DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for Office of Management and Budget Review; Case Plan Requirement, Title IV–E of the Social Security Act

AGENCY: Children’s Bureau, Administration for Children and Families, United States Department of Health, and Human Services.
ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF), is

requesting a 3-year extension of the information collection Case Plan Requirement, Title IV–E of the Social Security Act, (Office of Management and Budget (OMB) #0970–0428, expiration September 30, 2023). There are no changes to the requirements, but burden estimates have been updated to reflect current numbers of children in foster care.
DATES: *Comments due within 30 days of publication.* OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review-Open for Public Comments” or by using the search function. You can also obtain copies of the proposed collection of information by emailing infocollection@acf.hhs.gov. Identify all emailed requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:
Description: The case plan information collection is authorized in sections 422(b)(8)(A)(ii) and 471(a)(16), and defined in sections 475 and 475A of the Social Security Act (the Act). Statutory requirements in the Act

mandate that states, territories, and tribes with an approved title IV–E plan develop a case review system and case plan for each child in the foster care system for whom the state, territory, or tribe receives title IV–E reimbursement of foster care maintenance payments. The case review system assures that each child has a case plan designed to achieve placement in a safe setting that is the least restrictive, most family-like setting available and in close proximity to the child’s parental home, consistent with the best interest and special needs of the child. States, territories, and tribes meeting these requirements also partly comply with title IV–B, section 422(b), of the Act, which assures certain protections for children in foster care. The case plan is a written document that provides a narrative description of the child-specific program of care. Federal regulations at 45 CFR 1356.21(g) and sections 475 and 475A of the Act delineate the specific information that must be addressed in the case plan. ACF does not specify a format for the case plan nor does ACF require submission of the document to the federal government. Case plan information is recorded in a format developed and maintained by the state, territorial, or tribal title IV–E agency.

Burden estimates have been adjusted to reflect two additional agencies, a decreased number of children entering foster care and an increased number of children exiting foster care.
Respondents: State, territorial, and tribal title IV–E agencies.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for Office of Management and Budget Review; Administration for Children and Families Generic for Information Collections Related to Gatherings (New Collection)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, United States

Department of Health and Human Services.
ACTION: Request for public comments.
SUMMARY: The Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services intends to request approval from the Office of Management and Budget (OMB) for a generic clearance to request information from potential participants at ACF gatherings, such as meetings or conferences. The planning for these gatherings is most often on a quick timeline and the standard timeline to comply with a full request

under the Paperwork Reduction Act (PRA) would inhibit the ability to collect information to inform these activities. Therefore, an umbrella generic is requested to allow for quick turnaround requests for similar information collections related to these activities.

DATES: *Comments due within 30 days of publication.* OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. You can also obtain copies of the proposed collection of information by emailing OPREinfocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: ACF hosts a variety of gatherings for many different purposes. This may include large scale conferences, meetings for grantees or contractors, workshops, trainings, poster sessions, and other in-person and virtual gatherings for individuals with

interest in ACF programs (clients, researchers, policymakers, etc.), among others. To ensure ACF has adequate information to plan these activities, the Agency must often collect information from potential participants such as basic contact information, preferences for attendance (mode, special requests, etc.), organizational affiliation, feedback about meeting content, etc. Additionally, some activities require ACF to have additional information to have the means to select the most appropriate participants for attendance according to the type or purpose of a given activity, or to group participants into the most appropriate category or activity during an event. This may include information about poster presentations, speaking panels, training courses, professional perspectives, or experiences, etc. In addition, attendees may be asked to submit an application or abstract for prescreening to be selected for attendance.

The purposes of the collections under this umbrella generic information collection are to gather appropriate information to plan ACF gatherings. Example information collection activities could include:

- Registration forms
- Information collected on these types of forms could include name, contact information, organization/affiliation, basic demographics, attendance needs, etc.
- Applications for panels, posters, or other presentation formats

- Information collected on these types of applications could include title, author(s), institution/organization, abstract describing presentation or poster, instructions, etc.
- Pre-meeting surveys
- Information collected on these types of surveys could include content preferences, scheduling needs and preferences, pre-meeting knowledge, etc.
- Post-Meeting/-Workshop/-Training Evaluation Surveys
- Information collected on these types of surveys could include requests for feedback on the overall activity, feedback on content, post-meeting knowledge, post-meeting uses of content, preferences for future activities, etc.

As part of this generic, ACF requests OMB provide a response on individual generic information collections within 5 business days.

Note that this generic is primarily for information collected in connection with closed ACF meetings, as information collected in connection with public ACF meetings are not considered “information” under PRA per 44 U.S.C., 5 CFR ch. 11 (1–199 edition), 1320.3: Definitions.

Respondents: Potential respondents may include researchers, individuals with expertise in ACF program areas, individuals with interest in ACF program areas, those receiving ACF services, ACF grantees or contractors, among others with involvement or interest in ACF activities.

TOTAL BURDEN ESTIMATES

Example types of information collections	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Total burden hours	Average hourly wage	Total annual cost
