

Europe. Presentations and discussions will occur on metrics and indicators relevant to air quality and health impacts, and instruments and methods that can be used to measure and evaluate these metrics. The workshop will also provide researchers with the opportunity to describe on-going and planned UFP research to promote collaboration and communication within the scientific community.

Members of the public may attend the workshop as observers. Space is limited, and reservations will be accepted on a first-come, first-served basis.

Dated: January 7, 2015.

Daniel L. Costa,

Director, Air, Climate and Energy Research Program.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9921-74-OA]

Notification of a Public Teleconference and Meeting of the Science Advisory Board Chemical Assessment Advisory Committee Augmented for the Review of EPA's draft Benzo[a]pyrene IRIS Assessment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA or Agency) Science Advisory Board (SAB) Staff Office announces two meetings of the Chemical Assessment Advisory Committee Augmented for the Review of the Draft Benzo[a]pyrene IRIS Assessment (CAAC—Benzo[a]pyrene Panel). A public teleconference will be held to learn about the development of the Agency's draft IRIS Toxicological Review of Benzo[a]pyrene (September, 2014) and to discuss draft charge questions for the peer review of the document. A face-to-face meeting will be held in the Washington, DC metro area to conduct a peer review of the agency's draft IRIS *Toxicological Review of Benzo[a]pyrene (External Review Draft–September 2014)*.

DATES: The public teleconference will be held on Wednesday, March 4, 2015, from 1:00 p.m. to 4:00 p.m. (Eastern Time). The public face-to-face meeting will be held on Wednesday, April 15, 2015 from 9:00 a.m. to 5:30 p.m. (Eastern Time), Thursday, April 16, 2015, and Friday, April 17, 2015, from 8:30 a.m. to 5:00 p.m. (Eastern Time).

ADDRESSES: The public teleconference will be conducted by telephone only. The public face-to-face meeting will be held at Milken Institute School of Public Health, Convening Center Room, George Washington University, 950 New Hampshire Avenue NW., Washington, DC 20052.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information regarding this meeting may contact Dr. Diana Wong, Designated Federal Officer (DFO), SAB Staff Office, by telephone/voice mail at (202) 564-2049 or via email at wong.diana-M@epa.gov. General information concerning the EPA Science Advisory Board can be found at the EPA SAB Web site at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: The SAB was established pursuant to the Environmental Research, Development, and Demonstration Authorization Act (ERDAA) codified at 42 U.S.C. 4365, to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. Pursuant to FACA and EPA policy, notice is hereby given that the SAB CAAC—Benzo[a]pyrene Panel will hold a public teleconference and a public face-to-face meeting. The purpose of the teleconference is to learn about the development of the agency's draft IRIS *Toxicological Review of Benzo[a]pyrene (External Review Draft–September 2014)* and to discuss the draft charge questions for the peer review of the document. The purpose of the face-to-face meeting is to conduct a peer review of the agency's draft IRIS *Toxicological Review of Benzo[a]pyrene (External Review Draft–September 2014)*. This SAB panel will provide advice to the Administrator through the chartered SAB.

Background: EPA's Office of Research and Development (ORD) requested that the SAB conduct a peer review of the draft *Toxicological Review of Benzo[a]pyrene (External Review Draft–September 2014)*. The EPA SAB Staff Office augmented the SAB CAAC with subject matter experts to provide advice through the chartered SAB regarding this IRIS assessment.

Technical Contacts: Any technical questions concerning EPA's draft *Toxicological Review of Benzo[a]pyrene (External Review Draft–September 2014)* should be directed to Dr. Samantha

Jones by telephone at 703-347-8580 or by email at jones.samantha@epa.gov.

Availability of Meeting Materials: Prior to the meeting, the agenda and other materials will be accessible through the calendar link on the blue navigation bar at <http://www.epa.gov/sab/>. Materials may also be accessed at the following SAB Web page <http://yosemite.epa.gov/sab/sabproduct.nsf/02ad90b136fc21ef85256eba00436459/4dcfd0e5f45a8cad85257b65005b17c8!OpenDocument>

Procedures for Providing Public Input:

Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA.

Interested members of the public may submit relevant information on the topic of this advisory activity, for the group conducting the activity, for the SAB to consider during the advisory process. Input from the public to the SAB will have the most impact if it provides specific scientific or technical information or analysis for SAB committees and panels to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should contact the DFO directly. **Oral Statements:** In general, individuals or groups requesting an oral presentation on a public teleconference will be limited to three minutes and an oral presentation at the face-to-face meeting will be limited to five minutes.

Interested parties wishing to provide comments should contact Dr. Diana Wong, DFO (preferably via email), at the contact information noted above, by February 25, 2015 to be placed on the list of public speakers for the teleconference and by April 8, 2015 to be placed on the list of public speakers for the face-to-face meeting. **Written Statements:** Written statements will be accepted throughout the advisory process; however, for timely consideration by Committee/Panel members, statements should be supplied to the DFO via email at the contact information noted above at least one week prior to a public meeting so that the information may be made available to the SAB Panel for their consideration. Written statements should be supplied in one of the electronic formats: Adobe Acrobat PDF, WordPerfect, MS PowerPoint, or Rich

Text files in IBM-PC/Windows 98/2000/XP format. It is the SAB Staff Office general policy to post written comments on the Web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its Web sites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB Web site. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Diana Wong at (202) 564-2049 or wong.diana-M@epa.gov. To request accommodation of a disability, please contact Dr. Wong preferably at least ten days prior to the meeting, to give EPA as much time as possible to process your request.

Dated: January 8, 2015.

Thomas H. Brennan,
Deputy Director, EPA Science Advisory Board Staff Office.

FEDERAL COMMUNICATIONS COMMISSION

[WT Docket No. 14-161; DA 14-1846]

Enhancements to the Commission's Universal Licensing System and Antenna Structure Registration System for Providing Access to Official Electronic Authorizations

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In this document, the Wireless Telecommunications Bureau (Bureau) announces the implementation of further enhancements to the Commission's Universal Licensing System and Antenna Structure Registration System for providing access to official electronic authorizations through those systems or by email, while providing options for receiving authorizations on paper through the U.S. Postal Service.

DATES: Effective February 17, 2015.

FOR FURTHER INFORMATION CONTACT: Mary Bucher at (202) 418-2656 or via email at Mary.Bucher@fcc.gov or the Licensing Support Center at (877) 480-3201, Option 2; TTY (888) 225-5322, Option 2, or via its Web page at <http://esupport.fcc.gov/request.htm>.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Public Notice (*Notice*), DA 14-1846, released on December 18, 2014. The complete text of this document is available for viewing via the Commission's ECFS Web site by entering the docket number, WT Docket No. 14-161. The complete text of this document is also available for public inspection and copying during business hours at the FCC Reference Information Center on the Court Yard Level (Room CY-A257), 445 12th Street SW., Washington, DC (telephone: 202-418-0270; TTY 202-418-2555). In addition, copies of this document may be purchased through the FCC's duplication contractor, Best Copy and Printing, Inc. (BCPI), Portals II, 445 12th Street SW., Room CY-B402, Washington, DC 20554; Telephone 202-488-5300; Fax 202-488-5563; TTY 202-488-5562. BCPI may be reached by email at fcc@bcpiweb.com or via its Web site at <http://www.BCPIWEB.com>. When ordering documents from BCPI, please provide the appropriate FCC document number, for example, DA 14-1846. Alternate formats of this Public Notice (computer diskette, large print, audio recording, and Braille) are available to persons with disabilities by contacting the Consumer & Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (TTY), or by sending an email to fcc504@fcc.gov.

In the *Notice*, the Bureau announces the implementation of further enhancements to the Commission's Universal Licensing System (ULS) and Antenna Structure Registration (ASR) System and adopts final procedures for providing access to official electronic authorizations through these systems. Under these procedures, all commercial, private and public safety wireless service licensees and ASR registrants will access their current official authorizations in "Active" status only through License Manager in ULS or ASR Dashboard in the ASR System or by email, unless a licensee or registrant notifies the Commission that it wishes to receive its official authorizations on paper through the U.S. Postal Service. For purposes of the *Notice*, the term "authorization" includes all current commercial, private, and public safety wireless service licenses, commercial radio operator permits, vessel exemptions, and spectrum leases in "Active" status authorized under parts 1, 13, 20, 22, 24, 26, 27, 74, 80, 87, 90, 95, 97 and 101 of the Commission's rules. The term also includes all current FCC Forms 854R, Antenna Structure Registrations, in "Active" status, including "Granted" or "Constructed,"

authorized under part 17 of the Commission's rules. The term does not include current authorizations in any status other than "Active," including, for example, current authorizations in "Expired," "Cancelled," or "Terminated" status in ULS, or "Cancelled," "Dismantled," or "Terminated" status in the ASR System. In addition, the term does not include spectrum subleases or private commons arrangements, which the Bureau will continue to process on a manual basis, nor does the term include authorizations archived in ULS. Antenna Structure Registrations are not archived in the ASR System. Finally, while other Commission Bureaus manage other licensing systems, the enhancements and final procedures in the *Notice* apply only to ULS and the ASR System. The action taken in the *Notice* marks another step in the Commission's process reform efforts, and allows the Bureau to modernize the Commission's wireless service licensing and antenna structure registration processes. As discussed in detail in the *Notice*, the Bureau takes the following actions:

- All licensees and registrants can access their official authorizations in Active status by securely logging into License Manager in ULS or ASR Dashboard in the ASR System. Once accessed, the licensee or registrant can download, save and print official authorizations, to the extent needed.
- A licensee or registrant can also obtain an electronic version of its authorization through email once its application is granted if the licensee or registrant voluntarily includes a valid email address in the application that it files through ULS or the ASR System, or that it provides to a private organization through which the applicant files applications, e.g., a Frequency Coordinator, Volunteer Examiner Coordinator (VEC), or a Commercial Operator License Examination Manager (COLEM).
- Each official authorization will include a watermark "Official Copy" imprinted across the face of each page of the authorization to authenticate the official status of the license or registration.
- If a licensee or registrant chooses to notify the Bureau that it wishes to receive its official authorization(s) on paper through the mail, it may do so electronically, by telephone, or in writing. The Commission also retains the process by which licensees and registrants may apply through ULS or the ASR System to have duplicate paper copies of official authorizations mailed through the U.S. Postal Service.
