I. Further Information

The license renewal authorizes Uranium One to continue operations of its project as proposed in its license renewal application, as amended, and to continue to possess uranium source and byproduct material at the Willow Creek ISR Project. Uranium One will be required to operate under the conditions listed in Materials License SUA-1341.

The licensee's request for renewal of its license was previously noticed in the **Federal Register** on February 9, 2009 (74 FR 6436), with a notice of an opportunity to request a hearing. The NRC received two requests for a hearing on the license application. After an initial hearing, the Atomic Safety and Licensing Board found that the applicants did not have standing to intervene. In accordance with part 51 of Title 10 of the *Code of Federal Regulations* (10 CFR), an environmental assessment of this action was completed

and a finding of no significant impact was published in the **Federal Register** on July 15, 2011 (76 FR 41528); and on January 25, 2013, a supplemental environmental assessment and finding of no significant impact relating to this action was also published in the **Federal Register** (78 FR 5514).

The NRC has found that the renewal application for the source materials license complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the NRC's rules and regulations as set forth in 10 CFR Chapter 1. As required by the Act and 10 CFR 40.32(a)–(e), the NRC staff has found that: (1) The renewal application is for a purpose authorized by the Act; (2) Uranium One is qualified by reason of training and experience to use source material for the purpose it requested; (3) Uranium One's proposed equipment and procedures for use at its Willow Creek Project are adequate to protect public health and minimize danger to life or property; (4) renewal and issuance of Materials License SUA-

1341 to Uranium One will not be inimical to the common defense and security or to the health and safety of the public; and (5) after weighing the environmental, economic, technical and other benefits against environmental costs, that the action called for is the renewal of Materials License SUA-1341. The NRC prepared a safety evaluation report (SER) that documents the information that was reviewed and the NRC's conclusions.

II. Availability of Documents

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," the details with respect to this action, including the SER and accompanying documentation and license, are available electronically in the NRC Library at <http://www.nrc.gov/reading-rm/adams.html>. From this site, you can access ADAMS, which provides text and image files of the NRC's public documents. The ADAMS accession numbers for the documents related to this notice are:

PRESIDIO TRUST

Notice of Public Meeting

AGENCY: The Presidio Trust.

ACTION: Notice of public meeting.

SUMMARY: In accordance with § 103(c)(6) of the Presidio Trust Act, 16 U.S.C. 460bb appendix, and in accordance with the Presidio Trust's bylaws, notice is hereby given that a public meeting of the Presidio Trust Board of Directors will be held commencing 6:30 p.m. on Tuesday, April 9, 2013, at the Golden Gate Club, 135 Fisher Loop, Presidio of San Francisco, California. The Presidio Trust was created by Congress in 1996 to manage approximately eighty percent of the former U.S. Army base known as the Presidio, in San Francisco, California.

The purposes of this meeting are to take action on the minutes of a previous Board meeting, to provide the Chairperson's report, to provide the

Executive Director's report, to provide partners' reports, to provide an update on the Commissary site Request for Concept Proposals, to present proposals for the accessions of two works of public art, and to receive public comment on these and other matters in accordance with the Trust's Public Outreach Policy.

Individuals requiring special accommodation at this meeting, such as needing a sign language interpreter, should contact Mollie Matull at 415.561.5300 prior to April 2, 2013.

Time: The meeting will begin at 6:30 p.m. on Tuesday, April 9, 2013.

ADDRESSES: The meeting will be held at the Golden Gate Club, 135 Fisher Loop, Presidio of San Francisco.

FOR FURTHER INFORMATION CONTACT:

Karen Cook, General Counsel, the Presidio Trust, 34 Graham Street, P.O. Box 29052, San Francisco, California 94129-0052, Telephone: 415.561.5300.

Dated: March 11, 2013.

Karen A. Cook,
General Counsel.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69147; File No. SR-CBOE-2013-029]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Comply With the Requirements of the National Market System Plan To Address Extraordinary Market Volatility

March 15, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 4, 2013 Chicago Board Options Exchange, Incorporated (the "Exchange" or "CBOE") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend CBOE Stock Exchange, Inc. ("CBSX") rules to comply with the National Market System Plan to Address Extraordinary Market Volatility (as amended, the "Plan"). The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, on the Commission's Web site (<http://www.sec.gov>), and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these

statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to amend CBSX rules to conform with the Plan. Specifically, the Exchange is proposing to add CBSX Rule 52.15, "Special Conditions due to Extraordinary Market Volatility" and make other administrative changes. CBSX believes these amendments will allow CBSX to appropriately conform to the market-wide requirements under the Plan. CBSX believes similar rule changes will be adopted by other markets in the national market system in a coordinated manner.

In an attempt to address extraordinary market volatility in NMS Stock, and, in particular, events like the severe volatility on May 6, 2010, the Exchange, in conjunction with the other national securities exchanges and the Financial Industry Regulatory Authority, Inc. (collectively, "Participants") drafted the Plan pursuant to Rule 608 of Regulation NMS and under the Securities Exchange Act of 1934 (the "Act").³ The Plan is primarily designed to, among other things, address extraordinary market volatility in NMS stocks, protect investors, and promote fair and orderly markets. The Plan provides for market-wide limit up-limit down requirements that prevent trades in individual NMS Stocks from occurring outside of specified price bands, as defined in Section I(N) of the Plan. These requirements would be coupled with trading pauses, as defined in Section I(Y) of the Plan, to accommodate more fundamental price moves (as opposed to erroneous trades or monetary gaps of liquidity).

The Plan was filed on April 5, 2011 by the Participants for publication and comment.⁴ The Participants requested the Commission approve the Plan as a one-year pilot. On May 24, 2012, the Participants filed an amendment to the Plan which clarified, among other things, the calculation of the reference price, as defined in Section I(T) of the Plan, potential for order type exemption, and the creation of an

Advisory Committee.⁵ On May 31, 2012, the Commission approved the Plan, as amended, on a one-year pilot basis.⁶

Under the Plan, Participants are required to adopt certain rules in order to comply. Specifically, Section II(B) requires each Participant to adopt a rule requiring compliance by its members with the provision of the Plan. In addition, Section VI of the Plan sets forth the limit up-limit down requirements of the Plan, and in particular, that all trading centers in NMS Stocks, including both those operated by the Participants and those operated by member of Participants, shall establish, maintain, and enforce written policies and procedures that are reasonably designed to prevent trades at prices that are below the lower price band or above the upper price band for an NMS Stock, consistent with the Plan. Price bands would be calculated by Securities Information Processors ("SIPs") responsible for consolidation of information for an NMS Stock pursuant to Rule 603(b) of Regulation NMS under the Act. As proposed, and approved, the Plan would be implemented, as a one year pilot program, in two phases.⁷ Phase I would become effective immediately and apply to Tier I NMS Stock per Appendix A of the Plan, and Phase II would become effective six months later, or earlier if announced by the SIPs 30 days prior, and would apply to all NMS Stocks.

To comply with the above stated provisions of the Plan, the Exchange is proposing to add CBSX Rule 52.15, "Special Conditions due to Extraordinary Market Volatility" and make other administrative conforming changes. As stated above, CBSX believes similar rule changes will be adopted by other markets in the national market system in a coordinated manner.

First, the Exchange is proposing to add CBSX Rule 52.15, "Special Conditions due to Extraordinary Market Volatility." Under the Plan, Section II(B) requires each Participant to adopt a rule requiring compliance by its members with the provision of the Plan. Thus, the Exchange is proposing to add a new CBSX Rule 52.15(c)(1) to add such language. In addition, the proposed rule change would add CBSX Rule 52.15(a) to refer Trading Permit Holders ("TPHs") to Exchange rules addressing "Market-wide Trading Halts Due to Extraordinary Market Volatility"⁸ as
