

Participants who have a financial interest in the risk settings of Clearing Participants with whom the Clearing Participant has entered into a clearing Letter of Guarantee to better monitor and manage the potential risks assumed by Clearing Participants, thereby providing Clearing Participants with greater control and flexibility over setting their own risk tolerance and exposure and aiding Clearing Participants in complying with the Act. To the extent a Clearing Participant might reasonably require a Participant to provide access to its risk setting as a prerequisite to continuing to clear trades on the Participant's behalf, the Exchange's proposal to share those risk settings directly reduces the administrative burden on Participants and ensures that Clearing Participants are receiving information that is up to date and conforms to the settings active in the Exchange's trading system.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any competitive issues and does not pose an undue burden on non-Clearing Participants because, unlike Clearing Participants, non-Clearing Participants do not guarantee the execution of a Participant's transactions on the Exchange. The proposal is structured to offer the same enhancement to all Clearing Participants, regardless of size, and would not impose a competitive burden on any Participant. Any Participant that does not wish to share its designated risk settings with its Clearing Participant could avoid sharing such settings by becoming a Clearing Participant.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has

become effective pursuant to Section 19(b)(3)(A)(ii) [sic] of the Act¹¹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

[Release No. 34-74196; File No. SR-BOX-2015-07]

Self-Regulatory Organizations; BOX Options Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend IM-3120-2 to Rule 3120 To Extend the Pilot Program That Eliminated the Position Limits for Options on SPDR S&P 500 ETF

February 3, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 26, 2015, BOX Options Exchange LLC (the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend IM-3120-2 to Rule 3120 to extend the pilot program that eliminated the position limits for options on SPDR S&P 500 ETF

¹¹ 15 U.S.C. 78s(b)(3)(a)(ii).

¹² 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

(“SPY”) (“SPY Pilot Program”). The text of the proposed rule change is available from the principal office of the Exchange, at the Commission’s Public Reference Room and also on the Exchange’s Internet Web site at <http://boxexchange.com>.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend IM-3120-2 to Rule 3120 to extend the time period of the SPY Pilot Program,³ which is currently scheduled to expire on January 27, 2015, through July 12, 2015.

This filing does not propose any substantive changes to the SPY Pilot Program. In proposing to extend the SPY Pilot Program, the Exchange reaffirms its consideration of several factors that supported the original proposal of the SPY Pilot Program, including (1) the availability of economically equivalent products and their respective position limits, (2) the liquidity of the option and the underlying security, (3) the market capitalization of the underlying security and the related index, (4) the reporting of large positions and requirements surrounding margin, and (5) the potential for market on close volatility.

In the original proposal to establish the SPY Pilot Program, the Exchange stated that if it were to propose an extension, permanent approval or termination of the program, the Exchange would submit, along with any filing proposing such amendments to the program, a report providing an analysis of the SPY Pilot Program covering the first twelve (12) months during which the SPY Pilot Program

was in effect (the “Pilot Report”).⁴ Accordingly, the Exchange is submitting the Pilot Report detailing the Exchange’s experience with the SPY Pilot Program. The Pilot Report is attached as Exhibit 3 to this filing. The Exchange notes that it is unaware of any problems created by the SPY Pilot Program and does not foresee any as a result of the proposed extension. In extending the SPY Pilot Program, the Exchange states that if it were to propose another extension, permanent approval or termination of the program, the Exchange will submit another Pilot Report covering the period since the previous extension, which will be submitted at least 30 days before the end of the proposed extension.

2. Statutory Basis

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Act, in general, and Section 6(b)(5) of the Act, in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that extending the SPY Pilot Program promotes just and equitable principles of trade by permitting market participants, including market makers, institutional investors and retail investors, to establish greater positions when pursuing their investment goals and needs.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any aspect of competition, whether between the Exchange and its competitors, or among market participants. Instead, the proposed rule change is designed to allow the SPY Pilot Program to continue as other SROs have adopted similar provisions.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

⁴ See *supra* note 3.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁵ and Rule 19b-4(f)(6) thereunder.⁶

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁷ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)⁸ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange believes that waiving the 30-day operative delay is appropriate and will benefit market participants because immediate operability would allow the SPY Pilot Program to continue without interruption. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

⁵ 15 U.S.C. 78s(b)(3)(A).

⁶ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

⁷ 17 CFR 240.19b-4(f)(6).

⁸ 17 CFR 240.19b-4(f)(6)(iii).

⁹ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule’s impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. The proposed rule change was published for comment in the **Federal Register** on December 29, 2014.⁴ The Commission received no comments on the proposed rule change. This order approves the proposed rule change.

II. Description of the Proposal

The Exchange proposes to list and trade the Shares under BATS Rule 14.11(i), which governs the listing and trading of Managed Fund Shares on the Exchange. The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.

The Shares will be offered by the iShares U.S. ETF Trust (the "Trust"), a Delaware statutory trust. The Trust is registered with the Commission as an open-end investment company and has filed a registration statement on behalf of the Fund on Form N-1A ("Registration Statement") with the

Commission.⁵ BlackRock Fund Advisors is the investment adviser ("BFA" or "Adviser") to the Fund.⁶ State Street Bank and Trust Company is the administrator, custodian, and transfer agent for the Trust. BlackRock Investments, LLC serves as the distributor for the Trust. The Exchange represents that the Adviser is not a registered broker-dealer, but is affiliated with multiple broker-dealers and has implemented fire walls with respect to such broker-dealers regarding access to information concerning the composition and/or changes to the Fund's portfolio.⁷ The Exchange further represents that Adviser personnel who make decisions regarding the Fund's portfolio are subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the Fund's portfolio.⁸

The Exchange has made the following representations and statements regarding the Fund.⁹ The Fund will seek to maximize tax-free current income. Generally, the Fund's effective duration¹⁰ will be 1.2 years or less, and it is not expected to exceed 1.5 years.

To achieve its objective, the Fund will invest, under normal circumstances,¹¹

⁵ See Registration Statement on Form N-1A for the Trust, dated September 3, 2014 (File Nos. 333-179904 and 811-22649). See also Investment Company Act Release No. 29571 (January 24, 2011) (File No. 812-13601).

⁶ BFA is an indirect wholly owned subsidiary of BlackRock, Inc.

⁷ See Notice, *supra* note 4, at 78126.

⁸ See *id.*; see also BATS Rule 14.11(i)(7). The Exchange also represents that in the event that (a) the Adviser becomes registered as a broker-dealer or newly affiliated with another broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer, it will implement a fire wall with respect to its relevant personnel or such broker-dealer affiliate, as applicable, regarding access to information concerning the composition and/or changes to the portfolio, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio.

⁹ The Commission notes that additional information regarding the Trust, the Fund, and the Shares, investment strategies, risks, net asset value ("NAV") calculation, creation and redemption procedures, fees and expenses, portfolio holdings disclosure policies, distributions, and taxes, among other information, is included in the Notice and Registration Statement. See *supra* notes 4 and 5, respectively.

¹⁰ The Exchange states that effective duration is a measure of the Fund's price sensitivity to changes in yields or interest rates. See Notice, *supra* note 4, 79 FR at 78126, n.11.

¹¹ The term "under normal circumstances" includes, but is not limited to, the absence of adverse market, economic, political, or other conditions, including extreme volatility or trading halts in the financial markets; operational issues causing dissemination of inaccurate market information; or force majeure type events such as systems failure, natural or man-made disaster, act of God, armed conflict, act of terrorism, riot, or labor disruption, or any similar intervening circumstance.
