

**DEPARTMENT OF COMMERCE****International Trade Administration****[A-580-807]****Polyethylene Terephthalate Film Sheet and Strip from the Republic of Korea: Extension of Time Limit for Final Results of Changed Circumstances Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** February 6, 2008.

**FOR FURTHER INFORMATION CONTACT:** Michael Heaney or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4475 or (202) 482-0649, respectively.

**SUPPLEMENTARY INFORMATION:** On October 2, 2007, the Department of Commerce (the Department) published the preliminary results of the changed circumstances review in the antidumping duty order of polyethylene terephthalate film sheet and strip from the Republic of Korea. *See Polyethylene Terephthalate Film Sheet and Strip from the Republic of Korea: Preliminary Results of Changed Circumstances Review and Intent to Reinstate Kolon Industries, Inc. in the Antidumping Duty Order, (Preliminary Results)* 72 FR 56048 (October 2, 2007). The current deadline for the final results of this review is January 30, 2008.

**Extension of Time Limits for Final Results**

In our *Preliminary Results*, we indicated we would issue the final results of this changed circumstances review within 120 days after the date on which the preliminary results were published. However, it is not practicable to complete the review within this time period. Accordingly, pursuant to 19 CFR 351.302(b), we are extending the time limit by 60 days.

The Department finds that it is not practicable to complete this review within the original time frame. In order to evaluate fairly the issues raised by Petitioners (DuPont Teijin Films, Mitsubishi Polyester Film, Inc., SKC Inc., and Toray Plastics (America) Inc.) and Kolon Industries, Inc., in their respective case and rebuttal briefs, we are extending the time frame for completion of this review. These issues include the appropriate model matching procedures to employ in this changed circumstances review, and whether the

Department should employ investigation or administrative review methodologies in calculating dumping margins. Consequently, in accordance with 19 CFR 351.302(b), the Department is extending the time period for issuing the final results of review by 60 days. Therefore, the final results will be due no later than March 30, 2008. As March 30, 2008 falls on a Sunday, our final results will be issued no later than Monday March 31, 2008. This notice is published in accordance with section 771(i) of the Tariff Act, as amended.

Dated: January 30, 2008.

**Stephen J. Claeys,**

*Deputy Assistant Secretary for Import Administration.*

**DEPARTMENT OF COMMERCE****International Trade Administration****[A-570-832]****Pure Magnesium from the People's Republic of China: Extension of Time for the Preliminary Results of the Antidumping Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** February 6, 2008.

**FOR FURTHER INFORMATION CONTACT:** Hua Lu, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-6478.

**SUPPLEMENTARY INFORMATION:****Background**

On May 1, 2007, the Department of Commerce ("the Department") published in the **Federal Register** a notice for an opportunity to request an administrative review of the antidumping duty order on pure magnesium from the People's Republic of China ("PRC"). *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 72 FR 23796 (May 1, 2007). As a result of a request for a review and a one year deferral filed by Tianjin Magnesium International Co., Ltd. ("TMI") on May 30, 2007, and a request for a review filed by Shanxi Datuhe Coke & Chemicals Co., Ltd. ("Datuhe") on May 31, 2007, the Department published in the **Federal Register** a notice of initiation of an administrative review (*i.e.*, Datuhe)

and deferral of initiation of administration review with respect to TMI for the period May 1, 2006, through April 30, 2007. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews, Request for Revocation in Part and Deferral of Administrative Review*, 72 FR 35690 (June 29, 2007). Upon learning that the domestic interested party did not receive notice of TMI's request for a deferral, we extended the time period for the domestic interested party to object. The domestic interested party did object. Consequently, pursuant to 19 CFR 351.213 (c), we determined not to defer the review for TMI. *See memorandum to the file from Hua Lu, Case Analyst, through Robert Bolling, Granting Petitioner An Extension of Time to File An Objection to Respondent's Deferral Request*, dated September 26, 2007. The preliminary results of review are currently due no later than January 31, 2008.

**Extension of Time Limit of Preliminary Results.**

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("Act"), requires the Department to issue preliminary results within 245 days after the last day of the anniversary month of an order for which a review is requested and the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the 245-day time period to a maximum of 365 days. We determine that completion of the preliminary results of this review within the 245-day period is not practicable because the Department requires additional time to analyze information pertaining to the respondents' sales practices, factors of production, and to issue and review responses to supplemental questionnaires.

Because it is not practicable to complete this review within the time specified under the Act, we are extending the time period for issuing the preliminary results of review by 90 days until April 30, 2008, in accordance with section 751(a)(3)(A) of the Act. The final results continue to be due 120 days after the publication of the preliminary results.

This notice is published pursuant to sections 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: January 31, 2008.

**Stephen J. Claeys,**

Deputy Assistant Secretary for Import Administration.

#### Stainless Steel Sheet and Strip in Coils From Taiwan: Final Results and Rescission in Part of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On August 3, 2007, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on stainless steel sheet and strip in coils (SSSSC) from Taiwan (72 FR 43236). This review covers three producers/exporters of the subject merchandise to the United States. The period of review (POR) is July 1, 2005, through June 30, 2006. We are rescinding the review with respect to nine companies because these companies had no shipments of subject merchandise during the POR.

Based on our analysis of the comments received, we have made certain changes in the margin calculations. Therefore, the final results differ from the preliminary results. The final weighted-average dumping margins for the reviewed firms are listed below in the section entitled "Final Results of Review."

**EFFECTIVE DATE:** February 6, 2008.

#### FOR FURTHER INFORMATION CONTACT:

Elizabeth Eastwood, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC, 20230; telephone (202) 482-3874.

#### SUPPLEMENTARY INFORMATION:

##### Background

This review covers three producers/exporters. These companies are Chia Far Industrial Factory Co., Ltd. (Chia Far), PFP Taiwan Co., Ltd. (PFP Taiwan) and Yieh Trading Corp. (also known as Yieh Corp.).

On August 3, 2007, the Department published in the **Federal Register** the preliminary results of administrative review of the antidumping duty order on SSSSC from Taiwan. See *Stainless*

*Steel Sheet and Strip in Coils from Taiwan: Preliminary Results and Rescission in Part of Antidumping Duty Administrative Review*, 72 FR 43236 (Aug. 3, 2007) (*Preliminary Results*).

We invited parties to comment on our preliminary results of review. In September 2007, we received case and rebuttal briefs from the petitioners<sup>1</sup> (*i.e.*, Allegheny Ludlum Corporation, United Auto Workers Local 3303 (formerly Butler Armco Independent Union), United Steelworkers of America, AFL-CIO/CLC, and Zanesville Armco Independent Organization) and Chia Far, the sole respondent participating in this review.

The Department has conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

#### Scope of the Order

The products covered by the order are certain stainless steel sheet and strip in coils. Stainless steel is an alloy steel containing, by weight, 1.2 percent or less of carbon and 10.5 percent or more of chromium, with or without other elements. The subject sheet and strip is a flat-rolled product in coils that is greater than 9.5 mm in width and less than 4.75 mm in thickness, and that is annealed or otherwise heat treated and pickled or otherwise descaled. The subject sheet and strip may also be further processed (*e.g.*, cold-rolled, polished, aluminized, coated, etc.) provided that it maintains the specific dimensions of sheet and strip following such processing.

The merchandise subject to the order is classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheadings: 7219.13.00.31, 7219.13.00.51, 7219.13.00.71, 7219.13.00.81, 7219.14.00.30, 7219.14.00.65, 7219.14.00.90, 7219.32.00.05, 7219.32.00.20, 7219.32.00.25, 7219.32.00.35, 7219.32.00.36, 7219.32.00.38, 7219.32.00.42, 7219.32.00.44, 7219.33.00.05, 7219.33.00.20, 7219.33.00.25, 7219.33.00.35, 7219.33.00.36, 7219.33.00.38, 7219.33.00.42, 7219.33.00.44,

7219.34.00.05, 7219.34.00.20, 7219.34.00.25, 7219.34.00.30, 7219.34.00.35, 7219.35.00.05, 7219.35.00.15, 7219.35.00.30, 7219.35.00.35, 7219.90.00.10, 7219.90.00.20, 7219.90.00.25, 7219.90.00.60, 7219.90.00.80, 7220.12.10.00, 7220.12.50.00, 7220.20.10.10, 7220.20.10.15, 7220.20.10.60, 7220.20.10.80, 7220.20.60.05, 7220.20.60.10, 7220.20.60.15, 7220.20.60.60, 7220.20.60.80, 7220.20.70.05, 7220.20.70.10, 7220.20.70.15, 7220.20.70.60, 7220.20.70.80, 7220.20.80.00, 7220.20.90.30, 7220.20.90.60, 7220.90.00.10, 7220.90.00.15, 7220.90.00.60, and 7220.90.00.80. Although the HTSUS subheadings are provided for convenience and customs purposes, the Department's written description of the merchandise under the order is dispositive.

Excluded from the scope of the order are the following: (1) Sheet and strip that is not annealed or otherwise heat treated and pickled or otherwise descaled, (2) sheet and strip that is cut to length, (3) plate (*i.e.*, flat-rolled stainless steel products of a thickness of 4.75 mm or more), (4) flat wire (*i.e.*, cold-rolled sections, with a prepared edge, rectangular in shape, of a width of not more than 9.5 mm), and (5) razor blade steel. Razor blade steel is a flat-rolled product of stainless steel, not further worked than cold-rolled (cold-reduced), in coils, of a width of not more than 23 mm and a thickness of 0.266 mm or less, containing, by weight, 12.5 to 14.5 percent chromium, and certified at the time of entry to be used in the manufacture of razor blades. See Chapter 72 of the HTSUS, "Additional U.S. Note" 1(d).

Also excluded from the scope of the order are certain specialty stainless steel products described below. Flapper valve steel is defined as stainless steel strip in coils containing, by weight, between 0.37 and 0.43 percent carbon, between 1.15 and 1.35 percent molybdenum, and between 0.20 and 0.80 percent manganese. This steel also contains, by weight, phosphorus of 0.025 percent or less, silicon of between 0.20 and 0.50 percent, and sulfur of 0.020 percent or less. The product is manufactured by means of vacuum arc remelting, with inclusion controls for sulphide of no more than 0.04 percent and for oxide of no more than 0.05 percent. Flapper valve steel has a tensile strength of between 210 and 300 ksi, yield strength of between 170 and 270 ksi, plus or minus 8 ksi, and a hardness (Hv) of between 460 and 590. Flapper valve

<sup>1</sup> We note that, on October 16, 2007, we rejected the petitioners' case and rebuttal briefs because of the improper bracketing (*i.e.*, claims for treatment as business proprietary information) of public information. See the September 26, 2007, memorandum from Elizabeth Eastwood to the file entitled, "Conversation with Counsel for Chia Far Industrial Factory Co., Ltd., Regarding the Bracketing of Information Contained in the Petitioners' September 10, 2007, and September 17, 2007, Submissions in the Antidumping Duty Administrative Review on Stainless Steel Sheet and Strip in Coils from Taiwan." The petitioners resubmitted properly-bracketed versions of both their case and rebuttal briefs on October 18, 2007.
