Paragraph 6010(a) Domestic VOR Federal Airways.

* * * * *

V-210 [Amended]

From Los Angeles, CA; INT Los Angeles 083° and Pomona, CA, 240° radials; Pomona; INT Daggett, CA, 229° and Hector, CA, 263° radials; Hector; Goffs, CA; 13 miles, 23 miles 71 MSL, 85 MSL Peach Springs, AZ; Grand Canyon, AZ; Tuba City, AZ; 10 miles 90 MSL, 91 miles 105 MSL Rattlesnake, NM; Alamosa, CO; INT Alamosa 074° and Lamar, CO, 250° radials; 40 miles, 51 miles 65 MSL to Lamar. From Will Rogers, OK; INT Will Rogers 113° and Okmulgee, OK, 238° radials;

to Okmulgee. From Brickyard, IN; Muncie, IN; to Rosewood, OH. From Revloc, PA; INT Revloc 096° and Harrisburg, PA, 285° radials; Harrisburg; Lancaster, PA; INT Lancaster 095° and Yardley, PA, 255° radials; to Yardley.

* * * * *

V-234 [Amended]

From St. Johns, AZ; INT St. Johns 085° and Albuquerque, NM, 229° radials; Albuquerque; INT Albuquerque 103° and Anton Chico, NM, 249° radials; Anton Chico; to Dalhart, TX. From Hutchinson, KS; Emporia, KS; Butler, MO; Vichy, MO; INT Vichy 091° and Centralia, IL, 253° radials; to Centralia.

* * * * *

V-350 [Amended]

From Wichita, KS; to Chanute, KS. The airspace at and above 6,000 feet MSL from 8 NM to 54 NM west of Chanute VOR is excluded during the time that the Eureka High MOA is activated.

* * * * *

V-507 [Amended]

From Ardmore, OK; Will Rogers, OK; INT Will Rogers 284° and Mitbee, OK, 152° radials; to Mitbee.

* * * * *

Paragraph 6011 United States Area Navigation Routes.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA-2021-1189; Airspace
Docket No. 21-AGL-40]

RIN 2120-AA66

**Establishment of Area Navigation
(RNAV) Route T-768; Northcentral
United States**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes area navigation (RNAV) route T-768 in the northcentral United States (U.S.). The new T-768 would compensate for the removal of VOR Federal airway V-242 due to the decommissioning of the Atikokan, Ontario (ON), Canada, Non-Directional Beacon (NDB) navigational aid (NAVAID) accomplished as part of NAV CANADA's Airspace Modernization Program. The new T-768 in U.S. airspace also connects to NAV CANADA's existing T-768 RNAV route and supports cross border connectivity. Additionally, the new route would

expand the availability of RNAV routing in support of transitioning the National Airspace System (NAS) from ground-based to satellite-based navigation.

DATES: Effective date 0901 UTC, September 8, 2022. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order JO 7400.11F, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Rules and Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

FOR FURTHER INFORMATION CONTACT: Colby Abbott, Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:**Authority for This Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A,

Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies the route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System.

History

The FAA published a notice of proposed rulemaking for Docket No. FAA-2021-1189 in the **Federal Register** (87 FR 2375; January 14, 2022), establishing RNAV route T-768 in the northcentral United States (U.S.). The proposed amendment was to compensate for the removal of VOR Federal airway V-242 due to the decommissioning of the Atikokan, Ontario (ON), Canada, NDB NAVAID accomplished as part of NAV CANADA's Airspace Modernization Program and to support cross border connectivity by connecting to NAV CANADA's T-768 route. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal. No comments were received.

Canadian RNAV T-routes are published in paragraph 6013 of FAA Order JO 7400.11F, dated August 10, 2021, and effective September 15, 2021, which is incorporated by reference in 14 CFR 71.1. The RNAV T-route listed in this document will be published subsequently in FAA Order JO 7400.11.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021. FAA Order JO 7400.11F is publicly available as listed in the **ADDRESSES** section of this document. FAA Order JO 7400.11F lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends 14 CFR part 71 by establishing RNAV route T-768. The new T-route is described below.

T-768: T-768 is a new RNAV route extending between the International Falls, MN, VORTAC and the ARBBY, MN, waypoint (WP). This T-route provides routing between the International Falls VORTAC and the U.S./Canada border; connecting to NAV CANADA's existing T-768 within Canadian airspace.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory

Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action of establishing T-768, to compensate for the removal of VOR Federal airway V-242 due to the Atikokan, ON, Canada, NDB being decommissioned and to provide cross border connectivity to NAV CANADA's T-768, qualifies for categorical exclusion under the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) and its implementing regulations at 40 CFR part 1500, and in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, paragraph 5-6.5a, which categorically excludes from further environmental impact review rulemaking actions that designate or modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and Reporting Points). As such, this action is not expected to result in any potentially significant environmental impacts. In accordance with FAA Order 1050.1F, paragraph 5-2 regarding Extraordinary Circumstances, the FAA

has reviewed this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. The FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact study.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021, is amended as follows:

Paragraph 6013 Canadian Area Navigation Routes.

* * * * *

T-768 International Falls, MN (INL) to ARBBY, MN [New]

International Falls, MN, (INL)	VORTAC	(Lat. 48°33'56.87" N, long. 093°24'20.44" W)
ARBBY, MN	WP	(Lat. 48°37'29.35" N, long. 093°00'31.59" W)

DEPARTMENT OF COMMERCE

Bureau of Industry and Security

15 CFR Part 744

[Docket No. 220627-0141]

RIN 0694-A188

Addition of Entities, Revision and Correction of Entries, and Removal of Entities From the Entity List

AGENCY: Bureau of Industry and Security, Department of Commerce.

ACTION: Final rule.

SUMMARY: In this rule, the Bureau of Industry and Security (BIS) amends the Export Administration Regulations (EAR) by adding 36 entities under 41

entries to the Entity List. These 36 entities have been determined by the U.S. Government to be acting contrary to the national security or foreign policy interests of the United States. These entities will be listed on the Entity List under the destinations of the People's Republic of China (China), Lithuania, Pakistan, the Russian Federation (Russia), Singapore, the United Arab Emirates (UAE), the United Kingdom, Uzbekistan, and Vietnam. Some entities are added under multiple entries, accounting for the difference in the total number of entities and entries in this rule. This rule also revises eleven existing entries under the destinations of Belarus, China, Russia, and Slovakia and corrects one existing entry on the Entity List under the destination of
