

comment received expressed support of the proposed expansion.

Representatives from all seven Mid-Atlantic Tribes unanimously sought to move forward collectively to request re-designation of their PRCDA to include the entire Commonwealth of Virginia. Following consultation with those Tribes, the IHS also considered portions of Maryland and North Carolina that are close to the border of Virginia. Since all seven of the Mid-Atlantic Tribes requested the same PRCDA, the IHS considered these Tribes collectively for purposes of the PRCDA expansion. This included considering their Tribal members collectively under the criteria set forth in 42 CFR 136.22(b). In support of this expansion, the IHS adopts the following findings:

1. By expanding each Tribe's PRCDA and creating one collective PRCDA, the seven Mid-Atlantic Tribes estimate the current eligible population will collectively increase by 1006 individuals.

2. The seven Mid-Atlantic Tribes have determined that these 1006 individuals are members of the federally recognized Tribes in the Commonwealth of Virginia and that these members are socially and economically affiliated with these Mid-Atlantic Tribes.

3. Members of one or more of the Tribes reside in each county that is included in the proposed expansion, and those members live near enough to their Tribe's seat of government to maintain close social and economic ties with their Tribe. According to the leadership for each of the Tribes, those members live close enough to regularly participate—in-person—in Tribal affairs, events, activities, or other functions held by or carried out by the Tribe within its current PRCDA. Furthermore, the expanded PRCDA counties and independent cities form a contiguous area with the existing PRCDA. Considering the seven Mid-Atlantic Tribes collectively, the IHS has determined the additional counties and independent cities proposed for inclusion herein to be geographically proximate, meaning "on or near," to the area analogous to reservations for the seven Mid-Atlantic Tribes.

4. PRC programs operated by/for the seven Mid-Atlantic Tribes will use their existing Federal allocation for PRC funds to provide services to the expanded population. No additional financial resources will be allocated by the IHS to these programs to provide services to members residing in the expanded counties and independent cities in the Commonwealth of Virginia, State of Maryland, or State of North Carolina.

An updated listing of the PRCDA for all federally recognized Tribes may be accessed via a link under the "Purchased/Referred Care Delivery Area" heading on the IHS PRC Resources website (<https://www.ihs.gov/prc/resources>).

Public Comments: The IHS received one comment. The comment received expressed support of the proposed expansion.
