Needs and Uses: This collection will be submitted as an extension (no change in reporting requirements) during the comment period to the Office of Management and Budget (OMB) in order to obtain OMB approval for an extension because on August 7, 2008, the FCC released a *Third Report and Order* in PS Docket No. 07-287, FCC 08-184 (*CMAS Third R&O*).

The *CMAS Third R&O* implements provisions of the Warning, Alert and Response Network ("WARN") Act, including inter alia, a requirement that within 30 days of release of the *CMAS Third R&O*, each Commercial Mobile Service (CMS) provider must file an election with the Commission indicating whether or not it intends to transmit emergency alerts as part of the Commercial Mobile Alert System (CMAS). The *CMAS Third R&O* noted that this filing requirement was subject to OMB review and approval. The Commission received "pre-approval" from the OMB on February 4, 2008. The Commission began accepting CMAS election filings on or before September 8, 2008.

All CMS providers are required to submit a CMAS election, including those that were not licensed at the time of the initial filing deadline with the FCC. In addition, any CMS provider choosing to withdraw its election must notify the Commission at least sixty (60) days prior to the withdrawal of its election. The information collected will be the CMS provider's contact information and its election, i.e., a "yes" or "no", on whether it intends to provide commercial mobile service alerts.

The Commission will use the information collected to meet its statutory requirement under the WARN

Act to accept licensees' election filings and to establish an effective CMAS that will provide the public with effective mobile alerts in a manner that imposes minimal regulatory burdens on affected entities.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-1046.

Title: Implementation of the Pay Telephone Reclassification and Compensation Provisions of the Telecommunications Act of 1996, CC Docket No. 96-128, Order on Reconsideration, FCC 04-251.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents: 469 respondents; 3,801 responses.

Estimated Time per Response: 0.50 hours-200 hours.

Frequency of Response: On occasion, annual and quarterly reporting requirements, third party disclosure requirements, and recordkeeping requirement.

Obligation To Respond: Mandatory. Statutory authority for this information collection is contained in 47 U.S.C. 151, 154 and 276.

Total Annual Burden: 73,494 hours.

Total Annual Cost: No cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission is not requesting respondents to submit confidential information. Respondents may request confidential treatment of their information that they believe to be confidential pursuant to 47 CFR 0.459 of the Commission's rules.

Needs and Uses: The Commission will submit this expiring information collection (IC) to the OMB during this comment period. The Commission is seeking OMB approval for an extension of this information collection. There is no change in the reporting, recordkeeping and/or third party disclosure requirements. The Commission is reducing its previous burden estimates by 86,690 hours. In the Order on Reconsideration (FCC 04-251), the Commission considered four petitions for reconsideration of our Report and Order. The Report and Order (FCC 03-235) established detailed rules (Payphone Compensation Rules)

ensuring that payphone service providers or PSPs are "fairly compensated" for each and every completed payphone-originated call pursuant to section 276 of the Communications Act, as amended (the Act). The Payphone Compensation Rules satisfy section 276 by identifying the party liable for compensation and establishing a mechanism for PSPs to be paid. The Payphone Compensation Rules: (1) Place liability to compensate PSPs for payphone-originated calls on the facilities-based long distance carriers or switch-based resellers (SBRs) from whose switches such calls are completed; (2) define these responsible carriers as "Completing Carriers" and require them to develop their own system of tracking calls to completion, the accuracy of which must be confirmed and attested to by a third-party auditor; (3) require Completing Carriers to file with PSPs a quarterly report and also submit an attestation by the chief financial officer (CFO) that the payment amount for that quarter is accurate and is based on 100% of all completed calls; (4) require quarterly reporting obligations for other facilities-based long distance carriers in the call path, if any, and define these carriers as "Intermediate Carriers;" (5) give parties flexibility to agree to alternative compensation arrangements (ACA) so that small Completing Carriers may avoid the expense of instituting a tracking system and undergoing an audit. The Order on Reconsideration did not change this compensation framework, but rather refined and built upon its approach. While the Commission increased the time carriers must retain certain data and added burden in that regard, the Commission also removed potentially burdensome paperwork requirements by encouraging carriers to comply with the reporting requirements through electronic means. We believe that the clarifications adopted in the Order on Reconsideration significantly decrease the paperwork burden on carriers. Specifically, the Commission did the following: (1) Clarified alternative arrangements for small businesses requiring a Completing Carrier to give the PSP adequate notice of an ACA prior to its effective date with sufficient time for the PSP to object to an ACA, and also prior to the termination of an ACA; (2) clarified any paperwork burdens imposed on carriers allowing Completing Carriers the ability to give PSPs adequate notice of payphone compensation requirements by placing notice on a clearinghouse Web site or through electronic methods; (3) required

Completing Carriers and Intermediate Carriers to report only completed calls in their quarterly reports; and (4) extended the time period from 18 to 27 months for Completing Carriers and Intermediate Carriers to retain certain payphone records.
