

social values, and goods and services produced by lands within the Manti-La Sal National Forest.

DATES: Public meetings to discuss development of the Assessment will be held in September 2016. Dates and locations will be posted on the Forest Web site (<http://www.fs.usda.gov/detail/mantilasal/landmanagement/planning/?cid=fseprd509713>) and mailed to individuals and organizations on the mailing list. A draft of the Assessment report is anticipated to be posted at the Web site cited above in early 2017. Following completion of the Assessment, the Forest will initiate procedures pursuant to the National Environmental Policy Act (NEPA) to prepare and evaluate a revised Forest Plan.

ADDRESSES: Written correspondence can be sent to: Manti-La Sal National Forest, Attn: Forest Plan Revision, 599 West Price River Drive, Ste. A, Price, UT 84501; or emailed to mlnfplanrevision@fs.fed.us.

FOR FURTHER INFORMATION CONTACT: Blake Bassett, Forest Plan Revision Partnership Coordinator, at the mailing address above; or call 435-636-3508. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m. Eastern Time, Monday through Friday. More information on our plan revision process is available on the Forest's planning Web site at <http://www.fs.usda.gov/detail/mantilasal/landmanagement/planning/?cid=fseprd509713>. You may also contact us by email at: mlnfplanrevision@fs.fed.us.

SUPPLEMENTARY INFORMATION: The National Forest Management Act (NFMA) of 1976 requires that every National Forest System (NFS) unit develop and periodically revise a Forest Plan. The procedures for doing this are in federal regulation ("Planning Rule," 36 CFR 219) and in Forest Service directives. Forest Plans provide strategic direction for managing forest resources for around fifteen years, and are adaptive and amendable as conditions change over time.

Under the Planning Rule, an Assessment of ecological, social, and economic conditions and trends in the planning area is the first phase of a 3-phase planning process (36 CFR 219.6). The second phase is guided, in part, by the National Environmental Policy Act (NEPA). It includes preparation of a draft revised Forest Plan, one or more alternatives to the draft plan, and a draft environmental impact statement (DEIS) for public review and comment. This is

followed by a final environmental impact statement (FEIS) and draft decision. The draft decision is subject to the objection procedures of 36 CFR part 219, subpart B, before it can be finalized. The third phase of the process is implementation and monitoring, which is ongoing over the life of the revised Forest Plan.

This notice announces the start of the Manti-La Sal National Forest's Assessment process. The Assessment will rapidly evaluate existing information about relevant ecological, economic, cultural and social conditions, trends and sustainability and their relationship to the current Forest Plan within the context of the broader landscape. The Assessment does not include any decisions or require any actions on the ground. Its purpose is to provide a solid base of information that will be used to identify preliminary needs for change in the current Forest Plan, and to inform development of a revised plan.

With this notice, the Manti-La Sal National Forest invites other governments, non-governmental parties, and the public to contribute to Assessment development. The intent of public participation during this phase is to identify as much relevant information as possible to inform the plan revision process. We also encourage contributors to share their concerns and perceptions of risk to social, economic, and ecological systems in or connected to the planning area.

As public engagement opportunities are scheduled, public announcements will be made and information will be posted on the Forest's Web site: <http://www.fs.usda.gov/detail/mantilasal/landmanagement/planning/?cid=fseprd509713>. To contribute information or ask to be added to our mailing list, please call 435-636-3508 or email mlnfplanrevision@fs.fed.us.

Responsible Official

The responsible official for the revision of the land management plan for the Manti-La Sal National Forest is the Forest Supervisor, Mark Pentecost, Manti-La Sal National Forest, 599 West Price River Drive, Ste. A, Price, Utah 84501.

Dated: July 25, 2016.

Brian M. Pentecost,
Forest Supervisor.

BILLING CODE 3411-15-P

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

[Docket No. NRCS-2016-0005]

Mountain Run Watershed Dam No. 50, Culpeper County, Virginia

AGENCY: Natural Resources Conservation Service (NRCS), U.S. Department of Agriculture (USDA).

ACTION: Notice of a Finding of No Significant Impact.

SUMMARY: Pursuant to Section 102[2][c] of the National Environmental Policy Act of 1969, the Council on Environmental Quality Regulations, and the Natural Resources Conservation Service Regulations, NRCS gives notice that an environmental impact statement is not being prepared for the rehabilitation of Mountain Run Watershed Dam No. 50, Culpeper County, Virginia.

FOR FURTHER INFORMATION CONTACT: John A. Bricker, State Conservationist, Natural Resources Conservation Service, 1606 Santa Rosa Road, Suite 209, Richmond, Virginia 23229. Telephone (804) 287-1691, email jack.bricker@va.usda.gov.

SUPPLEMENTARY INFORMATION: The environmental assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, John A. Bricker, State Conservationist, has determined that the preparation and review of an environmental impact statement is not needed for this project.

The project purpose is continued flood prevention. The planned works of improvement include upgrading an existing multi-purpose flood control and water supply structure.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the various Federal, State, and local agencies and interested parties. A limited number of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting John A. Bricker at the above number.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

Signed this 18th day of July, 2016, in Richmond, Virginia.

John A. Bricker,

State Conservationist, Natural Resources Conservation Service, Richmond, Virginia.

BILLING CODE 3410-16-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Institute of Standards and Technology (NIST).

Title: Baldrige Performance Excellence Program (BPEP) Team Leader Consensus and Team Leader Site Visit Information Collections.

OMB Control Number: #0693-XXXX. This is a new collection.

Form Number(s): None.

Type of Request: Regular submission. *Number of Respondents:* 480.

Average Hours per Response: 10 minutes.

Burden Hours: 80 Hours (480 X 10 minutes per response = 80 Hours).

Needs and Uses: The Baldrige Performance Excellence Program (BPEP) staff members need to survey the Baldrige Examiners to understand what roles they are willing and able to take on, what travel assignments they can handle, and what input they have on the skills of other examiners and improvements to the processes in which they participate. This evaluative data is the way the program decides which examiner should be elevated to team leadership responsibility and which skills need to be taught at examiner training in the next year.

The purpose of the information is to help staff collect data on the skills of the examiners, including alumni examiners, in order to best manage training and selection. Because the examiner selection process is so competitive, examiners need to demonstrate competencies such as understanding the Baldrige Criteria, team skills, and writing skills. The program also needs to collect peer-based information to understand an examiner's skill level in order to make decisions on whether the examiner should be elevated to "senior examiner" and therefore team leader. The blinded data will be shared with the team leader for improvement purposes, and for future assignments.

Affected Public: Individual or Households.

Frequency: Annually.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: July 26, 2016.

Glenna Mickelson,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-48-2016]

Foreign-Trade Zone (FTZ) 38—Spartanburg, South Carolina; Notification of Proposed Production Activity; Benteler Automotive Corporation (Automotive Suspension and Body Components); Duncan, South Carolina

The South Carolina State Ports Authority, grantee of FTZ 38, submitted a notification of proposed production activity to the FTZ Board on behalf of Benteler Automotive Corporation (Benteler), located in Duncan, South Carolina. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on June 28, 2016.

Benteler already has authority to produce automotive suspension and body components within Subzone 38F. The current request would add one finished product to the existing scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific finished product described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Benteler from customs duty payments on the foreign-status materials/components used in export production. On its domestic sales, Benteler would be able to choose the duty rates during customs entry procedures that apply to instrument panel supports (duty rate 2.5%) for the foreign-status materials/components in

the existing scope of authority. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is September 7, 2016.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Christopher Kemp at Christopher.Kemp@trade.gov or (202) 482-0862.

Dated: July 25, 2016.

Andrew McGilvray,

Executive Secretary.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[S-103-2016]

Foreign-Trade Zone 24—Pittston, Pennsylvania; Application for Subzone; Michaels Stores Procurement Company, Inc.; Hazleton, Pennsylvania

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Eastern Distribution Center, Inc., grantee of FTZ 24, requesting subzone status for the facility of Michaels Stores Procurement Company, Inc., located in Hazleton, Pennsylvania. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on July 26, 2016.

The proposed subzone (77.8 acres) is located at 60 Green Mountain Road, Hazleton. No authorization for production activity has been requested at this time. The proposed subzone would be subject to the existing activation limit of FTZ 24.

In accordance with the Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to review the application and make recommendations to the Executive Secretary.
