

in the calculation to determine if an operator is a large or small operator.

Large operators are always required to submit annual MIS reports whereas small operators are only required to submit MIS reports upon written request from PHMSA. If a small operator has submitted a MIS report in or after calendar year 2018, the PHMSA Portal message may state that no MIS report is required for calendar year 2020. If a small operator has grown to more than 50 covered employees during calendar year 2020, the PHMSA Portal message will include instructions for how to obtain a DAMIS user name and password for the 2020 calendar year reporting period.

If an operator is required to submit a MIS report in accordance with part 199, that report is not complete until PHMSA receives a MIS data report for each contractor that performed covered functions as defined in § 199.3. Operators must submit operator and contractor employee testing data in separate MIS reports to avoid duplicative reporting and inaccurate data that could affect the positive rate for the entire industry.

Reminder of Method for Operators To Obtain User Name and Password for Electronic Reporting

By early January 2021, the user name and password required for an operator to access DAMIS and enter calendar year 2020 data will be available to all operator staff with access to the PHMSA Portal. Pipeline operators have been submitting reports required by 49 CFR parts 191 and 195 through the PHMSA Portal (<https://portal.phmsa.dot.gov/pipeline>) since 2011. PHMSA determined that distributing information via the Portal would be more effective than the previous mailing process.

When the DAMIS user name and password are available in the PHMSA Portal, all registered users will receive an email to that effect. If operator staff responsible for submitting MIS reports do not receive the DAMIS information, they should coordinate with other registered PHMSA Portal users within their company to obtain the DAMIS user name and password. Registered PHMSA Portal users for an operator typically include operator staff or consultants who submit annual and incident reports through PHMSA F 7000- and 7100-series forms.

Operators that have not previously registered staff in the PHMSA Portal for the reporting purposes of parts 191 and 195 can register users by following the instructions at: <https://portal.phmsa.dot.gov/PHMSAPortal2/>

I. Statutory and Regulatory Provisions

The legislative framework generally referred to as the Bank Secrecy Act (BSA) consists of the Currency and Financial Transactions Reporting Act of 1970, as amended by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA PATRIOT Act) (Pub. L. 107-56) and other legislation. The BSA is codified at 12 U.S.C. 1829b, 12 U.S.C. 1951-1959, 31 U.S.C. 5311-5314 and 5316-5332, and notes thereto, with implementing regulations at 31 CFR Chapter X.

The BSA authorizes the Secretary of the Treasury, *inter alia*, to require financial institutions to keep records and file reports that are determined to have a high degree of usefulness in criminal, tax, and regulatory matters, or in the conduct of intelligence or counter-intelligence activities to protect against international terrorism, and to implement anti-money laundering (AML) programs and compliance procedures.¹ Regulations implementing the BSA appear at 31 CFR Chapter X. The authority of the Secretary to administer the BSA has been delegated to the Director of FinCEN.²

31 U.S.C. 5331 of the BSA and 26 U.S.C. 6050I of the Internal Revenue Code require that certain transactions be reported to both FinCEN and the Internal Revenue Service (IRS) in the form and manner prescribed by the Secretary of the Treasury. Specifically, reporting is required by any person engaged in a trade or business who, in the course of such trade or business, receives more than \$10,000 in coins or currency in one transaction or two or more related transactions.³ Reporting is also required by any clerk of a federal

or state court who receives more than \$10,000 in currency as bail for any individual charged with a specified criminal offense.⁴ Reports filed under these authorities are made through the joint FinCEN/IRS Form 8300.⁵ Furthermore, verification requirements apply to transactions requiring the filing of Form 8300.⁶ Reports filed under 31 CFR 1010.330 and 31 CFR 1010.331 must be maintained for five years after the date of filing.⁷

II. Paperwork Reduction Act of 1995 (PRA)⁸

Title: Reports Relating to Currency in Excess of \$10,000 Received in a Trade or Business, or Received as Bail by Court Clerks; Form 8300 (31 CFR 1010.330 and 31 CFR 1010.331).

OMB Control Number: 1506–0018.

Report Number: Form 8300.

Abstract: FinCEN is issuing this notice to renew the OMB control number for the requirements for (1) any person in a trade or business who, in the course of the trade or business, receives more than \$10,000 in coin or currency in one or more related transactions to report it to FinCEN, and (2) any clerk of a federal or state court who receives more than \$10,000 in currency as bail for any individual charged with a specified criminal offense to make report of information with respect to receipt of that currency.

Affected Public: Businesses or other for-profit institutions, and non-profit institutions.

Type of Review:

- Renewal without change of a currently approved information collection.

Frequency: As required.

Estimated Number of Respondents: 32,500 respondents.⁹

Estimated Recordkeeping and Reporting Burden:

The information required to be reported on the Form 8300 is basic information to which a filer would have access to in the course of doing business. For instance, the Form 8300 requires a trade or business or court

clerk to report identifying information about the individual from whom the cash was received, as well as any person on whose behalf the transaction was conducted. The Form 8300 also requires the filer to report a description of the transaction and method of payment, as well as identifying information for the business that received the cash. As this information is readily available to a trade or business or court clerk, FinCEN estimates that reporting this information will take 20 minutes on average. Additionally, while the Form 8300 may be filed electronically, which allows the filer to save an electronic version of the form and satisfy the recordkeeping requirement, many filers choose to file a paper copy of the Form 8300. Therefore, FinCEN estimates that the recordkeeping requirement will take 10 minutes on average. FinCEN estimates total hourly burden of reporting and recordkeeping for each Form 8300 is 30 minutes.

Estimated Total Annual Responses: 323,067 Form 8300s were filed in calendar year 2019.

Estimated Total Annual Recordkeeping Burden: The estimated total annual PRA burden is 161,534 hours (323,067 Form 8300s filed in calendar year 2019 multiplied by 30 minutes and converted to hours).

Estimated Total Annual Recordkeeping Cost: FinCEN estimates the following annual burden cost: $161,534 \times \$30.60$ per hour¹⁰ = \$4,942,940.

An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Records required to be retained under the BSA must be retained for five years.

General Request for Comments

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (i) Whether the collection of

information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (ii) the accuracy of the agency's estimate of the burden of the collection of information; (iii) ways to enhance the quality, utility, and clarity of the information to be collected; (iv) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (v) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

The most recent data from the BLS corresponds to May 2019. For the benefits component of total compensation, see U.S. Bureau of Labor Statistics, Employer's Cost per Employee Compensation as of December 2019, available at <https://www.bls.gov/oes/tables.htm>. The ratio between benefits and wages for financial activities is \$15.95 (hourly benefits)/\$32.05 (hourly wages) = 0.50. The benefit factor is 1 plus the benefit/wages ratio, or 1.50. Multiplying each hourly wage by the benefit factor produces the fully-loaded hourly wage per position. The May 2019 Bureau of Labor Statistics average hourly wage for “43–3099 Financial Clerk” is \$20.40. (\$20.40 x 1.50 = \$30.60).
