

for other specific end uses. This survey was conducted in FY2015 and FY2020, and is intended to be repeated on a regular basis in order to track the growth of the U.S. Ocean Enterprise. The survey is a critical data collection piece of the project and is necessary in order to collect demographic, financial, and functional information for each organization with regard to their involvement with IOOS. The final deliverable of this project is an analytic report detailing the findings of the web survey and the analysis of the employer database. The results will demonstrate the size and economic impact of IOOS data to the United States marine ocean sector.
