

changes made to the PIN. Where comments do not result in a revision to the PIN, explanations will be provided.

Background: HRSA has received numerous requests for clarification regarding the program guidelines, requirements, and application process for the FQHC Look-Alike program. The purpose of the FQHC Look-Alike PIN is to respond to these requests for clarification and to make the application process more consistent with section 330 grant programs.

The Omnibus Budget Reconciliation Acts of 1989, 1990, and 1993 amended section 1905 of the Social Security Act to create a new category of facility under Medicaid and Medicare known as Federally Qualified Health Centers (FQHCs). The Social Security Act § 1905(l)(2)(B) definition of an FQHC included an entity which, based on the recommendation of HRSA, is determined to meet the requirements of the section 330 grant program but does not receive the grant. This category of health centers has been labeled FQHC Look-Alikes.

To ensure that there are appropriate numbers of health centers to serve the millions of uninsured and underinsured populations throughout the country, FQHC Look-Alike status was made available to those entities that do not receive funding under section 330 but operate and provide services similar to grant-funded programs. As such, FQHC Look-Alikes are expected to demonstrate a commitment to serve all populations residing in their respective medically underserved communities regardless of their ability to pay and to satisfy all of the administrative, management, governance and service-related requirements that apply to section 330 funded health centers. Benefits of obtaining FQHC Look-Alike status include eligibility for enhanced Medicaid and Medicare reimbursement, participation in the 340(b) Federal Drug Pricing Program, and automatic Health Professional Shortage Area designation.

HRSA is responsible for managing the FQHC Look-Alike program and submitting recommendations to the Centers for Medicare and Medicaid Services (CMS) for designation as FQHCs; however, CMS has the final authority to designate applicants as FQHCs. The organizations are recertified annually to assure they are in compliance with these regulations.
