ACTION: Final rule; correction.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is correcting a final rule that appeared in the **Federal Register** of June 30, 2014, that amends the licensing, inspection, and annual fees charged to the NRC’s applicants and licensees. This document corrects the final rule to provide the ADAMS accession number for the FY 2014 final fee rule work papers.

DATES: This correction is effective on August 29, 2014.

Addition of Certain Persons to the Entity List

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: This rule amends the Export Administration Regulations (EAR) by adding eleven persons under twelve entries to the Entity List. The persons who are added to the Entity List have been determined by the U.S. Government to be acting contrary to the national security or foreign policy interests of the United States. These persons will be listed on the Entity List under the destinations of Crimea (Occupied), Russia, and Ukraine. There are twelve entries for the eleven persons on the Entity List because one person is being listed in multiple locations, resulting in an additional entry. Specifically, the additional entry covers one person that will be listed on the Entity List under the destination of Crimea (Occupied) and Ukraine.

DATES: *Effective date:* This rule is effective July 22, 2014.

SUPPLEMENTARY INFORMATION:**Background**

The Entity List (Supplement No. 4 to Part 744) notifies the public about entities that have engaged in activities that could result in an increased risk of the diversion of exported, reexported or transferred (in-country) items to weapons of mass destruction (WMD) programs. Since its initial publication, grounds for inclusion on the Entity List have expanded to include activities sanctioned by the State Department and activities contrary to U.S. national security or foreign policy interests, including terrorism and export control violations involving abuse of human rights. Certain exports, reexports, and transfers (in-country) to entities identified on the Entity List require licenses from BIS and are usually subject to a policy of denial. The availability of license exceptions in such transactions is very limited. The license review policy for each entity is identified in the license review policy column on the Entity List and the availability of license exceptions is noted in the **Federal Register** notices adding persons to the Entity List. BIS places entities on the Entity List based on certain sections of part 744 (Control Policy: End-User and End-Use Based) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and all decisions to remove or modify an entry by unanimous vote. The Departments represented on the ERC approved these changes to the Entity List.

ERC Entity List Decisions**Additions to the Entity List**

This rule implements the decision of the ERC to add eleven persons under twelve entries to the Entity List on the basis of § 744.11 (License requirements that apply to entities acting contrary to the national security or foreign policy interests of the United States) of the
