

normally be renewed after the project period is completed. It is anticipated that at the end of the grant period, grantees will submit new grant applications to continue their research to the Department of Energy or other Federal funding agencies. For the Office of Science, these applications should follow the usual application process. Applications will be subjected to scientific merit review and will be evaluated against the following criteria, which are listed in descending order of importance as set forth in 10 CFR part 605:

1. Scientific and/or technical merit of the project;
2. Appropriateness of the proposed method or approach;
3. Competency of applicant's personnel and adequacy of proposed resources; and
4. Reasonableness and appropriateness of the proposed budget.

An additional review criteria will address educational aspects of the proposed work including the involvement of graduate and undergraduate students. These aspects should be discussed in the application.

General information about development and submission of applications, eligibility, limitations, evaluations and selection processes, and other policies and procedures are contained in the Application Guide for the Office of Science Financial Assistance Program and 10 CFR part 605 which is available on the World Wide Web at: <http://www.science.doe.gov/production/grants/grants.html>

The Catalog of Federal Domestic Assistance Number for this program is 81.049, and the solicitation control number is ERFAP 10 CFR Part 605.

Issued in Washington, DC on September 20, 2000.

DEPARTMENT OF ENERGY

Secretary of Energy Advisory Board; Notice of Open Teleconference Meeting

AGENCY: Department of Energy.

SUMMARY: This notice announces a open teleconference meeting of the Secretary of Energy Advisory Board's National Ignition Facility Laser System Task Force. The Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770), requires that agencies publish these notices in the **Federal Register** to allow

for public participation. The purpose of the teleconference is to discuss the draft final findings and recommendations of the National Ignition Facility Laser System Task Force. **Note:** Copies of the draft final report of the National Ignition Facility Laser System Task Force may be obtained from the following internet address <http://www.hr.doe.seab> or by contacting the Office of the Secretary of Energy Advisory Board at (202) 586-7092.

NAME: Secretary of Energy Advisory Board—National Ignition Facility Laser System Task Force.

DATES: Thursday, October 19, 2000, 1:30 p.m.—3 p.m., Eastern Time.

ADDRESSES: Participants may call the Office of the Secretary of Energy Advisory Board at (202) 586-7092 to reserve a teleconference line and receive a call-in number. Public participation is welcomed. However, the number of teleconference lines are limited and are available on a first come basis.

FOR FURTHER INFORMATION CONTACT:

Mary Louise Wagner, Executive Director, or Richard Burrow, Deputy Director, Secretary of Energy Advisory Board (AB-1), U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585, (202) 586-7092 or (202) 586-6279 (fax).

SUPPLEMENTARY INFORMATION: The purpose of the NIF Task Force is to provide independent external advice and recommendations to the Secretary of Energy Advisory Board on the options to complete the National Ignition Facility (NIF) Project; to recommend the best technical course of action; and to review and assess the risks of successfully completing the NIF Project. The NIF Task Force will focus on the engineering and management aspects of the proposed method for accomplishing the assembly and installation of the NIF laser system. The Task Force's review will cover the full scope of assembly and installation and the ability, within the proposed approach, to achieve the cleanliness requirements established for the operation of the laser. The review will also address: (1) The engineering viability of the proposed assembly and activation method; (2) the assembly and installation cleanliness protocols; (3) the management structure; and (4) the adequacy of the cost estimating methodology.
