Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper filings, see 18 CFR 385.2001 (a)(1)(iii) and the instructions on the Commission's Web site under the "e-filing" link. The Commission strongly encourages electronic filings. The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

k. *Description of Request:* Appalachian Power Company (licensee) is requesting modifications to and a continuance of its current 45-day temporary variance of the minimum flow release requirement under license article 29 for the Smith Mountain Pumped Storage Hydroelectric Project. Because of persistent drought conditions in the general project area and the need to conserve water, Appalachian Power Company, after consultation with state resource agencies, requests that it be allowed to continue a temporary variance under several modifying conditions (see licensee's request filed September 24, 2007), until Smith Mountain Lake returns to an adjusted elevation of 794.0 feet.

Concurrent with this notice, the Commission granted the licensee's requests (see Order Granting Temporary Amendment of Minimum Flow Requirement per Article 29, Project No. 2210-155), but reserved authority to require changes to project operation based upon comments received from this notice.

l. *Location of the Application:* The filing is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371, or by calling (202) 502-8371.
