SUPPLEMENTARY INFORMATION:

I. *Background:* Section 3304(a)(9)(B), of the Internal Revenue Code (IRC) of 1986, requires states to participate in an arrangement for combining employment and wages covered under the different state laws for the purpose of determining unemployed workers' entitlement to unemployment compensation. The Interstate Arrangement for Combining Employment and Wages for combined wage claims (CWC), promulgated at 20 CFR 616, requires the prompt transfer of all relevant and available employment and wage data between states upon request. The Benefit Payment Promptness Standard, 20 CFR part 640, requires the prompt payment of unemployment compensation including benefits paid under the CWC arrangement. The ETA 586 report provides the ETA/Office of Workforce Security with information necessary to measure the scope and effect of the CWC program and monitor the performance of each state in responding to wage transfer data requests and the payment of benefits.

II. *Desired Focus of Comments:* Currently, the Department of Labor is soliciting comments concerning the proposed extension of the report for the Interstate Arrangement for Combining Employment and Wages, ETA 586. The Department is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the CWC program, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,

e.g., permitting electronic submissions of responses.

A copy of the proposed information collection request (ICR) can be obtained by contacting the office listed above in the addressee section of this notice.

III. *Current Actions:* This information is necessary in order for ETA to analyze program performance, know when corrective action plans are needed and to target technical assistance resources. Without this report, it would be impossible for the ETA to identify claims and benefit activity under the CWC program and carry out the Secretary's responsibility for program oversight.

BILLING CODE 4510-FW-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-370]

Duke Power Company LLC; Notice of Consideration of Issuance of Amendment to Facility Operating License and Opportunity for a Hearing

The U.S. Nuclear Regulatory Commission (the Commission) is considering issuance of an amendment to Facility Operating License No. NPF-17, issued to Duke Power Company LLC (the licensee), for operation of the McGuire Nuclear Station, Unit 2 (McGuire 2), located in Mecklenburg County, North Carolina.

The proposed amendment would allow the McGuire 2 auxiliary feedwater system (AFW) "A" train to be declared inoperable for an additional 72 hours beyond the allowed 72 hours for piping modifications and testing of the Nuclear Service Water System. The evolution is scheduled to be performed within the allowed time (72 hours) for one train of AFW to be inoperable. However, implementation and schedule uncertainty could lead to exceeding the allowed 72 hours for the AFW system Technical Specification (TS). Therefore, in an effort to avoid an unnecessary Unit 2 shutdown or submittal of a request for enforcement discretion, McGuire 2 is requesting a one-time limited duration TS change.

Before issuance of the proposed license amendment, the Commission will have made findings required by the Atomic Energy Act of 1954, as amended (the Act), and the Commission's regulations.

The filing of requests for hearing and petitions for leave to intervene is discussed below.

Within 60 days after the date of publication of this notice, the person(s) may file a request for a hearing with respect to issuance of the amendment to
