NATIONAL MEDIATION BOARD

Submission for OMB Review; Comment Request

AGENCY: National Mediation Board (NMB).

SUMMARY: The Acting Director, Office of Administration, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995 and 5 CFR 1320). This notice announces that the NMB has submitted to the Office of Management and Budget a request for clearance of one information collection.

DATES: Interested persons are invited to submit comments within 30 days from the date of this publication.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Director, Office of Administration, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection contains the following: (1) Type of review requested, e.g. new, revision extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Record keeping burden. OMB invites public comment.

Currently, the National Mediation Board is soliciting comments concerning the proposed revision of the Application for Investigation of Representation Dispute and is interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the

agency; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the agency enhance the quality, utility, and clarity of the information to be collected; and (5) how might the agency minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: May 29, 2014.

Samantha Williams,

Acting Director, Office of Administration, National Mediation Board.

Application for Investigation of Representation Dispute

Type of Review: Revision.

Title: Application for Investigation of Representation Dispute.

OMB Number: 3140-0001.

Frequency: On occasion.

Affected Public: Carrier and Union Officials, and employees of railroads and airlines.

Reporting and Recordkeeping Hour Burden:

Responses: 68 annually.

Burden Hours: 17.00.

1. *Abstract:* When a dispute arises among a carrier's employees as to who will be their bargaining representative, the National Mediation Board (NMB) is required by Section 2, Ninth, to investigate the dispute, to determine who is the authorized representative, if any, and to certify such representative. The NMB's duties do not arise until its services have been invoked by a party to the dispute. The Railway Labor Act is silent as to how the invocation of a representation dispute is to be accomplished and the NMB has not promulgated regulations requiring any specific vehicle. Nonetheless, 29 CFR 1203.2, provides that applications for the services of the NMB under Section 2, Ninth, to investigate representation disputes may be made on printed forms secured from the NMB's Office of Legal Affairs or on the Internet at <http://www.nmb.gov/representation/rapply.html>. The application requires the following information: the name of the carrier involved; the name or description of the craft or class involved; the name of the petitioning organization or individual; the name of the organization currently representing the employees, if any; the names of any other organizations or representatives involved in the dispute; and the estimated number of employees in the craft or class involved. This basic information is essential in providing the NMB with the details of the dispute so that it can determine what resources will be required to conduct an investigation.
