

SUMMARY: The Acting Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before November 25, 2002.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Acting Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: September 20, 2002.

John D. Tressler,

Leader, Regulatory Information Management Group, Office of the Chief Information Officer.

Priorities

Invitational Priority

We are particularly interested in applications that meet the following priority.

Activities and programs designed to promote information sharing among U.S. researchers using the overseas centers.

Under 34 CFR 75.105(c)(1) we do not give an application that meets the priority a competitive or absolute preference over other applications.

Application Procedures

The Government Paperwork Elimination Act (GPEA) of 1998, (Pub. L. 105–277) and the Federal Financial Assistance Management Improvement

Act of 1999, (Pub. L. 106–107) encourage us to undertake initiatives to improve our grant processes. Enhancing the ability of individuals and entities to conduct business with us electronically is a major part of our response to these Acts. Therefore, we are taking steps to adopt the Internet as our chief means of conducting transactions in order to improve services to our customers and to simplify and expedite our business processes.

We are requiring that applications for the FY 2003 AORC Program competition for new awards be submitted electronically using e-APPLICATION available through the Education Department's e-GRANTS system. The e-GRANTS system is accessible through its portal page at: <http://e-grants.ed.gov>.

Applicants who are unable to submit an application through the e-GRANTS system may apply for a waiver to the electronic submission requirement. To apply for a waiver, applicants must explain the reason(s) that prevent them from using the Internet to submit their applications. The reason(s) must be outlined in a letter addressed to Cheryl E. Gibbs, U.S. Department of Education, 1990 K Street, NW., Suite 6000, Washington, DC 20006–8521. Please submit your letter no later than two weeks before the deadline for transmittal of applications.

Any application that receives a waiver to the electronic submission requirement will be given the same consideration in the review process as an electronic application.

Waiver of Proposed Rulemaking

Some of the procedures in these instructions for transmitting applications differ from those in the Education Department General Administrative Regulations (EDGAR) (34 CFR 75.102). Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed regulations. However, these amendments make procedural changes only and do not establish new substantive policy. Therefore, under 5 U.S.C. 553(b)(A), the Secretary has determined that proposed rulemaking is not required.

Pilot Project for Electronic Submission of Applications

In FY 2003, the U.S. Department of Education is continuing to expand its pilot project of electronic submission of applications to include additional formula grant programs and additional discretionary grant competitions. The AORC Program (CFDA 84.274A) is one of the programs included in the pilot

project. If you are an applicant under the AORC Program, you must submit your application to us in electronic format or receive a waiver.

The pilot project involves the use of the Electronic Grant Application System (e-APPLICATION, formerly e-GAPS) portion of the Grant Administrative and Payment System (GAPS). We shall continue to evaluate its success and solicit suggestions for improvement.
