The FR 3066a and FR 3066b are voluntary. The information contained in responses to the core questions of the FR 3066a and FR 3066b is nonpublic commercial or financial information, which is both customarily and actually treated as private by the respondent. The Board therefore may keep such information confidential pursuant to exemption 4 of the Freedom of Information Act (FOIA).⁵ Supplemental questions asked on each survey may vary, and the Board's ability to keep confidential responses to such questions must therefore be determined on a case-by-case basis. Responses to supplemental questions may contain nonpublic commercial information that may be kept confidential by the Board pursuant to exemption 4 of the FOIA. Some such responses may also contain information contained in or related to an examination of a financial institution, which may be kept confidential under exemption 8 of the FOIA.⁶

Current actions: On April 6, 2022, the Board published a notice in the **Federal Register** (87 FR 19924) requesting public comment for 60 days on the extension, with revision, of the FR 3066a and FR 3066b. The Board has revised the FRPS by structuring it as a partially ad hoc collection to improve its ability to collect relevant information in response to changing conditions in payments markets by streamlining the ability to add, remove, or modify survey items and respondents based on the Federal Reserve's information needs. Under the adopted revisions, the FRPS would contain the same core substantive questions asked on prior FRPS surveys, which would generally remain consistent from year to year.

² 15 U.S.C. 1693b, 1693o-2 (authorizing the Board to prescribe regulations relating to interchange fees for electronic debit transactions and require any debit card issuer or payment card network to provide the Board with such information as may be necessary to carry out its responsibility to regulate interchange fees for electronic debit transactions).

³ 12 U.S.C. 5014 (authorizing the Board to prescribe such regulations as it determines necessary to implement, prevent circumvention or evasion of, or facilitate compliance with the Expedited Funds Availability Act, as amended).

⁴ 12 U.S.C. 225a, 248, 248a, 342, 360, and 248-1 (*inter alia*, requiring the Board to maintain long run growth of the monetary and credit aggregates commensurate with the economy's long run potential to increase production, so as to promote effectively the goals of maximum employment, stable prices, and moderate long-term interest rates).

⁵ 5 U.S.C. 552(b)(4).

⁶ 5 U.S.C. 552(b)(8).

However, questions could be added, modified, or removed from year to year based on the Federal Reserve's information needs. The comment period for this notice expired on June 6, 2022. The Board did not receive any comments. The revisions will be implemented as proposed.

Board of Governors of the Federal Reserve System, July 19, 2022.
