

meaning of § 1.6033-2(h)(2)) with a church or operated by a religious order.

(v) A State institution, the income of which is excluded from gross income under section 115(a);

(vi) An organization described in section 501(c)(1).

(vii) An organization that is a governmental unit or an affiliate of a governmental unit exempt from Federal income tax under section 501(a).

(3) If an organization exempt from taxation under section 501(a) is not described in paragraph (b)(1) or (2) of this section, the organization must submit an annual notification. Thus, a black lung trust that normally has gross receipts of \$25,000 or less is not required to file Form 990-BL but is required to submit electronic notification. A section 509(a)(3) supporting organization of a religious organization that normally has gross receipts of \$5,000 or less is not required to file Form 990 or Form 990-EZ but is required to submit electronic notification.

(c) *Additional notification requirements*—(1) *In general.* Any organization described in paragraph (a)(1) of this section shall submit an annual notification described in section 6033(i)(1). The annual notification shall—

(i) Be in electronic form; and

(ii) Set forth—

(A) The legal name of the organization;

(B) Any name under which the organization operates or does business;

(C) The organization's mailing address and Internet Web site address (if any);

(D) The organization's taxpayer identification number;

(E) The name and address of a principal officer;

(F) Evidence of the continuing basis for the organization's exemption from the filing requirements under section 6033(a)(1); and

(G) Additional information necessary to process the notification.

(2) The mailing address required by section 6033(i)(1)(C) and submitted in the annual notification shall be the organization's last known address as provided by § 301.6212-2(a) of this chapter. This last known address may be updated as provided under § 301.6212-2 of this chapter, or by clear and concise notification. The Internal Revenue Service will use this last known address as the organization's address of record and will direct all mailings to this address.

(3) By submitting the annual notification described in this paragraph (c)(1), an organization acknowledges that it is not required to file a return

under section 6033(a) because its annual gross receipts are not normally in excess of \$25,000. In order to make this determination, the organization must keep records that enable it to calculate its gross receipts. All organizations are required to maintain records under section 6001. These records will provide evidence of the continuing basis for the organization's exemption from the filing requirements under section 6033(a)(1).

(4) If an organization that is required to submit an annual electronic notification files a complete Form 990 or Form 990-EZ the annual notification requirement shall be deemed satisfied. The annual notification requirement is not satisfied if the Form 990 or Form 990-EZ contains only those items of information that would have been required by submitting the notification in electronic form. Also, the filing of a complete Form 990 or Form 990-EZ, rather than the submission of an annual electronic notification, is the filing of a return that starts the period of limitations for assessment under section 6501(g)(2).

(d) *No effect on other filing requirements.* An organization that is relieved from filing an information return under section 6033(a) is still subject to the requirements of § 1.6033-2(i) and (j), concerning notice regarding changes in character, operations, or purpose; providing additional information; duty to file other returns of information; and duty to file unrelated business tax returns. If an organization is required to file an unrelated business tax return, Form 990-T, "Exempt Organization Business Income Tax Return," the filing of that return does not relieve the organization from the requirement of submitting notification under section 6033(i).

(e) *Accounting period for submitting electronic notification.* An annual notification required by this section shall be on the basis of the established annual accounting period of the organization. If the organization has no established accounting period, annual notification shall be on the basis of the calendar year.

(f) *Time and place for submitting electronic notification.* The annual notification required by this section shall be submitted on or before the 15th day of the fifth calendar month following the close of the period for which the notification is required to be submitted. Thus, an organization with an accounting period ending December 31, 2007, is required to submit annual notification by May 15, 2008. The notification shall be submitted in accordance with instructions and publications, including those provided

at the Internal Revenue Service Web site for exempt organizations.

(g) *Effective/applicability date.* These regulations are applicable to annual periods beginning after 2006.

(h) *Expiration date.* These regulations expire November 15, 2010.

Linda E. Stiff,

Deputy Commissioner for Services and Enforcement.

Approved: November 6, 2007.

Assistant Secretary of the Treasury (Tax Policy).

BILLING CODE 4830-01-P

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Parts 4022 and 4044

Benefits Payable in Terminated Single-Employer Plans; Allocation of Assets in Single-Employer Plans; Interest Assumptions for Valuing and Paying Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: The Pension Benefit Guaranty Corporation's regulations on Benefits Payable in Terminated Single-Employer Plans and Allocation of Assets in Single-Employer Plans prescribe interest assumptions for valuing and paying benefits under terminating single-employer plans. This final rule amends the regulations to adopt interest assumptions for plans with valuation dates in December 2007. Interest assumptions are also published on the PBGC's Web site (<http://www.pbgc.gov>).

DATES: Effective December 1, 2007.

FOR FURTHER INFORMATION CONTACT:

Catherine B. Klion, Manager, Regulatory and Policy Division, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202-326-4024. (TTY/TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

SUPPLEMENTARY INFORMATION: The PBGC's regulations prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits of terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions are intended to reflect current conditions in the financial and annuity markets.

Three sets of interest assumptions are prescribed: (1) A set for the valuation of benefits for allocation purposes under section 4044 (found in Appendix B to part 4044), (2) a set for the PBGC to use to determine whether a benefit is payable as a lump sum and to determine lump-sum amounts to be paid by the PBGC (found in Appendix B to part 4022), and (3) a set for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using the PBGC's historical methodology (found in Appendix C to part 4022).

This amendment (1) adds to Appendix B to part 4044 the interest assumptions for valuing benefits for allocation purposes in plans with valuation dates during December 2007, (2) adds to Appendix B to part 4022 the interest assumptions for the PBGC to use for its own lump-sum payments in plans with valuation dates during December 2007, and (3) adds to Appendix C to part 4022 the interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using the PBGC's historical methodology for valuation dates during December 2007.

For valuation of benefits for allocation purposes, the interest assumptions that the PBGC will use (set forth in Appendix B to part 4044) will be 5.37 percent for the first 20 years following the valuation date and 5.04 percent thereafter. These interest assumptions

represent a decrease (from those in effect for November 2007) of 0.09 percent for the first 20 years following the valuation date and 0.09 percent for all years thereafter.

The interest assumptions that the PBGC will use for its own lump-sum payments (set forth in Appendix B to part 4022) will be 3.00 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit's placement in pay status. These interest assumptions represent a decrease (from those in effect for November 2007) of 0.25% in the immediate annuity rate and are otherwise unchanged. For private-sector payments, the interest assumptions (set forth in Appendix C to part 4022) will be the same as those used by the PBGC for determining and paying lump sums (set forth in Appendix B to part 4022).

The PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the valuation and payment of benefits in plans with valuation dates during December 2007, the PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

The PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

Background and Purpose

The Louisiana Department of Transportation and Development has requested that the operating regulation of the S433 pontoon span bridge, located on Liberty Bayou at mile 2.0 in Slidell, St. Tammany Parish, Louisiana, be changed in order to make more efficient use of operating resources. Currently, the draw of the S433 Bridge opens on signal, except that from 9 p.m. to 5 a.m. the draw opens on signal if at least 12 hours notice is given, as required by 33 CFR 117.469. The Coast Guard previously published a notice of proposed rulemaking [CGD08–06–10] on May 4, 2006 (86 FR 26290). The proposed rule would have changed the regulation governing the operation of the (S433) pontoon span bridge across Liberty Bayou, mile 2.0, at Slidell, St. Tammany Parish, Louisiana. The rule, as previously proposed, would have changed the notice required for an opening from 12 hours to 4 hours. A

final rule for that proposed change was not published. Subsequently, the bridge owner has requested that the notice for an opening be changed so that the bridge will open on signal, except that from 7 p.m. to 7 a.m., the bridge will open on signal if at least 2 hours notice is given.

A Supplemental Notice of Proposed Rulemaking [CGD08–06–010], is being issued in conjunction with this Temporary Deviation to obtain public comments. The Coast Guard will evaluate public comments from this Test Deviation and the above referenced Supplemental Notice of Proposed Rulemaking to determine if a permanent special drawbridge operating regulation is warranted.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: November 6, 2007.

David M. Frank,

Bridge Administrator.
