

To minimize reporting burden to the greatest extent possible, and in recognition of the significant overlap in LIHEAP and LIHWAP grant recipients, OCS is proposing to use the same demographic measures included in the

LIHWAP Annual Report in the LIHEAP Household Report. OCS has also removed the reporting requirements for applicant households by assistance type and poverty interval on the Household Report Long Form to offset some of the

additional reporting burden entailed by the demographic data collection.

*Respondents:* State governments, tribal governments, U.S. territories, and the District of Columbia.

#### ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Annual burden hours
Assisted Household Report-Long Form .....	56	1	67	3,752
Assisted Household Report-Short Form .....	151	1	10	1,510
Household Application .....	6,160,000	1	1	6,160,000

*Estimated Total Annual Burden Hours:* 6,165,262.

Please note that the above estimate accounts for the burden this data collection entails on LIHEAP applicants. In previous years, OCS has not included an estimate of the burden on households. While OCS does not mandate that LIHEAP grant recipients use a standard household application, we know that grant recipients collect many of the required Household Report data elements through their household application. The annual burden for the household application indicated above accounts for the time it will take LIHEAP applicants to provide the data required by the current Household Report as well as the proposed demographic data elements. To calculate this burden, we used an estimate for the annual number of LIHEAP household applicants multiplied by an average of an hour to provide the data required by the Household Report.

*Comments:* The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

*Authority:* 42 U.S.C. 8629 and 45 CFR 96.92.

**Mary B. Jones,**

*ACF/OPRE Certifying Officer.*

#### DEPARTMENT OF HEALTH AND HUMAN SERVICES

##### Administration for Community Living

##### Agency Information Collection Activities; Proposed Collection; Comment Request; Older Americans Act, Title VI Parts A/B and C Grants OMB Control Number 0985-0064

**AGENCY:** Administration for Community Living, HHS.

**ACTION:** Notice.

**SUMMARY:** The Administration for Community Living (ACL) is announcing an opportunity for the public to comment on the proposed collection of information listed above. Under the Paperwork Reduction Act of 1995 (PRA), Federal agencies are required to publish a notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, and to allow 60 days for public comment in response to the notice. This notice solicits comments on a proposed extension without change information collection request and solicits comments on the information collection requirements related to the Application for Older Americans Act, Title VI Parts A/B and C Grants performance reporting.

**DATES:** Comments on the collection of information must be submitted electronically by 11:59 p.m. (EST) or postmarked by August 30, 2022.

**ADDRESSES:** Submit electronic comments on the collection of

information to: Jasmine Aplin. Submit written comments on the collection of information to the Administration for Community Living, Washington, DC 20201, Attention: Jasmine Aplin.

##### FOR FURTHER INFORMATION CONTACT:

Jasmine Aplin, Administration for Community Living, Washington, DC 20201, [Jasmine.Aplin@acl.hhs.gov](mailto:Jasmine.Aplin@acl.hhs.gov), (202) 795-7453.

**SUPPLEMENTARY INFORMATION:** Under the Paperwork Reduction Act, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. A Collection of information includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. The PRA requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, ACL is publishing a notice of the proposed collection of information set forth in this document.

With respect to the following collection of information, ACL invites comments on our burden estimates or any other aspect of this collection of information, including:

(1) whether the proposed collection of information is necessary for the proper performance of ACL's functions, including whether the information will have practical utility;

(2) the accuracy of ACL's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used to determine burden estimates;

(3) ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques when appropriate, and other forms of information technology.

ACL is responsible for administering the Title VI A/B (Nutrition and Supportive Service) and C (Caregiver) grants. The purpose of this data collection is to improve and standardize the format of the application. The instrument will collect data as prescribed by the Older Americans Act Section 612(a), 614(a) and 45 CFR 1326.19 related to the eligibility of Federally recognized Tribes and Native Hawaiian organizations for grant funds under this program and their capacity to deliver services to elders.

The Application for Older Americans Act, Title VI A/B and C Grants collects information on the ability of federally recognized American Indian, Alaskan Native and Native Hawaiian organizations to provide nutrition,

supportive, and caregiver services to elders within their service area. Applicants are required to provide a description of their organization's service area, the number of eligible elders in their service area, and their ability to deliver services and sign assurances that the organization will comply with all applicable laws and regulations.

This is an extension of a currently approved information collection. The proposed data collection materials have been updated to better align with the requirements of the Older Americans Act and Federal regulations, as well as to improve data quality and grantee accountability. Furthermore, this grantee application will better line up with the Title VI Program Performance Report under 0985–0007. This data collection will also support ACL in tracking performance outcomes and efficiency measures with respect to the annual and long-term performance targets established in compliance with

the Government Performance Results Modernization Act (GPRMA).

The proposed data collection tools may be found on the ACL website for review at <https://www.acl.gov/about-acl/public-input>.

#### *Estimated Program Burden:*

Title VI funding is broken into three categories. Parts A and B are for nutritional and supportive programming, with Part A being restricted to American Indian and Alaska Native grantees, and Part B restricted to Native Hawaiian grantees. Part C is for caregiver programming. All Part C grantees must have Part A/B funding, but not all Part A/B grantees will have Part C programs. Therefore, there are likely to be 295 unique respondents, but only 250 will have to complete all three portions of the application. This application covers all three parts of Title VI.

ACL estimates the burden associated with this collection of information as follows:

Respondent/data collection activity	Number of respondents	Responses per respondent	Hours per response	Annual burden hours
Title VI Application Part A/B .....	295	1	2.75	270.4
Title VI Application Part C .....	250	1	1.5	125
Total .....			4.25	395.4

The number of burden hours associated with the Title VI, Part C, data collection was calculated as 811.25. However, since this instrument is used only once every three years results in an annualized number of 270.4 hours. Similarly, the total hours associated with the Title VI, Part C, application is 375.

Dated: June 27, 2022.
