#### Notice Regarding Electronic Publication of Notices

June 16, 2000.

Take notice that effective June 21, 2000, the Commission will begin making notices public electronically on a continuous basis on the Commission's Issuance Posting System (CIPS).

Currently the Office of the Secretary, regularly posts copies of notices daily at 10 a.m., 3 p.m., and 4:30 p.m. on bulletin boards outside of the Public Reference Room.

Since the Commission has implemented an electronic document handling system for notices, the Commission now has the capability of making notices public electronically on CIPS on a continuous basis throughout the work day. In the past, notices were not added to CIPS until after the paper copy was posted on a bulletin board.

In order to provide notices to the public in a more timely manner, effective June 21, 2000, notices will be added to CIPS on a continuous basis throughout the day instead of awaiting the paper posting hours. The Secretary will continue to post paper copies of notices at 10:00 a.m., 3:00 p.m., 4:30 p.m., and when necessary after 5 p.m.

This announcement applies only to notice and not to any other Commission issuances.

[Docket No. RM98-1-000]

#### Regulations Governing Off-the-Record Communications; Public Notice

June 16, 2000.

This constitutes notice, in accordance with 18 CFR 385.2201(h), of the receipt of exempt and prohibited off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive an exempt or a prohibited off-the-record communication relevant to the merits of a contested on-the-record proceeding, to deliver a copy of the communication, if written, or a summary of the substance of any oral communication, to the Secretary.

Prohibited communications will be included in a public, non-decisional file associated with, but not part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such requests only when it determines that fairness so requires.

Exempt off-the-record communications will be included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of exempt and prohibited off-the-record communications received in the Office of the Secretary within the preceding 14 days. The documents may be viewed in the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).
