**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Substance Abuse and Mental Health Services Administration**

**Agency Information Collection Activities; Proposed Collection; Comment Request**

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276–1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on

respondents, including through the use of automated collection techniques or other forms of information technology.

**Proposed Project: National Evaluation of the Comprehensive Community Mental Health Services for Children and Their Families Program: Phase VI (OMB No. 0930–0307)—REVISION**

The Substance Abuse and Mental Health Services Administration (SAMHSA), Center of Mental Health Services is responsible for the national evaluation of the Comprehensive Community Mental Health Services for Children and Their Families Program (Children's Mental Health Initiative— CMHI) that will collect data on child mental health outcomes, family life, and service system development. Data will be collected on 47 service systems, and approximately 6,561 children and families.

Principal changes from the previous Phase VI OMB approval include:

• Addition of nine (9) communities awarded cooperative agreements in FY2010 for data collection.

• Replacement of intake and follow-up questionnaires for the Child Welfare Sector and Comparison Study with an administrative record review form to lessen burden.

• Addition of a brief 8-item Education Sector Caregiver Questionnaire to the Education Sector and Comparison Study to capture family involvement in the development and use of Individualized Education Plans (IEPs).

• Removal of data collection activities for the Alumni Networking Study, the CQI Initiative Evaluation, and the Sustainability Study.

Data collection for this evaluation will be conducted over a five-year period. Child and family outcomes of interest will be collected at intake and during subsequent follow-up sessions at six-month intervals. The length of time that individual families will participate in the study is up to 24 months. The

outcome measures include the following: child symptomatology and functioning, family functioning, satisfaction, and caregiver strain. The core of service system data will be collected every 18–24 months throughout the 5-year evaluation period. Service utilization and cost data will be tracked and submitted to the national evaluation every six months using two tools: the Flex Fund Tool and the Services and Costs Data Tool to estimate average cost of treatment per child, distribution of costs, and allocation of costs across service categories. Service delivery and system variables of interest include the following: maturity of system of care development in funded system of care communities, adherence to the system of care program model, and client service experience.

In addition, the evaluation will include one special study: The Sector and Comparison Study will examine in more detail the outcomes and service experience of children from multiple child-serving sectors and, through child-level matching, compare these outcomes with those not receiving system of care services.

Internet-based technology such as data entry and management tools will be used in this evaluation. The measures of the national evaluation address annual Congressional reporting requirements of the program's authorizing legislation, and the national outcome measures for mental health programs as currently established by SAMHSA.

The average annual respondent burden is estimated below. The estimate reflects the average number of respondents in each respondent category, the average number of responses per respondent per year, the average length of time it will take to complete each response, and the total average annual burden for each category of respondent, and for all categories of respondents combined.

## DEPARTMENT OF HOMELAND SECURITY

**[Docket No. DHS–2012–0001]**

## Critical Infrastructure Private Sector Clearance Program Request

**AGENCY:** National Protection and Programs Directorate, DHS.

**ACTION:** 60-day notice and request for comments; Reinstatement, with change, of a previously approved collection.

**SUMMARY:** The Department of Homeland Security (DHS), National Protection and Programs Directorate (NPPD), Office of Infrastructure Protection (IP) will submit the following Information Collection Request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. Chapter 35).

**DATES:** Comments are encouraged and will be accepted until June 11, 2012. This process is conducted in accordance with 5 CFR 1320.1.

**ADDRESSES:** Written comments and questions about this Information Collection Request should be forwarded to DHS/NPPD/IP/Monika Junker, 245 Murray Lane, SW., Mail Stop 0609, Arlington, VA 20598–0609. Emailed requests should go to Monika Junker, *monika.junker@dhs.gov.* Written comments should reach the contact person listed no later than June 11, 2012. Comments must be identified by ''DHS–2012–0001''and may be submitted by *one* of the following methods:

• *Federal eRulemaking Portal: http:// www.regulations.gov.*

• *Email:* Include the docket number in the subject line of the message.

*Instructions:* All submissions received must include the words ''Department of Homeland Security'' and the docket number for this action. Comments received will be posted without alteration at *http://www.regulations.gov,* including any personal information provided.

**SUPPLEMENTARY INFORMATION:** The Critical Infrastructure Private Sector Clearance Program (PSCP) sponsors clearances for private sector partners who are responsible for critical

infrastructure protection, but would not otherwise be eligible for a clearance under Executive Order 12829. These partners are subject matter experts within specific industries and sectors. The PSCP requires individuals to complete a clearance request form that initiates the clearance process. DHS Sector Specialists or Protective Security Advisors email the form to the individual who then emails back the completed form, minus their date and place of birth and social security number. The clearance request form is signed by both the Federal official who nominated the applicant and by the Assistant Secretary for Infrastructure Protection. Upon approval to process, the PSCP Administrator will contact the nominee to obtain the social security number, date and place of birth, and will then enter this data into e-QIP— Office of Personnel Management's secure portal for investigation processing. Once the data is entered in e-QIP, the applicant can complete the online security questionnaire. The PSCP maintains all applicants' information in the Master Roster, which contains all the information found on the clearance request form in addition to their clearance information (date granted, level of clearance, date non-disclosure agreements signed, and type/date of investigation). The Administrator of the Master Roster maintains the information so as to track clearance processing and investigation information and to have the most current contact information for the participants from each sector.

OMB is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

### Coast Guard

**[USCG–2012–0016]**

## Collection of Information Under Review by Office of Management and Budget

**AGENCY:** Coast Guard, DHS.

**ACTION:** Thirty-day notice requesting comments.

**SUMMARY:** In compliance with the Paperwork Reduction Act of 1995 the U.S. Coast Guard is forwarding Information Collection Requests (ICRs), abstracted below, to the Office of Management and Budget (OMB), Office of Information and Regulatory Affairs (OIRA), requesting approval of a revision to the following collection of information: 1625–0035, Title 46 CFR Subchapter Q: Lifesaving, Electrical, Engineering and Navigation Equipment, Construction and Materials & Marine Sanitation Devices (33 CFR part 159). Additionally, the U.S. Coast Guard requests an extension of its approval for the following collection of information: 1625–0079, Standards of Training, Certification and Watchkeeping for Seafarers (STCW), 1995 and 1997 Amendments to the International Convention. Our ICRs describe the information we seek to collect from the public. Review and comments by OIRA ensure we only impose paperwork burdens commensurate with our performance of duties.
