

of 1969 and its implementing regulations.

The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, requires the Service to develop a comprehensive conservation plan for each national wildlife refuge. The purpose in developing a comprehensive conservation plan is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and Service policies. In addition to outlining broad management direction on conserving wildlife and their habitats, plans identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation.

The purpose of this notice is to achieve the following:

- (1) Advise other agencies and the public of our intentions, and
- (2) Obtain suggestions and information on the scope of issues to include in the environmental document.

DATES: To ensure consideration, written comments must be received no later than June 29, 2006.

ADDRESSES: Comments, questions, and requests for more information regarding the planning process for Delta and Breton National Wildlife Refuges should be sent to: Refuge Manager, Delta and Breton National Wildlife Refuges, Southeast Louisiana National Wildlife Refuge Complex, 61389 Highway 434, Lacombe, Louisiana 70445. Comments may also be submitted electronically to: *Charlotte_Parker@fws.gov*; or by telephone: 985/882-2000.

SUPPLEMENTARY INFORMATION: The comprehensive conservation planning process will consider many elements, including wildlife and habitat management, habitat protection and acquisition, wilderness preservation, public recreational activities, industrial use, and cultural resource preservation. Public input into this planning process is essential. Open house style meetings and focus group meetings will be held throughout the scoping phase of the planning process for each refuge. The Service will conduct a cultural resources overview study in support of the comprehensive conservation plan. The professional study will identify known sites on the refuge.

Special mailings, newspaper articles, and other media announcements will inform people of opportunities for written input throughout the planning process. Information on this process will be posted on the Internet at <http://southeastlouisiana.fws.gov>. All comments received from individuals become part of the official public record. Requests for such comments will be handled in accordance with the Freedom of Information Act and the Council on Environmental Quality's NEPA regulations [40 CFR 1506.6(f)].

Delta National Wildlife Refuge was established in 1935. Its 49,000 acres were formed by the deposition of sediment carried by the Mississippi River. The primary purpose of the refuge is to provide sanctuary and habitat for wintering waterfowl.

Breton National Wildlife Refuge was established in 1904 through executive order of President Theodore Roosevelt. It's the second-oldest refuge among the National Wildlife Refuge System. Its objectives are to provide sanctuary for nesting and wintering seabirds, to protect and conserve the wilderness character of the islands, and to provide sandy beach habitat for a variety of wildlife species.

Authority: This notice is published under the authority of the National Wildlife Refuge System Improvement Act of 1997, Public Law 105-57.

Dated: April 13, 2006.

Disclaimers of Interest in Lands, Idaho

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: Two applications have been filed by Robert P. Brown, Attorney at Law on behalf of Dale L. Becker and Evelyn M. Becker (personal representative of the estate of Donald S. Becker, deceased), for recordable disclaimers of interest in certain lands by the United States.

DATES: Comments or protests to this action should be received by August 28, 2006.

ADDRESS: Comments or protests must be filed with: State Director (ID933), Bureau of Land Management, 1387 S. Vinnell Way, Boise, ID 83709

FOR FURTHER INFORMATION CONTACT: Cathie Foster, BLM, Idaho State Office, 1387 S. Vinnell Way, Boise, Idaho 83709, (208) 373-3863 or Ron Grant, BLM, Cottonwood Field Office, 1 Butte Drive, Cottonwood, Idaho 83522, (208) 962-3680.

SUPPLEMENTARY INFORMATION: Pursuant to Section 315 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1745), Robert P. Brown, has filed two applications on behalf of Dale L. Becker and Evelyn M. Becker (personal

representative of the estate of Donald S. Becker, deceased) requesting the United States issue recordable disclaimers of interest.

One disclaimer of interest has been requested for the following described property, to wit:

The 87.5 acres fronting government lots 3 and 4 in section 8 shown on a Record of Survey in T. 34 N., R. 5 W., sections 5, 6, and 8, Boise Meridian, Idaho, executed by Terry Golding, PLS 7379, plat signed August 29, 2003 and on file in the BLM, Idaho State Office in case file IDI-35463.

Another disclaimer of interest has been requested for the following described property to wit:

The 10.2 acres fronting government lot 2 in section 8 shown on a Record of Survey in T. 34 N., R. 5 W., sections 5, 6, and 8, Boise Meridian, Idaho, executed by Terry Golding, PLS 7379, plat signed August 29, 2003 and on file in the BLM, Idaho State Office in case file IDI-35462.

Based on the applications and Record of Survey by Terry Golding, Idaho PLS 7379, plat signed August 29, 2003 and on file in the BLM, Idaho State Office in case file IDI-35463 and case file IDI-35462, the original 1872 survey by John B. David erroneously reported the location of the line of ordinary high water for the Snake River. We consider this erroneous location to be nonsubstantial and thus eligible for a disclaimer of interest according to the case law elements required for omitted lands. Therefore, the applications by Robert P. Brown for disclaimers from the United States will be approved if no valid objection is received. This action will clear a cloud on the title of Dale L. Becker's and Evelyn M. Becker's (personal representative of the estate of Donald S. Becker, deceased) land.

Comments, including names and street addresses of respondents will be available for public review at the Idaho State Office, Bureau of Land Management, 1387 S. Vinnell Way, Boise, Idaho during regular business hours 9 a.m. to 4 p.m. Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comments. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses and from individuals identifying themselves as representatives or officials of organizations or businesses will be

made available for public inspection in their entirety.
