SUPPLEMENTARY INFORMATION:**I. Background**

In the **Federal Register** of June 11, 2010 (75 FR 33311), FDA announced the availability of a guidance for industry entitled “Bioequivalence Recommendations for Specific Products,” which explained the process that would be used to make product-specific guidances available to the public on FDA’s website at: <https://www.fda.gov/drugs/guidance-compliance-regulatory-information/guidances-drugs>.

As described in that guidance, FDA adopted this process to develop and disseminate product-specific guidances and to provide a meaningful opportunity for the public to consider and comment on the guidances. This notice announces the availability of a draft guidance for ethinyl estradiol; segesterone acetate vaginal ring.

FDA initially approved new drug application (NDA) 209627 ANNOVERA (ethinyl estradiol; segesterone acetate) in August 2018. We are now issuing a draft guidance for industry on, among other things, BE recommendations for generic ethinyl estradiol; segesterone acetate vaginal ring (“Draft Guidance for Ethinyl Estradiol; Segesterone Acetate”).

In March 2021, TherapeuticsMD, Inc. (“TherapeuticsMD”) submitted a citizen petition requesting, among other things, that FDA refuse to receive and refuse to approve any ANDAs seeking approval to market a generic version of ANNOVERA unless certain BE criteria are met.

(Docket No. FDA-2021-P-0293, available at <https://www.regulations.gov>). FDA is separately responding to TherapeuticsMD's citizen petition today as well.

This draft guidance is being issued consistent with FDA's good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the current thinking of FDA on the design of BE studies to support ANDAs for ethinyl estradiol; segesterone acetate. It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations.

II. Paperwork Reduction Act of 1995

FDA tentatively concludes that this draft guidance contains no collection of information. Therefore, clearance by the Office of Management and Budget under the Paperwork Reduction Act of 1995 is not required.

III. Electronic Access

Persons with access to the internet may obtain the draft guidance at <https://www.fda.gov/drugs/guidance-compliance-regulatory-information/guidances-drugs>, <https://www.fda.gov/regulatory-information/search-fda-guidance-documents>, or <https://www.regulations.gov>.
