*Title:* Federal Highway Administration (FHWA) Performance Progress Report (PPR) form.

*Background:* FHWA is administering over 40 competitive grant and cooperative agreement programs,

including those established under the Infrastructure Investment and Jobs Act (November 15, 2021, Pub. L. 117–58) and the Inflation Reduction Act, 2022 (August 16, 2022, Pub. L. 117–169). The Uniform Administrative Requirements in 2 CFR part 200 require recipients of Federal financial assistance awards to monitor activities under Federal awards to ensure compliance with applicable Federal requirements and performance expectations are being achieved. In addition, the regulations require Federal awarding agencies, such as FHWA, to use OMB-approved common information collections. The FHWA PPR form will be used by recipients of FHWA grant awards and cooperative agreements to report performance and progress of a Federal financial assistance-funded construction or non-construction project.

*Respondents:* Recipients of a competitive grant or cooperative agreement award administered by FHWA. Competitive grant or cooperative agreement recipients include but are not limited to State DOTs as defined in 23 U.S.C. 101, U.S. Territories, federally recognized Tribes, and other entities identified as eligible for Federal financial assistance from FHWA.

*Frequency:* The information will be collected quarterly, semiannually, or annually, as required by the Notice of Funding Opportunity (NOFO) for the grant program.

*Estimated Average Burden per Response:* 1 hour per respondent per form per grant or cooperative agreement award. This includes time to review the form instructions, research existing sources to gather necessary data, complete and review the form before submitting to FHWA.

*Estimated Total Annual Burden Hours:* It is expected that approximately 2,500 respondents will complete up to 4 PPR forms for a up to 10 grant awards per respondent for an estimated total of 100,000 annual burden hours.

*Public Comments Invited:* You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.
