

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

Send an e-mail to rule-comments@sec.gov. Please include File Number SR-C2-2011-002 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-C2-2011-002. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-C2-2011-002 and should be submitted on or before February 4, 2011.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁰

Elizabeth M. Murphy,

Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63668; File No. SR-NSCC-2010-09]

Self-Regulatory Organizations; National Securities Clearing Corporation; Order Approving Proposed Rule Change Regarding the Creation of a Universal Trade Capture Application and Automated Special Representative Facility

January 6, 2011.

I. Introduction

On August 30, 2010, the National Securities Clearing Corporation ("NSCC") filed proposed rule change SR-NSCC-2010-09 with the Securities and Exchange Commission ("Commission") pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder.² On September 9, 2010, NSCC filed an amendment to the proposed rule change. The proposed rule change modifies NSCC's rules and procedures to create a new Universal Trade Capture ("UTC") application and an automated Special Representative facility. The proposed rule change was published for comment in the **Federal Register** on September 20, 2010.³ No comment letters were received. This order approves the proposed rule change.

II. Description of the Proposal

A. Uniform Trade Capture

Pursuant to the proposed rule change, NSCC is replacing its trade capture applications, such as the Trade Comparison and Recording Operation, with the new UTC application that is designed to standardize, streamline, consolidate, and modernize NSCC's system for capturing securities transaction information for clearance and settlement at NSCC.

The UTC application will accept and process a common input record from all securities marketplaces. It will receive and report data from members and self-

regulatory organizations ("SROs") in both real-time and intraday batch submissions to and. NSCC will convert the existing input format to the new UTC input record format, which will enable the UTC to provide members and SROs with their trade output in the format of their choice (new or old). UTC will also replace all current locked-in over-the-counter ("OTC") and listed trade capture applications with one central, real-time validation and reporting process and will have the capability to accept, reject, validate, process, and send contract output to members in real-time. Members will only have to support one standardized input and output format.

B. Correspondent Clearing Service

Prior to this rule change, NSCC's rules provided that its Correspondent Clearing Service could only be used to: (a) Accommodate a member with multiple affiliate accounts that wishes to move a position resulting from an "original trade" in the process of clearance from one affiliate account to another or (b) accommodate a member that relies on its Special Representative to execute a trade in a market that the member is precluded due to membership requirements (*e.g.*, membership requirement for access to markets) or applicable regulation in order to enable the resulting position to be moved from the Special Representative to that member.

Under this rule change, NSCC will provide that the Correspondent Clearing Service may be utilized by members to accommodate a member that relies on its Special Representative to execute a trade in any market regardless of whether that member maintains direct access to that market to enable the resulting position to be moved from the Special Representative to that member.

C. Creation of an Automated Special Representative Facility

To assist members control and monitor their Special Representative and Qualified Special Representative relationships, NSCC is creating an automated, online, secure facility by which members themselves may establish, monitor, and maintain these relationships. Both the Special Representative Member and the Correspondent Member will have to submit matching instructions within the facility in order for the relationship to be established. Either party will be able to submit an entry to retire the relationship.

Members will be reminded, through formatting within the facility, of their existing and unchanged obligations

¹⁰ 17 CFR 200.30-3(a)(12).

¹¹ 15 U.S.C. 78s(b)(1).

¹² 17 CFR 240.19b-4.

³ Securities Exchange Act Release No. 62822 (Sept. 20, 2010), 75 FR 57318.

under NSCC's rules with respect to utilizing these services—namely, that by establishing the relationship within the facility both members will continue to be bound by NSCC's rules, the Correspondent is bound by the details of all transactions submitted on their behalf by the Qualified Special Representative or Special Representative, and any errors or omissions or disputes relating to such relationships and related transactions must be resolved directly between the parties.

The establishment of relationships through the automated facility will meet the written notice requirements for such services as otherwise set forth within NSCC's rules and procedures. Members will no longer be required to submit signed forms to NSCC for these processes.

D. Implementation Time Frame

NSCC will implement many of the changes described above by January 31, 2011.

With respect to UTC changes and to support the migration period, NSCC will provide a conversion process to support those markets that are not yet ready to submit transaction data in the new common input format (*i.e.*, NSCC will accept data in the old format and convert data into the new UTC format). The conversion process will enable NSCC to offer members and SROs the new output format regardless of whether the market has converted to the new standard. UTC will continue to support all existing interfaces with markets, members, and SROs with respect to trade input and output.

To provide maximum flexibility in allowing firms to migrate to the new input and output formats according to their own schedules, NSCC will continue to support all existing interfaces with markets, members, SROs and regulatory agencies for a period of time after UTC is implemented.

Finally, NSCC will establish a plan for the retirement of all legacy input and output formats and by the end of the first quarter of 2012 will reassess the status of those firms utilizing legacy formats. At that time, NSCC will work with any members, SROs, and regulatory agencies that have not yet converted from legacy reporting, thereby affording such firms sufficient lead time for migration.

III. Discussion

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to NSCC. In particular, the

Commission finds that the proposal is consistent with Section 17A(b)(3)(F) of the Act,⁴ which requires that the rules of a registered clearing agency are designed to, among other things, remove impediments to the perfection of the mechanism of a national system for the prompt and accurate clearance and settlement of securities transactions. NSCC's consolidation of its trade capture and reporting applications are designed to remediate certain operational inefficiencies associated with providing and maintaining redundant transaction submission and reporting systems that were created to service different transaction sources. As securities marketplaces have ceased providing clearance and settlement services for their members and as those members have ultimately become direct NSCC members or have entered clearing arrangements with other NSCC members, there is little operational basis for NSCC to continue to service different data formats and systems. Accordingly, consolidating its systems to receive and report transaction details while providing new automated services to assist NSCC members maintain their correspondent and Special Representative relationships should help remove certain impediments to the perfection of the mechanism of a national system for the prompt and accurate clearance and settlement of securities transactions.

IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposed rule change is consistent with the requirements of the Act and in particular Section 17A of the Act⁵ and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁶ that the proposed rule change (File No. SR-NSCC-2010-09) be and hereby is approved.⁷

For the Commission by the Division of Trading and Markets, pursuant to delegated authority.⁸

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63669; File No. SR-NYSE-2011-01]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Exchange Price List

January 6, 2011.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on January 3, 2011, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its 2011 Price List ("Price List") for equity transactions in stocks with a per share stock price less than \$1.00 to provide that the equity per share charge for all other transactions when taking liquidity from the Exchange per transaction will be the lesser of (i) 0.3% of the total dollar value of the transaction and (ii) \$0.0023 per share. The amended pricing will take effect on January 3, 2011. The text of the proposed rule change is available at the Exchange, at <http://www.nyse.com>, at the Commission's Public Reference Room, and on the Commission's Web site at <http://www.sec.gov>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.
