

requirements. The NRC shall not be a beneficiary of the trust or of any of the trust funds, unless required by law to be so for the sole purpose of enforcing the provisions or purpose of the trust agreement as set forth above.

(10) Article VI of the decommissioning trust agreement shall require that, notwithstanding the provision of Section 6.01(ii)(a) of the current decommissioning trust agreement, PASNY may not terminate any fund established under the Master Trust for FitzPatrick except after requesting and obtaining written consent from the Director, Office of Nuclear Reactor Regulation, or the Director, Office of Nuclear Materials Safety and Safeguards, as appropriate.

(11) Entergy Nuclear FitzPatrick, ENO, or their successors or assigns shall take no action that would adversely affect any contract between it and the Authority for the Authority's eventual payment of decommissioning funds from the trust.

(12) Entergy Nuclear FitzPatrick and ENO, or their successors or assigns shall inform the NRC within 30 days of any adverse developments with respect to the Authority's ownership of the decommissioning trust that could reasonably be expected to lead to a significant diminution of funds available for decommissioning FitzPatrick.

(13) The appropriate section of the decommissioning trust agreement shall provide that the trustee, investment advisor, or anyone else directing the investments made in the trust shall adhere to a "prudent investor" standard, as specified in 18 CFR 35.32(a)(3) of the Federal Energy Regulatory Commission's regulations.

(14) The Authority shall waive any right to deny, contest or challenge the NRC's jurisdiction over the Authority with respect to FitzPatrick to the extent that there may arise in the future any matter warranting action by the NRC to ensure compliance with the NRC's decommissioning requirements regarding the disposition and use of the amounts accumulated in the decommissioning trust fund and retained by the Authority, and remain subject to the Commission's jurisdiction under Section 161 of the Atomic Energy Act to issue orders to protect health and to minimize danger to life or property regarding any and all matters concerning compliance with the Commission's decommissioning requirements regarding the disposition and use of the amounts accumulated in the decommissioning trust fund and retained by the Authority, until such time as the Authority transfers the

decommissioning trust fund to Entergy Nuclear FitzPatrick or the decommissioning of FitzPatrick has been completed in accordance with NRC regulations and guidance, whichever occurs first.

(15) Entergy Nuclear FitzPatrick shall take all necessary steps to ensure that the decommissioning trust is maintained in accordance with the application for the transfer of the license for FitzPatrick and the requirements of this Order approving the transfer, and consistent with the safety evaluation supporting this Order.

(16) Entergy Nuclear FitzPatrick and ENO shall take no action to cause Entergy Global Investments, Inc. or Entergy International Ltd. LLC, or their parent companies, to void, cancel, or modify the \$70 million contingency commitment to provide funding for the FitzPatrick plant as represented in the application, without the prior written consent of the Director, Office of Nuclear Reactor Regulation.

(17) After receiving all required regulatory approvals of the transfer of FitzPatrick, the transfer applicants shall immediately inform the Director, Office of Nuclear Reactor Regulation, in writing of such receipt, and state therein the closing date of the sale and transfer of FitzPatrick. If the transfer of the license is not completed by November 1, 2001, this Order shall become null and void, provided, however, on written application and for good cause shown, this date may be extended.

*It is Further Ordered* that, consistent with 10 CFR 2.1315(b), a license amendment that makes changes, as indicated in Enclosure 2 to the cover letter forwarding this Order, to conform the license to reflect the subject license transfer is approved. The amendment shall be issued and made effective at the time the proposed license transfer is completed.

This Order is effective upon issuance.

For further details with respect to this Order, see the initial application submitted under cover letters dated May 11 and May 12, 2000, and supplements dated June 13, June 16, July 14, September 21, October 26, and November 3, 2000, and the safety evaluation dated November 9, 2000, which are available for public inspection at the NRC's Public Document Room, located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland and are accessible electronically through the ADAMS Public Electronic Reading Room link at the NRC Web site (<http://www.nrc.gov>).

### Background

OPIC is a U.S. Government agency which provides, on a commercial basis, political risk insurance and financing in friendly developing countries and emerging democracies for environmentally sound projects which confer positive developmental benefits upon the project country while creating employment in the U.S. OPIC is required by section 231A(b) of the Foreign Assistance Act of 1961, as amended ("the Act") to hold at least one public hearing each year.

Among other issues, OPIC's annual public hearing has, in previous years, provided a forum for testimony concerning section 231A(a) of the Act. This section provides that OPIC may operate its programs only in those countries that are determined to be "taking steps to adopt and implement laws that extend internationally recognized workers rights to workers in that country (including any designated zone in that country)."

Based on consultations with Congress, OPIC complies with annual determinations made by the Executive Branch with respect to worker rights for countries that are eligible for the Generalized System of Preferences (GSP). Any country for which GSP eligibility is revoked on account of its failure to take steps to adopt and implement internationally recognized

worker rights is subject concurrently to the suspension of OPIC programs until such time as a favorable worker rights determination can be made.

For non-GSP countries in which OPIC operates its programs, OPIC reviews any country which is the subject of a formal challenge at its annual public hearing. To qualify as a formal challenge, testimony must pertain directly to the worker rights requirements of the law as defined in OPIC's 1985 reauthorizing legislation (Public Law 99-204) with reference to the Trade Act of 1974, as amended, and be supported by factual information.

Dated: November 21, 2000.
