

the FAA amends 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by adding the following new airworthiness directive:

2022–07–03 Bell Textron Inc.: Amendment 39–21990; Docket No. FAA–2021–0713; Project Identifier AD–2021–00180–R.

(a) Effective Date

This airworthiness directive (AD) is effective April 27, 2022.

(b) Affected ADs

None.

(c) Applicability

This AD applies to Bell Textron Inc., Model 412, 412EP, and 412CF helicopters, certificated in any category.

(d) Subject

Joint Aircraft System Component (JASC) Code: 2700, Flight Control System.

(e) Unsafe Condition

This AD was prompted by evaluation results showing flight loads that impact the collective lever fatigue life on helicopters with a BLR Aerospace Strake and FastFin (Strake and FF) system installed. The FAA is issuing this AD to prevent fatigue damage and cracking, which could result in failure of the collective lever and subsequent loss of control of the helicopter.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Required Actions

(1) Within 50 hours time-in-service (TIS) after the effective date of this AD:

(i) For helicopters with a Strake and FF system part number (P/N) 412–705–040–101 installed since initial delivery from the manufacturer, add a permanent penalty of 5,000 hours TIS to the total hours TIS indicated on the component history card or equivalent record for the collective lever P/N 412–010–408–101.

Note 1 to paragraph (g)(1)(i): Bell Helicopter service information identifies helicopters with serial numbers 36570, 36579, 36587, and 36593 through 36602 inclusive, as being originally delivered with a Strake and FF system installed and needing the flight hour (hours TIS) penalty on collective lever P/N 412–010–408–101 applied.

(ii) For helicopters with Strake and FF system P/N 412–705–040–101 installed after delivery from the manufacturer, calculate the TIS penalty for collective lever P/N 412–010–408–101 by accomplishing the following:

(A) Verify the component history card or equivalent record of the collective lever and note the total hours TIS.

(B) Determine the remaining hours TIS by subtracting the total hours TIS of the collective lever from its life limit of 10,000 total hours TIS.

(C) Divide the remaining time by 2 and add that number to the existing total hours TIS. This is the new total TIS after being penalized.

(D) Enter the new total TIS after being penalized from paragraph (g)(1)(ii)(C) of this AD to the component history record or equivalent record for the collective lever.

(2) Before further flight, remove from service any collective lever P/N 412–010–408–101 that has reached or exceeded its life limit of 10,000 total hours TIS. Thereafter, remove from service each collective lever P/N 412–010–408–101 on or before reaching its life limit of 10,000 total hours TIS.

(3) As of the effective date of this AD, do not install a new (zero total hours TIS) collective lever P/N 412–010–408–101 on any helicopter with Strake and FF system P/N 412–705–040–101 installed unless a penalty of 5,000 hours TIS has been added to the total hours TIS on its component history card or equivalent record.

(4) As of the effective date of this AD, do not install a used collective lever P/N 412–010–408–101 on any helicopter with Strake and FF system P/N 412–705–040–101 installed unless a penalty is calculated by accomplishing the actions required in paragraph (g)(1)(ii) of this AD.

(h) Special Flight Permits

Special flight permits are prohibited.

(i) Alternative Methods of Compliance (AMOCs)

(1) The Manager, DSCO Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the certification office, send it to the attention of the person identified in paragraph (j) of this AD. Information may be emailed to: 9-ASW-190-COS@faa.gov.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(j) Related Information

For more information about this AD, contact Hye Yoon Jang, Aerospace Engineer, Delegation Oversight Section, DSCO Branch, Compliance & Airworthiness Division, FAA, 10101 Hillwood Pkwy., Fort Worth, TX 76177; telephone (817) 222–5190; email hye.yoon.jang@faa.gov.

(k) Material Incorporated by Reference

None.

Issued on March 16, 2022.

Derek Morgan,

Acting Director, Compliance & Airworthiness Division, Aircraft Certification Service.

BILLING CODE 4910–13–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

18 CFR Part 157

[Docket No. RM81–19–000]

Natural Gas Pipelines; Project Cost and Annual Limits

AGENCY: Federal Energy Regulatory Commission, Energy.

ACTION: Final rule.

SUMMARY: Pursuant to the authority delegated by the Commission's regulations, the Director of the Office of Energy Projects (OEP) computes and publishes the project cost and annual limits for natural gas pipelines blanket construction certificates for each calendar year.

DATES: This final rule is effective March 23, 2022 and establishes cost limits applicable from January 1, 2022 through December 31, 2022.

FOR FURTHER INFORMATION CONTACT: Richard W. Foley, Chief, Certificates Branch 1, Division of Pipeline Certificates, (202) 502–8955.

SUPPLEMENTARY INFORMATION: Section 157.208(d) of the Commission's Regulations provides for project cost limits applicable to construction, acquisition, operation and miscellaneous rearrangement of facilities (Table I) authorized under the blanket certificate procedure (Order No. 234, 19 FERC ¶ 61,216). Section 157.215(a) specifies the calendar year dollar limit which may be expended on underground storage testing and development (Table II) authorized under the blanket certificate. Section 157.208(d) requires that the “limits specified in Tables I and II shall be adjusted each calendar year to reflect the ‘GDP implicit price deflator’ published by the Department of Commerce for the previous calendar year.”

Pursuant to § 375.308(x)(1) of the Commission's Regulations, the authority for the publication of such cost limits, as adjusted for inflation, is delegated to the Director of the Office of Energy Projects. The cost limits for calendar year 2022, as published in Table I of

§ 157.208(d) and Table II of § 157.215(a), are hereby issued.

Effective Date

This final rule is effective March 23, 2022. The provisions of 5 U.S.C. 804 regarding Congressional review of Final Rules does not apply to the Final Rule because the rule concerns agency procedure and practice and will not substantially affect the rights or obligations of non-agency parties. The Final Rule merely updates amounts published in the Code of Federal Regulations to reflect the Department of Commerce's latest annual determination of the Gross Domestic Product (GDP) implicit price deflator, a mathematical updating required by the Commission's existing regulations.

List of Subjects in 18 CFR Part 157

Administrative practice and procedure, Natural gas, Reporting and recordkeeping requirements.

Issued: March 15, 2022.

Terry L. Turpin,

Director, Office of Energy Projects.

Accordingly, 18 CFR part 157 is amended as follows:

PART 157—APPLICATIONS FOR CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY AND FOR ORDERS PERMITTING AND APPROVING ABANDONMENT UNDER SECTION 7 OF THE NATURAL GAS ACT

■ 1. The authority citation for part 157 continues to read as follows:

Authority: 15 U.S.C. 717–717w, 3301–3432; 42 U.S.C. 7101–7352.

■ 2. In § 157.208(d), revise Table I to read as follows:

§ 157.208 Construction, acquisition, operation, replacement, and miscellaneous rearrangement of facilities.

BILLING CODE 6717–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

21 CFR Part 4

[Docket No. FDA–2022–D–0192]

Certain Ophthalmic Products: Policy Regarding Compliance With 21 CFR Part 4; Guidance for Industry; Availability

AGENCY: Food and Drug Administration, HHS.

ACTION: Notification of availability.

SUMMARY: The Food and Drug Administration (FDA, Agency, or we) is announcing the availability of a final guidance for industry entitled “Certain Ophthalmic Products: Policy Regarding Compliance With 21 CFR part 4.” This guidance describes FDA’s compliance policy with respect to the requirements of FDA regulations that are now applicable to ophthalmic drugs that are packaged with eye cups, eye droppers, and other dispensers intended for ophthalmic use.

DATES: The announcement of the guidance is published in the **Federal Register** on March 23, 2022.

ADDRESSES: You may submit either electronic or written comments on Agency guidances at any time as follows:
