Midwest Hydro, LLC; Notice of Intent To Prepare an Environmental Assessment

On August 30, 2022, Midwest Hydro, LLC filed a relicense application for a subsequent license to continue operating the 0.48-megawatt Beloit Hydroelectric Project No. 2348 (Beloit Project). The project is located on the Rock River, near the City of Beloit in Rock County, Wisconsin.

In accordance with the Commission's regulations, on December 4, 2024, Commission staff issued a notice that the Beloit Project was ready for environmental analysis (REA notice). The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.
