BILLING CODE 7510–13–P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: (22–055)]

Notice of Prospective Patent License

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of prospective patent license.

SUMMARY: NASA hereby gives notice of a prospective exclusive, co-exclusive or partially exclusive patent license to practice the inventions described and claimed in the patents and/or patent applications listed in **SUPPLEMENTARY INFORMATION** below.

DATES: The prospective exclusive, co-exclusive or partially exclusive license may be granted unless NASA receives written objections including evidence and argument, no later than August 3, 2022 that establish that the grant of the license would not be consistent with the requirements regarding the licensing of federally owned inventions as set forth in the Bayh-Dole Act and implementing regulations. Competing applications completed and received by NASA no later than August 3, 2022 will also be treated as objections to the grant of the contemplated exclusive, co-exclusive or partially exclusive license. Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act.

ADDRESSES: Written objections relating to the prospective license or requests for further information may be submitted to Agency Counsel for Intellectual Property, NASA Headquarters at Email: hq-patentoffice@mail.nasa.gov. Questions may be directed to Phone: (202) 358–3437.

SUPPLEMENTARY INFORMATION: NASA hereby gives notice regarding a prospective exclusive, co-exclusive, or partially exclusive patent license in the United States to practice the inventions described and claimed in: U.S. Patent No. 8,384,614 Deployable Wireless Fresnel Lens to Net Force Corporation having its principal place of business in 15421 E. Gale Avenue #90083, City of Industry, CA. The fields of use may be limited. NASA has not yet made a final determination to grant the requested

license and may deny the requested license even if no objections are submitted within the comment period.

This notice is issued in accordance with 35 U.S.C. 209(e) and 37 CFR 404.7(a)(1)(i). The patent rights in these inventions have been assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. The prospective license will comply with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Information about other NASA inventions available for licensing can be found online at <https://technology.nasa.gov>.

Helen M. Galus,

Agency Counsel for Intellectual Property.

BILLING CODE 7510–13–P

NATIONAL CREDIT UNION ADMINISTRATION

Sunshine Act Meetings

TIME AND DATE: 10 a.m., July 21, 2022

PLACE: Due to the COVID–19 Pandemic, the meeting will be open to the public via live webcast only. Visit the agency's homepage (www.ncua.gov) and access the provided webcast link.

STATUS: This meeting will be open to the public.

MATTERS TO BE CONSIDERED:

1. Board Briefing, 2022 Mid-Session Budget.
2. NCUA Rules and Regulations, Asset and Supervision Threshold for Determining the Appropriate Supervisory Office.
3. NCUA Rules and Regulations, Cyber Incident Notification Requirements.

CONTACT PERSON FOR MORE INFORMATION: Melane Conyers-Ausbrooks, Secretary of the Board, Telephone: 703–518–6304.

Melane Conyers-Ausbrooks,

Secretary of the Board.

BILLING CODE 7535–01–P

NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities: Comment Request

AGENCY: National Science Foundation.

ACTION: Submission for OMB Review; comment request.

SUMMARY: The National Science Foundation (NSF) has submitted the following information collection

requirement to OMB for review and clearance under the Paperwork Reduction Act of 1995. This is the second notice for public comment; the first was published in the **Federal Register**, and no comments were received. NSF is forwarding the proposed submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of this second notice.

DATES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA 22314, or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including federal holidays).

Copies of the submission may be obtained by calling 703–292–7556. NSF may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number, and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

SUPPLEMENTARY INFORMATION:

Title of Collection: Presidential Awards for Excellence in Mathematics and Science Teaching (PAEMST): State Coordinators Questionnaire.

OMB Number: 3145–0241.

Abstract: The PAEMST is a White House program established by Congress in 1983 authorizing the President to bestow up to 108 awards each year to teachers of mathematics and science at the elementary and secondary levels. The NSF is the designated federal agency for administration of this Presidential program. Awards are given in the Mathematics Category (includes mathematics and Computer Science/Technology) and the Science Category (includes science and engineering) to teachers from each of the 50 states and four U.S. jurisdictions. The jurisdictions are Washington DC; Puerto Rico; Department of Defense Education

Activity schools; and the U.S. territories as a group (American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands). The award recognizes those teachers who develop and implement a high-quality instructional program that is informed by content knowledge and enhances student learning. Since the program's inception, more than 5,200 teachers have been recognized for their contributions in the classroom and to their profession. Awardees serve as models for their colleagues, inspiration to their communities, and leaders in the improvement of STEM education.

The State or Jurisdiction Coordinator (SC) manages the PAEMST program within his or her state or jurisdiction. SCs recruit eligible nominees, select and assign mentors to nominees, coordinate the selection committee, and plan local recognition events within their State or Jurisdiction. They also carry out the responsibilities as noted in the "Operational Handbook for State and Jurisdiction STEM Coordinators."

The purpose of this survey is to seek feedback from the approximately 120 SCs regarding PAEMST management within their state or jurisdiction. The NSF PAEMST support team will ask directed questions using the survey to gather information that may specifically address the methods and recruitment efforts that SCs use to support the attracting of prospective award nominees. Additional survey areas may also include:

- Applicant Mentoring
- Mentor Training
- State or Jurisdiction selection Committee
- State or Jurisdiction selection Process
- Applicant and State or Jurisdiction Finalist Notification and Recognition
- In-kind contributions

The survey will evaluate the impact SCs have on attracting prospective award nominees to PAEMST. This will be conducted as a web-based survey.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 30–40 minutes for State/Jurisdiction Coordinators.

Respondents: Individuals.

Estimated Number of Responses per Form: 120 Coordinators.

Estimated Total Annual Burden on Respondents: 80 hours (120 Coordinators at 40 minutes per survey = 80 hours).

Frequency of Response: One per application cycle.

Dated: July 13, 2022.

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.

BILLING CODE 7555–01–P

NATIONAL SCIENCE FOUNDATION

Notice of Intent To Prepare an Environmental Impact Statement and Initiate Section 106 Consultation for a Potential National Science Foundation Investment in the Construction and Operation of an Extremely Large Telescope Located in the Northern Hemisphere and Notice of Public Scoping Meetings and Comment Period

AGENCY: National Science Foundation.

ACTION: Notice.

SUMMARY: In compliance with the National Environmental Policy Act of 1969, as amended, the National Science Foundation (NSF) intends to prepare an Environmental Impact Statement (EIS) to evaluate environmental effects of an NSF investment in the construction and operation of an Extremely Large Telescope (ELT) located in the Northern Hemisphere, which is a potential future funding action. (Refer to supplementary information below for more detail about NSF's decision-making process.)

DATES: This notice initiates the public scoping process for the EIS and the Section 106 consultation process pursuant to *Code of Federal Regulations* title 36, section 800.2(d). Comments on issues may be submitted during the scoping meetings scheduled for August 9 through 12, 2022, on the Island of Hawaii (refer to details below) or in writing electronically or via postal mail until September 17, 2022. To be eligible for inclusion in the Draft EIS, all comments must be received prior to the close of the scoping period. Comments on NSF's Draft CEP may also be submitted prior to, and during, the scoping meetings or in writing through September 17, 2022. The public will be notified of the dates, times, and locations of the Section 106 meetings at a later date.

ADDRESSES: You may submit comments related to this Proposed Action by either of the following methods. Note that comments will be accepted via the website starting at approximately 9 a.m. EDT on July 19, 2022:

- **Website:** <https://beta.nsf.gov/tmt>.
- **Mail to:** Ms. Elizabeth Pentecost, RE: ELT, National Science Foundation, Room W9152, 2415 Eisenhower Ave., Alexandria, VA 22314.

Scoping Meetings

NSF will host four in-person public scoping meetings from 6:00 p.m. to 8:00 p.m. at the following locations and dates:

- **Hilo:** August 9, 2022, at the Grand Naniloa Doubletree by Hilton Hotel, Crown Room, 93 Banyan Dr., Hilo, HI 96720.

- **Naalehu:** August 10, 2022, at the Naalehu Community Center, 95–5635 Hawaii Belt Rd., Naalehu, HI 96772.

- **Kona:** August 11, 2022, at the Outrigger Kona Resort & Spa, Kaleiopapa Convention Center, 78–128 Ehukai St., Kailua-Kona, HI 96740.

- **Kamuela (Waimea):** August 12, 2022, at the Kahilu Town Hall, 67–1182 Lindsey Rd., Kamuela, HI 96743.

Comments will be accepted during the meetings in writing and verbally. Please contact NSF at least one week in advance of each meeting if you would like to request special accommodations (e.g., sign language interpretation). Comments can also be provided in the Hawaiian language, which will subsequently be translated to the English language to facilitate NSF's consideration of those comments.

FOR FURTHER INFORMATION CONTACT: For further information regarding the EIS process or the Section 106 consultation process, please contact: Ms. Elizabeth Pentecost, National Science Foundation, Division of Astronomical Sciences, Room W9152, 2415 Eisenhower Ave., Alexandria, VA 22314; telephone: (703) 292–4907; email: EIS.106.TMT@nsf.gov.

SUPPLEMENTARY INFORMATION: By this notice, NSF is announcing the beginning of the scoping process to solicit public comments and identify issues to be analyzed in the EIS. NSF welcomes public comments on potential alternatives, information, and analyses relevant to the environmental review. NSF also intends to initiate consultation under Section 106 of the National Historic Preservation Act (NHPA) (Section 106) to evaluate anticipated effects on historic properties resulting from a potential NSF investment in the construction and operation of a Northern Hemisphere ELT located on the summit of Maunakea, Hawaii Island, Hawaii, which is the only location in the United States for which alternatives will be analyzed. NSF enters into this process with an understanding that the issue of constructing an ELT on Maunakea is a sensitive one, with both strong proponents and strong opponents of the proposed project; NSF was informed of the reasons for these varying positions through numerous informal meetings, spanning a 16-month period, with individuals and groups
