

importation of ruminants that have been in the Czech Republic and on the importation of meat, meat products, and certain other products and byproducts of ruminants that have been in the Czech Republic. We are making these amendments effective retroactively to June 8, 2001, which is the date that BSE was confirmed in a native-born animal in that region.

Emergency Action

This rulemaking is necessary on an emergency basis to update the disease status of the Czech Republic regarding BSE. Under these circumstances, the Administrator has determined that prior notice and opportunity for public comment are contrary to the public interest and that there is good cause under 5 U.S.C. 553 for making this rule effective less than 30 days after publication in the **Federal Register**.

We will consider comments we receive during the comment period for this interim rule (see **DATES** above). After the comment period closes, we will publish another document in the **Federal Register**. The document will include a discussion of any comments we receive and any amendments we are making to the rule as a result of the comments.

Executive Order 12866 and Regulatory Flexibility Act

This rule has been reviewed under Executive Order 12866. For this action, the Office of Management and Budget has waived its review process required under Executive Order 12866.

We are amending the regulations by adding the Czech Republic to the list of regions where BSE exists because the disease has been detected in native-born animals in that region. The Czech Republic is currently listed among the regions that present an undue risk of introducing BSE into the United States. Regardless of which of the two lists a region is on, the same restrictions apply to the importation of ruminants and meat, meat products, and most other products and byproducts of ruminants that have been in the region. Therefore, this action, which is necessary in order to update the disease status of the Czech Republic regarding BSE, will not result in any change in the restrictions that apply to the importation of ruminants and meat, meat products, and certain other products and byproducts of ruminants that have been in the Czech Republic.

Under these circumstances, the Administrator of the Animal and Plant Health Inspection Service has determined that this action will not

have a significant economic impact on a substantial number of small entities.

Executive Order 12988

This rule has been reviewed under Executive Order 12988, Civil Justice Reform. This rule: (1) Preempts all State and local laws and regulations that are inconsistent with this rule; (2) has retroactive effect to June 8, 2001; and (3) does not require administrative proceedings before parties may file suit in court challenging this rule.
