SUPPLEMENTARY INFORMATION:

I. Purpose of this Notice

Pursuant to 40 CFR 155.58(a), this notice announces the availability of EPA's proposed registration review decision for ancymidol (table 1) and opens a 60-day public comment period on the proposed registration review decisions.

TABLE 1—PROPOSED REGISTRATION REVIEW DECISION

Registration review case name and No.	Docket ID No.	Chemical review manager and contact information
Ancymidol Case Number 3017	EPA-HQ-OPP-2011-0482	Samantha Carter, carter.samantha@epa.gov , (202) 566-1179.

II. Background

EPA is conducting its registration review of the chemical listed in the table 1 of unit I pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(g) (7 U.S.C. 136a(g)) and the Procedural Regulations for Registration Review at 40 CFR part 155, subpart C. FIFRA section 3(g) provides, among other things, that pesticide registrations are to be reviewed every 15 years. Consistent with 40 CFR 155.57, in its final registration review decision, EPA will ultimately determine whether a pesticide continues to meet the registration standard in FIFRA section 3(c)(5) (7 U.S.C. 136a(c)(5)). As part of the registration review process, the Agency has completed a proposed interim or proposed decision for each of the pesticides listed in table 1 of unit I.

The registration review docket for a pesticide includes documents related to

the registration review case. Among other things, these documents describe EPA's rationales for conducting additional risk assessments for the registration review of the pesticides included in table 1 of unit I, as well as the Agency's subsequent risk findings and consideration of possible risk mitigation measures. The proposed interim and proposed registration review decisions are supported by the rationales included in those documents.

Consistent with 40 CFR 155.58(a), EPA provides for at least a 60-day public comment period on proposed interim and proposed registration review decisions. This comment period is intended to provide an opportunity for public input and a mechanism for initiating any necessary amendments to the proposed decision.

For additional background on the registration review program, see: <https://www.epa.gov/pesticide-reevaluation>.

III. What action is the Agency taking?

This notice is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, farm worker, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the Chemical Review Manager for the pesticide of interest identified in table 1 of unit I. In submitting a comment to EPA, please consider the following:

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](https://www.epa.gov/regulations.gov) or email. Clearly mark the part or all the information that you claim to be CBI. For CBI information on
