

Statement, posted on the DOE website at: www.energy.gov/sites/default/files/2022-12/PALNG%20-%20Statement%20of%20Change%20in%20Control%2012.21.2022.pdf.

DOE Evaluation

DOE will review the Statement in accordance with its Procedures for Changes in Control Affecting Applications and Authorizations to Import or Export Natural Gas (CIC Procedures).¹ Consistent with the CIC Procedures, this notice addresses PALNG's existing authorization to export liquefied natural gas (LNG) to non-free trade agreement (non-FTA) countries, granted in DOE/FE Order No. 4372, as amended.² If no interested person protests the change in control and DOE takes no action on its own motion, the proposed change in control will be deemed granted 30 days after publication in the **Federal Register**. If one or more protests are submitted, DOE will review any motions to intervene, protests, and answers, and will issue a determination as to whether the proposed change in control has been demonstrated to render the underlying authorizations inconsistent with the public interest.

Public Comment Procedures

Interested persons will be provided 15 days from the date of publication of this notice in the **Federal Register** to move to intervene, protest, and answer PALNG's Statement.³ Protests, motions to intervene, notices of intervention, and written comments are invited in response to this notice only as to the change in control described in the Statement. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by DOE's regulations in 10 CFR part 590, including the service requirements.

As noted, DOE is only accepting electronic submissions at this time. Please email the filing to fergas@hq.doe.gov. All filings must include a reference to "Docket No. 15-96-LNG" in the title line, or "Port Arthur LNG, LLC Change in Control" in the title line.

Please Note: Please include all related documents and attachments (e.g., exhibits) in the original email

correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner.

The Statement, and any filed protests, motions to intervene, notices of intervention, and comments will be available electronically on the DOE website at: www.energy.gov/fecm/regulation.

Signed in Washington, DC, on January 22, 2023.
