Common Alloy Aluminum Sheet From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2020–2021; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: On September 8, 2022, the U.S. Department of Commerce (Commerce) published the **Federal Register** notice of the final results of the administrative review of the antidumping duty order on common alloy aluminum sheet from the People's Republic of China (China) covering the period February 1, 2020, through January 31, 2021. That notice incorrectly identified the name of one company in the final results of the review rate table.

FOR FURTHER INFORMATION CONTACT: Frank Schmitt, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4880.

SUPPLEMENTARY INFORMATION:**Correction**

In the **Federal Register** of September 8, 2022, FR Doc. 2022-19342, on page 54976, in the weighted-average dumping margin table, make the following correction:

- In the first row of the “Exporter” column, revise the first-listed company name, “Jiangsu Alcha Aluminum Co., Ltd.” to “Jiangsu Alcha Aluminum Group Co., Ltd.”

Background

On September 8, 2022, Commerce published in the **Federal Register** the final results of the administrative review of the antidumping duty order on common alloy aluminum sheet from China covering the period February 1, 2020, through January 31, 2021.¹

In the weighted-average dumping margin table, Commerce inadvertently misidentified Jiangsu Alcha Aluminum Group Co., Ltd., as Jiangsu Alcha Aluminum Co., Ltd. (omitting the word “Group” between “Aluminum” and “Co.”).

¹ See *Common Alloy Aluminum Sheet from the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2020–2021*, 87 FR 54975 (September 8, 2022).

The corrected weighted-average dumping margin table is as follows:

Exporter	Weighted-average dumping margin (percent)
Jiangsu Alcha Aluminum Group Co., Ltd./Baotou Alcha Aluminum Co., Ltd./Alcha International Holdings Limited	51.50
Non-Selected Company Under Review Receiving a Separate Rate	
Yinbang Clad Material Co., Ltd ..	51.50

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1), 751(a)(2)(B), and 777(i)(1) of the Tariff Act of 1930 as amended, and 19 CFR 351.221(b)(5).

Dated: September 23, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Certain Vertical Shaft Engines Between 99cc and Up To 225cc, and Parts Thereof, From the People's Republic of China: Affirmative Preliminary Determination of Circumvention of the Antidumping and Countervailing Duty Orders—Dual-Piston Engines; Rescission in Part

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that imports of dual-piston engines with a single, common combustion chamber, of the type designed by FNA Group, Inc. (FNA), produced in and exported from the People's Republic of China (China) constitute later-developed merchandise that circumvent the antidumping duty (AD) and countervailing duty (CVD) orders on certain vertical shaft engines between 99cc and up to 225cc, and parts thereof (small vertical engines), from China. Commerce also preliminarily determines that this affirmative

² For the purposes of this review, we have considered the names Jiangsu Alcha Aluminum Group Co., Ltd. and Jiangsu Alcha Aluminium Group Co., Ltd. as equivalent.

circumvention finding should be applied on a country-wide basis.

DATES: Applicable September 29, 2022.

FOR FURTHER INFORMATION CONTACT: Paul Gill, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5673.

SUPPLEMENTARY INFORMATION:**Background**

On May 4, 2021, Commerce published AD and CVD orders on small vertical engines from China.¹ On April 25, 2022, in response to a request from Briggs & Stratton, LLC (the petitioner), Commerce initiated a circumvention inquiry to determine whether dual-piston engines with a single, common combustion chamber, of the type designed by FNA, involve a “minor alteration” to subject merchandise or are “later-developed merchandise,” such that they should be considered subject to the AD and CVD orders on small vertical engines from China.² The petitioner alleges that such merchandise, produced in, and exported from, China, and imported into the United States may circumvent the *Orders*. For a complete description of the events that followed the initiation of this inquiry, see the Preliminary Decision Memorandum.³

Scope of the Orders

The products subject to the *Orders* are small vertical engines from China. For a complete description of the scope of the *Orders*, see the Preliminary Decision Memorandum.⁴

Merchandise Subject to the Circumvention Inquiry

The merchandise subject to this circumvention inquiry are dual-piston engines with a single, common
