntis.fedworld.gov), or mail (NTIS, 5285 Port Royal Road, Springfield, Virginia 22161). The printed version will not include State narratives.

FOR FURTHER INFORMATION CONTACT:

Andrew Spisak, Office of Workforce Security, Division of Performance Management, 202-219-5223, extension 157. (This is not a toll free number.) E-mail: aspisak@doleta.gov

SUPPLEMENTARY INFORMATION: Each State's Employment Security Agency selects weekly random samples of UI benefit payments. The BAM program staff collects information about these payments by contacting claimants, employers, and third parties to determine whether the correct amounts of UI benefits were paid in accordance with State law, policy, and procedure. The results of the payment audits are recorded in electronic databases in each State and in the Department of Labor's National Office in Washington, DC.

The Department of Labor publishes results from the investigations for the 52

jurisdictions participating in the UI BAM program. Five items are reported for each State: (1) The amount of UI benefits paid to the population of claimants; (2) the size of the BAM samples (number of completed cases); and (3) the percentages of proper payments, (4) overpayments, and (5) underpayments in the population estimated from the BAM investigations. Ninety-five percent confidence intervals are presented for each of the three percentages as measures of the precision of the estimates. States may provide narratives to comment on or to clarify the meaning of the data.

The CY 1999 UI PERFORMS Annual Report also includes background information and the data collection methodology for the BAM program. Graphs that display the distribution of overpayment rates for all States, national overpayment rates by year, and national cause and responsibility data for overpayments for the last five years are also provided.

Readers are strongly cautioned that it may be misleading to compare one State's BAM overpayment and underpayment rates with the rates of other States. No two States' written laws, regulations, and policies specifying eligibility conditions are identical. Differences among States in these conditions influence the potential for error. For example, States with stringent, complex provisions will tend to have higher overpayment rates than those with simpler, more straightforward provisions. No performance standards for UI benefit accuracy have been established.

States are not required to publish their BAM program data; however, persons wanting clarification or additional information concerning a specific State's report are encouraged to contact the individuals identified in the following list.
