AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Notification of public meeting.

SUMMARY: Pursuant to the provisions of the rules and regulations of the Department of Agriculture and the Federal Advisory Committee Act (FACA), the Food Safety and Inspection Service (FSIS) is announcing a virtual meeting of the National Advisory Committee on Meat and Poultry Inspection (NACMPI). The committee is authorized under the Federal Meat Inspection Act and Poultry Products Inspection Act and operates in compliance with the Federal Advisory Committee Act. The committee will convene virtually on September 24–25, 2020. The objective of the public meeting is for the Committee to review and advise about the steps FSIS should take to ensure better control of artisanal, shelf-stable ready-to-eat (RTE) fermented, salt-cured, or dried products that rely on multiple hurdles for lethality. NACMPI will also review and advise whether the Agency should continue not to test boxed beef primal and sub-primal products for Shiga toxin-producing *E. coli* (STEC), if they are intended for intact cuts.

DATES: The virtual public meeting is scheduled for September 24–25, 2020. NACMPI will meet from 8 a.m.–9:30 a.m. EST on September 24, 2020 for administrative purposes. This portion of the meeting is not open to the public. The public meeting is from 9:30 a.m.–5 p.m. EST on September 24, 2020 and 9 a.m.–5 p.m. EST on September 25, 2020.

SUPPLEMENTARY INFORMATION:

Background

The NACMPI was established in 1971 and is authorized under section 301(a)(4) of the Federal Meat Inspection Act (FMIA) (21 U.S.C. 661(a)(4)) to carry out the responsibilities imposed by sections 7(c), 24, 205, 301(a)(3), and 301(c) of the FMIA (21 U.S.C. 607(c), 624, 645, 661(a)(3), and 661(c)), and authorized under section 5(s)(4) of the Poultry Products Inspection Act (PPIA)

(21 U.S.C. 454(a)(4)) to carry out the responsibilities imposed by sections 5(a)(3), 5(c), 8(b), and 11(e) of the PPIA (21 U.S.C. 454(a)(3), 454(c), 457(b), and 460(e)). The purpose of the Committee is to provide advice to the Secretary concerning meat, poultry, and processed egg products inspection; food safety; and other matters that fall within the scope of the FMIA, PPIA and the Egg Products Inspection Act (EPIA). The current charter and other information about NACMPI can be found at <https://www.fsis.usda.gov/wps/portal/fsis/topics/regulations/advisory-committees/nacmpi>. Membership of NACMPI is drawn from representatives of consumer groups; producers; processors; and representatives from the meat, poultry and egg product industries; State and local government officials; and academia.

On September 24–25, 2020, NACMPI will review and discuss the following two topics. First, FSIS will ask NACMPI to review and advise about the steps FSIS should take to better support the production of artisanal, shelf-stable, ready-to-eat (RTE) fermented, salt-cured, or dried products that rely on multiple hurdles for lethality. FSIS is seeking input on the lack of scientific support and control of hazards for producing these multi-hurdle lethality products that may raise enforcement questions. FSIS will ask the Committee to consider the following: (1) What actions should FSIS take when it determines an establishment lacks scientific support for the lethality treatment of a fermented, salt-cured, or dried product? (2) How can FSIS assist industry in gathering scientific support and facilitate filling research gaps, even though it is not a research-funding organization?

Second, FSIS will ask NACMPI to review and advise whether FSIS should continue not to sample or test boxed beef primal and sub-primal products for STEC, if they are intended for intact cuts. FSIS is seeking input on how FSIS can reduce STEC positives, outbreaks, recalls, and deaths that occur when downstream processors are commonly unaware of the producer's intended intact use or the risks of grinding such products. FSIS will ask the Committee: (1) If an establishment identifies boxed beef primals/sub-primal products as intended for intact cuts, should FSIS continue not to sample or test these

products? (2) If yes, how can the current system be strengthened? (3) If no, what criteria should FSIS use to determine which products should be subject to sampling and testing for STEC?

The two issues described above will be presented to the full Committee. The Committee will then divide into two subcommittees to discuss the issues. Each subcommittee will provide a report of their comments and recommendations to the full Committee before the meeting concludes on Friday, September 25, 2020.

An agenda will be published online before the public meeting. FSIS will finalize the agenda on or before the meeting dates and post it on the FSIS website at: <http://www.fsis.usda.gov/meetings>.

Registration and Meeting Materials

There is no fee to register for the public meeting, but pre-registration is mandatory for participants attending. All attendees must register online at <http://www.fsis.usda.gov/wps/portal/fsis/newsroom/meetings>.

Public Comments and Participation in Meetings

Oral Comments

Stakeholders will have an opportunity to provide oral comments during the public meeting. Stakeholders must notify FSIS during registration of their wish to speak at the meeting. Stakeholders who do not notify FSIS during registration of their wish to speak will not have the opportunity to comment on the day of the public meeting. Due to the anticipated high level of interest in the opportunity to make public comments and the limited time available to do so, FSIS will do its best to accommodate all persons who registered and requested to provide oral comments and will limit all speakers to three minutes. FSIS encourages persons and groups who have similar interests to consolidate their information for presentation by a single representative.

Transcripts

As soon as the meeting transcripts are available, they will be accessible on the FSIS website at: <https://www.fsis.usda.gov/wps/portal/fsis/topics/regulations/advisory-committees/nacmpi/nacmpi-transcripts>. The transcripts may also be viewed at the FSIS Docket Room at the address listed above.
