SUPPLEMENTARY INFORMATION: *Title; Associated Form; and OMB Number:* Diagnosis Related Groups (DRG) Reimbursement; OMB Control Number: 0720–0017.

Needs and Uses: The TRICARE/CHAMPUS contractors will use the information collected to reimburse hospitals for TRICARE/CHAMPUS share of capital and direct medical education costs.

Annual Burden Hours: 8,400.

Number of Respondents: 5,600.

Average Burden per Response: 90 minutes.

Frequency: On occasion.

The Department of Defense Authorization Act, 1984, Public Law 98–94 amended Title 10, section 1079(j)(2)(A) of the U.S.C. and provided the Civilian Health and Medical Program of the Uniform Services (CHAMPUS) with the statutory authority to reimburse institutional providers based on diagnosis-related groups (DRGs). The CHAMPUS DRG-based payment system, except for children's hospitals (whose capital and

direct medical education costs are incorporated in the children's hospital differential), who want to be reimbursed for allowed capital and direct medical education costs must submit a request for payment to the TRICARE/CHAMPUS contractor. The request allows TRICARE to collect the information necessary to properly reimburse hospitals for its share of these costs. The information can be submitted in any form, most likely in the form of a letter. The contractor will calculate the TRICARE/CHAMPUS share of capital and direct medical education costs and make a lump-sum payment to the hospital. The TRICARE/CHAMPUS DRG-based payment system is modeled on the Medicare Prospective Payment System (PPS) and was implemented on October 1, 1987. Initially, under 42 CFR 412.46 of the Medicare regulations, physicians was required to sign attestation and acknowledgment statements. These requirements were implemented to ensure a means of holding hospitals and physicians accountable for the information they submit on the Medicare claim forms. Being modeled on the Medicare PPS, CHAMPUS also adopted these requirements. The physicians attestation and physician acknowledgment required by Medicare under 42 CFR 412.46 are also required for TRICARE/CHAMPUS as a condition for payment and may be satisfied by the same statements as required for Medicare, with substitution or addition of "TRICARE/CHAMPUS" when the word "Medicare" is used. Physicians sign a physician acknowledgement, maintained by the institution, at the time the physician is granted admitting privileges. This acknowledgement indicates the physician understands the importance of a correct medical record, and misrepresentation may be subject to penalties.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Active Duty Dental Program (ADDP) Claim Form; OMB Control Number 0720-0053.

Needs and Uses: The information collection is necessary to obtain and record the dental readiness of Service Members using the Active Duty Dental Program (ADDP) and at the same time submit the claim for the dental procedures provided so that claims can be processed and reimbursement made to the provider. Many Service Members are not located near a military dental treatment facility and receive their dental care in the private sector.

Affected Public: Business or other for profit institutions; Not-for-profit institutions.

Annual Burden Hours: 25,000.

Number of Respondents: 75,000.

Responses per Respondent: 4.

Average Burden per Response: 5 minutes.

Frequency: On occasion.

Respondents are dental providers who submit claims in order to be reimbursed for delivered dental care. The ADDP Claim form allows civilian dental providers to submit the claim for dental procedures provided to active duty service members and to update their dental readiness classification at the same time. The completed form is forwarded to the ADDP contractor, United Concordia Companies, Inc. for reimbursement and the electronic update of the dental readiness. If the form is not available, civilian providers will not have a mechanism to submit dental claims with the information required for reimbursement to provide an updated dental readiness classification for the member. Dental readiness classification allows the Services to ensure that all Service Members are ready for worldwide deployment. Dental readiness is an integral part of medical readiness, and medical readiness is fundamental to the readiness of our forces.
