The total net budgetary effects of all PAYGO legislation enacted during the first session of the 112th Congress are shown on the line labeled “net PAYGO impact” in the above table. The total five-year net impact was a cost of \$9,399 million which is averaged over the years 2012 to 2016 on the 5-year PAYGO scorecard, resulting in a cost of \$1,880 million in each year. Savings carried over from the prior session of the Congress more than offset these costs, resulting in a savings of \$9,155 million each year in 2012 through 2015. The five-year PAYGO window extended only through 2015 in the last session of the prior Congress so, there were no five-year savings to carry over into 2016.

The total 10-year net impact of legislation enacted during the first session of the 112th Congress was a savings of \$7,099 million. The 10-year PAYGO scorecard shows the total net impact averaged over the 10-year period, resulting in \$710 million in savings every year. Balances from the prior session increase the savings in years 2012 through 2020 to \$7,081 million.

V. Sequestration Order

As shown on the scorecards, the budgetary effects of PAYGO legislation enacted in the first session of the 112th Congress, combined with the balances left on the scorecard from the previous session of Congress, resulted in net savings on both the 5-year and the 10-year scorecard in the budget year, which is 2012 for the purposes of this Report. Because the costs for the budget year, as shown on the scorecards, do not exceed savings for the budget year, there is no “debit” on either scorecard under section 3 of the PAYGO Act, 2 U.S.C. 932, and there is no need for a sequestration order.

The savings shown on the scorecards for 2012 will be removed from the scorecards that are used to record the budgetary effects of PAYGO legislation enacted in the second session of the 112th Congress. The totals shown in 2013 through 2021 will remain on the scorecards and will be used in

determining whether a sequestration order will be necessary at the end of future sessions of the Congress.

BILLING CODE 7570–02–P**NUCLEAR REGULATORY COMMISSION**

[NRC–2012–0033; Docket No. 55–33166; License No. OP–31438; IA–11–061]

In the Matter of Edward G. Johnson; Confirmatory Order (Effective Immediately)**I**

Mr. Edward G. Johnson is the holder of Reactor Operator License No. OP–31438 issued by the U.S. Nuclear Regulatory Commission (NRC or Commission) pursuant to the Atomic Energy Act of 1954, as amended, the Energy Reorganization Act of 1974, as amended (Public Law 93–438), effective July 18, 2008. The license authorizes Mr. Johnson to manipulate the controls of the Palisades Nuclear Plant, Facility License No. DPR–20.

This Confirmatory Order is the result of an agreement reached during an Alternative Dispute Resolution (ADR) mediation session conducted on December 20, 2011.

II

On December 7, 2010, the NRC Office of Investigations (OI) initiated an investigation (OI Case No. 3–2011–003) associated with Mr. Johnson's apparent violation of procedure requirements as an at-the-controls reactor operator at the Palisades Nuclear Plant, by removing himself from his watch standing responsibilities without proper turnover and approval from the Control Room Supervisor on October 23, 2010. Entergy Nuclear Operations, Inc. (Entergy) is the facility licensee for the Palisades Nuclear Plant.

Based on the results of the OI investigation, the NRC identified one apparent violation. The apparent violation involved Mr. Johnson, as an at-the-controls reactor operator, leaving the at-the-controls area of the Control Room without providing a turnover to a qualified individual and obtaining permission from the Control Room Supervisor. Mr. Johnson's actions were contrary to Palisades Technical Specification 5.4.1.a, as implemented
