

DEPARTMENT OF COMMERCE**Foreign-Trade Zones Board**

(Docket 11-2007)

Proposed Foreign-Trade Zone, West Memphis, Arkansas, Application and Public Hearing

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the City of West Memphis, Arkansas Public Facilities Board, an Arkansas public board, to establish a general-purpose foreign-trade zone at a site in West Memphis, Arkansas, adjacent to the Memphis CBP port of entry. The application was submitted pursuant to the provisions of the FTZ Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on March 14, 2007. The applicant is authorized to make the proposal under Arkansas Statute 14-143-109, part 18.

The proposed zone would be the fourth general-purpose zone in the Memphis CBP port of entry area. The existing zones are as follows: FTZ 77, Memphis, Tennessee (Grantee: City of Memphis and Shelby County, Board Order 189, 04/02/82); FTZ 223, Memphis, Tennessee (Grantee: Memphis International Trade Development Corporation, Board Order 904, 7/02/97); and, FTZ 262, Southaven, Mississippi (Grantee: Northern Mississippi FTZ, Inc., Board Order 1353, 10/01/04).

The proposed zone would consist of one site (341 acres) at the Interstate Commerce Center, located west of Mound City Road and just north of the Union Pacific Railroad in West Memphis, Arkansas. The site is comprised of parcels owned by a number of private corporations.

The application indicates a need for zone services in the West Memphis, Arkansas, area. Several firms have indicated an interest in using zone procedures for warehousing/distribution activities for a variety of products. Specific manufacturing approvals are not being sought at this time. Requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ staff has been designated examiner to investigate the application and report to the Board.

As part of the investigation, the Commerce examiner will hold a public hearing on April 17th, 2007, at 9:30 a.m., in the Media Room of Mid South Community College, 2000 West Broadway, West Memphis, Arkansas.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the following location: Foreign-Trade Zones Board, U.S. Department of Commerce, 1401 Constitution Ave., NW., Room 2814B, Washington, DC 20230.

The closing period for their receipt is May 22, 2007. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to June 6, 2007).

A copy of the application and accompanying exhibits will be available for public inspection at the Office of Foreign-Trade Zones Board's Executive Secretary at the address listed above, and at the City of West Memphis, Arkansas Public Facilities Board, 205 South Redding St., West Memphis, Arkansas 72301.

SUPPLEMENTARY INFORMATION:**Background**

At the request of interested parties, the Department of Commerce (the Department) initiated administrative reviews of the antidumping duty orders

on ball bearings and parts thereof from France, Germany, Italy, Japan, Singapore, and the United Kingdom for the period May 1, 2005, through April 30, 2006. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 71 FR 37892 (July 3, 2006). On January 18, 2007, we extended the due date for the completion of the preliminary results of reviews by 45 days. See *Ball Bearings and Parts Thereof From France, Germany, Italy, Japan, Singapore, and the United Kingdom: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Reviews*, 72 FR 2261 (January 18, 2007). The preliminary results of the reviews are currently due no later than March 19, 2007.

Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Reviews

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days after the last day of the anniversary month.

We determine that it is not practicable to complete the preliminary results of these reviews within the current time limit because of the number of respondents in these reviews and the complexity of the issues under analysis such as further-manufacturing operations in the United States, the "collapsing" of companies, and the use of constructed value for reseller respondents. Therefore, we are extending the time period for issuing the preliminary results of these reviews by 16 additional days until April 2, 2007.

This notice is published in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: March 19, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.
