[Docket Nos. CP15-550-002; CP15-550-000]

#### Notice of Request for Extension of Time; Venture Global Calcasieu Pass, LLC

Take notice that on February 15, 2024, Venture Global Calcasieu Pass, LLC (Venture Global) requested that the Federal Energy Regulatory Commission (Commission) grant an extension of time (2023 Extension of Time Request), until February 21, 2025, to construct and make available for service a new liquefied natural gas (LNG) export terminal and associated facilities along the Calcasieu Ship Channel in Cameron Parish, Louisiana, authorized by the Commission in Docket No. CP15-550-000.<sup>1</sup>

This notice establishes a 15-calendar day intervention and comment period deadline. Any person wishing to comment on Venture Global's request for an extension of time may do so. No reply comments or answers will be considered. If you wish to obtain the rights afforded parties to the above captioned proceedings, you should, on or before the comment date stated below, file a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10).

As a matter of practice, the Commission itself generally acts on requests for extensions of time to complete construction for Natural Gas Act facilities when such requests are contested.<sup>2</sup> For those extension requests that are contested, the Commission will aim to issue an order acting on the

request within 45 days.<sup>3</sup> The Commission will address all arguments relating to whether the applicant has demonstrated there is good cause to grant the extension.<sup>4</sup> The Commission will not consider arguments that seek to re-litigate the issuance of the Authorization Order, including whether the Commission properly found the project to be not inconsistent with the public interest and whether the Commission's environmental analysis for the authorization complied with the National Environmental Policy Act.<sup>5</sup> The Director of the Office of Energy Projects, or his or her designee, will act on all of those extension requests that are uncontested.
