BILLING CODE 1410-30-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R08-OAR-2010-0406; FRL-9473-8]

Approval and Promulgation of Implementation Plans; North Dakota; Regional Haze State Implementation Plan; Federal Implementation Plan for Interstate Transport of Pollution Affecting Visibility and Regional Haze; Correction of Public Hearing

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; Correction of Public Hearing.

SUMMARY: EPA is changing the public hearing arrangements for our proposed action on North Dakota's State Implementation Plans (SIPs) addressing regional haze and the interstate transport of pollutants that interfere with programs to protect visibility in other states. We are making this change in response to a letter that the Governor of North Dakota submitted on September 9, 2011.

DATES: Public hearings will be held October 13-14, 2011.

ADDRESSES: The public hearings will be held at the North Dakota Department of Health, Environmental Training Center, 2639 East Main Avenue, Bismarck, ND 58506.

FOR FURTHER INFORMATION CONTACT: Gail Fallon, EPA Region 8, Mailcode 8P-AR, 1595 Wynkoop Street, Denver, CO, 80202-1129, (303) 312-6281, Fallon.Gail@epa.gov.

SUPPLEMENTARY INFORMATION: On September 21, 2011 we published a proposed rule partially approving and partially disapproving a revision to the North Dakota SIP addressing regional haze and disapproving a revision to the North Dakota SIP for interstate transport of pollutants that interfere with programs to protect visibility in other states. See 76 FR 58570. To accommodate the Governor of North Dakota's request submitted in a letter dated September 9, 2011 for additional hearing time, we have changed the location to the North Dakota Department of Health's Environmental Training Center, 2639 East Main Avenue, Bismarck, ND 58506. We have changed

the schedule to provide four different hearing sessions. Public hearings will now be held on Thursday, October 13, 2011 from 1 p.m. until 5 p.m., and again from 7 p.m. until 9 p.m. A second day of public hearings will be held on Friday, October 14, 2011 from 8 a.m. until 12 p.m., and again from 1 p.m. until 5 p.m.

The public hearings will provide interested parties the opportunity to present information and opinions to EPA concerning our proposal. Interested parties may also submit written comments, as discussed in the proposal. Written statements and supporting information submitted during the comment period will be considered with the same weight as any oral comments and supporting information presented at the public hearings. We will not respond to comments during the public hearings. When we publish our final action, we will provide written responses to all oral and written comments received on our proposal.

At the public hearings, the hearing officer may limit the time available for each commenter to address the proposal to 5 minutes or less if the hearing officer determines it to be appropriate. The limitation is to ensure that everyone who wants to make a comment has the opportunity to do so. We will not be providing equipment for commenters to show overhead slides or make computerized slide presentations. Any person may provide written or oral comments and data pertaining to our proposal at the public hearings. Verbatim transcripts, in English, of the hearings and written statements will be included in the rulemaking docket.

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Deletion of the Martin-Marietta/Sodyeco Superfund Site

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule; notice of intent.

SUMMARY: The Environmental Protection Agency (EPA) Region 4 is issuing a Notice of Intent to Delete the Martin-Marietta/Sodyeco Superfund Site (Site), which is a portion of the Clariant Corporation property located at 11701 Mount Holly Road in Charlotte, North Carolina, from the National Priorities List (NPL) and requests comment on this proposed action. The NPL, promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or Superfund) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). EPA, with the concurrence of the State of North Carolina, through the Department of Environment and Natural Resources (DENR), has determined that all appropriate response actions under CERCLA, other than operation, maintenance, and five-year reviews, have been completed. However, this deletion does not preclude future actions under Superfund if deemed necessary by EPA.

DATES: Comments must be received by October 31, 2011.
